SALEM'S LOT

Salem Press
The Stephen King
Companion is an
authoritative look at
horror author King's
personal life and
professional career,
from Carrie to The
Bazaar of Bad Dreams.
King expert George
Beahm, who has
published extensively
about Maine's main
author, is your
seasoned guide to the
imaginative world of
Stephen King, covering
his varied and
prodigious output:
juvenalia, short fiction,
limited edition books,
bestselling novels, and
film adaptations. The
book is also profusely
illustrated with nearly
200 photos, color
illustrations by
celebrated "Dark

Tower" artist Michael Whelan, and black-and-white drawings by Maine artist Glenn Chadbourne. Supplemented with interviews with friends, colleagues, and mentors who knew King well, this book looks at his formative years in Durham, when he began writing fiction as a young teen, his college years in the turbulent sixties, his struggles with early poverty, working full-time as an English teacher while writing part-time, the long road to the publication of his first novel, *Carrie*, and the dozens of bestselling books and major screen adaptations that followed. For fans old and new, *The Stephen King Companion* is a comprehensive look at America's best-loved

bogeyman.

Tobe Hooper's Salem's Lot
Pickle Partners Publishing

This volume brings together a variety of perspectives on King's contribution to American literature and popular culture. New essays discuss King's attempts to straddle the gap between popular fiction and serious literature and the inspiration of Robert Browning and T.S. Eliot in King's *Dark Tower* series.

Previously published essays explore the tensions between fantasy and reality across King's work, his link to American gothic and romance traditions, and his fortunes among book reviewers, academics, and his peers and readers.

Stephen King [Three

Novels] Salem Press
 Stephen King's popularity lies in his ability to reinterpret the standard Gothic tale in new and exciting ways. Through his eyes, the conventional becomes unconventional and wonderful. King thus creates his own Gothic world and then interprets it for us. This book analyzes King's interpretations and his mastery of popular literature. The essays discuss adolescent revolt, the artist as survivor, the vampire in popular literature, and much more.

The Stephen King Companion Macmillan
 The new edition of *Critical Survey of American Literature*, previously published as *Magill's Survey of American Literature* in 2006, offers detailed

profiles of major American authors of fiction, drama, and poetry, each with sections on biography, general analysis, and analysis of the author's most important works.

THE STEPHEN KING UNIVERSE

Macmillan
 A collection of essays relating to the life and writings of Stephen King.

Best Horror 2021 Pick

Longlisted for the Bram

Stoker Awards for

Superior Achievement

in a Novel, 2021 From

the Bram Stoker-

nominated author of

The Luminous Dead comes a gothic fantasy horror—The Death of Jane Lawrence. "A jewel box of a Gothic novel." —New York Times Book Review "Delicious.... By the time the book reached that point of no return, I was so invested that I would have followed Jane into the very depths of hell."

—NPR.org "Intense and amazing! It's like Jonathan Strange and Mr. Norrell meets Mexican Gothic meets Crimson Peak."

—BookRiot Practical, unassuming Jane Shoringfield has done the calculations, and decided that the most secure path forward is this: a husband, in a marriage of convenience, who will allow her to remain independent and occupied with

meaningful work. Her first choice, the dashing but reclusive doctor Augustine Lawrence, agrees to her proposal with only one condition: that she must never visit Lindridge Hall, his crumbling family manor outside of town. Yet on their wedding night, an accident strands her at his door in a pitch-black rainstorm, and she finds him changed. Gone is the bold, courageous surgeon, and in his place is a terrified, paranoid man—one who cannot tell reality from nightmare, and fears Jane is an apparition, come to haunt him. By morning, Augustine is himself again, but Jane knows something is deeply wrong at Lindridge Hall, and with the man she has so

hastily bound her safety to. Set in a dark-mirror version of post-war England, Caitlin Starling crafts a new kind of gothic horror from the bones of the beloved canon. This Crimson Peak-inspired story assembles, then upends, every expectation set in place by Shirley Jackson and Rebecca, and will leave readers shaken, desperate to begin again as soon as they are finished.

The Stand (Movie Tie-in Edition) Salem Press
Published in January 2010, Critical Survey of long Fiction, Fourth Edition profiles the lives, achievements, and important works of major writers of long fiction. The writers covered in the set represent more than 60 countries and their works date from the

tenth century B.C.E to the present. All essays include a complete biography of the writer, a list of achievements and other literary forms, and an analysis of several of the writer's major works. This volume contains selected articles from this very popular and well-reviewed set. The articles and topics were carefully chosen by our editors to provide as much information as possible about the selected topic. One for the Road
 Anchor
 Stephen King's
 legendary debut, the
 bestselling smash hit
 that put him on the
 map as one of
 America's favorite

writers "Gory and
 horrifying. . . . You
 can't put it down."
 —Chicago Tribune
 Unpopular at school
 and subjected to her
 mother's religious
 fanaticism at home,
 Carrie White does not
 have it easy. But while
 she may be picked on
 by her classmates, she
 has a gift she's kept
 secret since she was a
 little girl: she can move
 things with her mind.
 Doors lock. Candles
 fall. Her ability has
 been both a power and
 a problem. And when
 she finds herself the
 recipient of a sudden
 act of kindness, Carrie
 feels like she's finally
 been given a chance to
 be normal. She hopes
 that the nightmare of
 her classmates' vicious
 taunts is over . . . but
 an unexpected and
 cruel prank turns her
 gift into a weapon of

horror so destructive that the town may never recover.

DONOVAN'S BRAIN

Stephen King This volume brings together a variety of perspectives on King's contribution to American literature and popular culture. New essays discuss King's attempts to straddle the gap between popular fiction and serious literature and the inspiration of Robert Browning and T.S. Eliot in King's Dark Tower series. Previously published essays explore the tensions between fantasy and reality across King's work, his link to American gothic and romance traditions, and his fortunes among book reviewers, academics, and his peers and

readers. 'Salem's Lot Since the 1970s, the name Stephen King has been synonymous with horror. His vast number of books has spawned a similar number of feature films and TV shows, and together they offer a rich opportunity to consider how one writer's work has been adapted over a long period within a single genre and across a variety of media—and what that can tell us about King, about adaptation, and about film and TV horror. Starting from the premise that King has transcended ideas of authorship to become his own literary, cinematic, and televisual brand, Screening Stephen King explores the impact and legacy of over forty years of King

film and television adaptations. Simon Brown first examines the reasons for King's literary success and then, starting with Brian De Palma's *Carrie*, explores how King's themes and style have been adapted for the big and small screens. He looks at mainstream multiplex horror adaptations from *Cujo* to *Cell*, low-budget DVD horror films such as *The Mangler* and *Children of the Corn* franchises, non-horror films, including *Stand by Me* and *The Shawshank Redemption*, and TV works from *Salem's Lot* to *Under the Dome*. Through this discussion, Brown identifies what a Stephen King film or series is or has been, how these works have

influenced film and TV horror, and what these influences reveal about the shifting preoccupations and industrial contexts of the post-1960s horror genre in film and TV. [American Road Literature Anchor](#)
The freedom to go anywhere and become anyone has profoundly shaped our national psyche. Transforming our sense of place and identity--whether in terms of social and economic status, or race and ethnicity, or gender and sexuality—American mobility is perhaps nowhere more vividly captured than in the image of the open road. From pioneer trails to the latest car commercial, the road looms large as a form of expansiveness and opportunity. Too often

it is the celebratory idea of the road as a free-floating zone moving the traveler beyond the typical concerns of space and time that dominates the discussion. Rather than thinking of mobility as an escape from cultural tensions, however, Ann Brigham proposes that we understand mobility as a mode of engagement with them. She explores the genre of road narratives to show how mobility both thrives on and attempts to manage shifting conflicts about space and society in the United States. From the earliest transcontinental automobile narratives from the 1910s, through classics like Jack Kerouac's *On the Road* and the film *Thelma & Louise*, up to

post-9/11 narratives, Brigham traces the ways in which mobility has been imagined, created, and interrogated over the past century and shows how mobility promises, and threatens, to incorporate the outsider and to blur boundaries. Bringing together textual and cultural analysis, theories of spatiality, and sociohistorical frameworks, this book offers an invigoratingly different view of mobility and a new understanding of the road narrative's importance in American culture. Choice Outstanding Academic Title from American Library Association
Carrie Popular Press
Stephen King is a unique and powerful

writer without equal for millions of horror fans. His incredible narrative drive ensnares the reader in a web of everyday surroundings, believable situations and recognizable characters that are eventually caught up in a terrifying noose of monumental evil. Three of King's earlier classics are here together in one volume, complete and unabridged and chilling: the explosive adolescent powers of *Carried*; the slow, insidious corruption of a small American town by a terrorizing vampire; and the malicious machinations of the Overlook Hotel and the gift of the "shine."

THE AMERICAN THRILLER

Bloomsbury Publishing

USA
This anthology collects representative critical essays, reviews, and commentary from the author himself about his body of work. King's life, his development as a writer, his literary influences, and important themes and motifs in his fiction are considered from a variety of perspectives, including feminist theory, sociological criticism, and the traditions of Gothic horror.

THE DEATH OF JANE LAWRENCE

Greenhaven Press, Incorporated
Stephen King's first collection of short stories, originally published in 1978, showcases the darkest depths of his brilliant imagination and will "chill the cockles of

many a heart" (Chicago Tribune). Night Shift is the inspiration for over a dozen acclaimed horror movies and television series, including Children of the Corn, Chapelwaite, and Lawnmower Man. Here we see mutated rats gone bad ("Graveyard Shift"); a cataclysmic virus that threatens humanity ("Night Surf," the basis for The Stand); a possessed, evil lawnmower ("The Lawnmower Man"); unsettling children from the heartland ("Children of the Corn"); a smoker who will try anything to stop ("Quitters, Inc."); a reclusive alcoholic who begins a gruesome transformation ("Gray Matter"); and many more shadows and visions that will haunt

you long after the last page is turned.

STEPHEN KING FROM A TO Z

Simon and Schuster
Each chapter deals with one novel and includes sections on plot and narrative structure, character development, and thematic concerns. Russell also draws comparisons to other novels in King's canon. She shows how King uses horror, science fiction, and suspense to explore human relationships, how he expands traditional approaches to the genre by combining elements of the various genres in his fiction, and how he has continued to grow as an artist throughout his career.

Critical Survey of Long Fiction

University of Texas Press
 #1 BESTSELLER • Ben Mears has returned to Jerusalem's Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work. In fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England

town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.

Stephen King Wings
 The SF classic novel of the terror that lurked in DONOVAN'S BRAIN. DEAD...Doomed by disease, then mangled in a plane crash, there was no doubt that Donovan was dead. YET...floating in a tank of nutrient, linked to complex apparatus, Donovan's brain still lived...

ALIVE...someone walked with Donovan's gait, wrote his signature, knew his foulest secrets—and

carried out his last,
weirdest plan!

“Donovan’s Brain is
terrific!”—THE NEW
