Scroll Saw for the First Time Fox Chapel Publishing Company Incorporated

20 Multilayered Scroll saw projects; ready-to-cut Patterns. Imagine how you would feel after creating beautiful art to decorate your home! Imagine the look in the eyes of your beloved ones when they see the art you made! With the help of the ready-to-cut templates in this book, you can create multilayered art or lighted shadow boxes. Some projects might be easy to do but most projects will be very challenging. Please, note that the book is Not a teaching book. There are NO tutorials; NO detailed instructions on the scroll saw operations or any tools. There are NO tips or tricks on choosing wood or blades. There are NO recommendation or how-to of any techniques. There are NO tools included. It is purely printed paper patterns to make

multilayered art using a scroll saw. How to use the patterns in this book? The patterns are ready to use with single side printed pages so you can easily cut out the page and paste it on a suitable piece of wood. The project layers are from 3 layers to 7 layers. The size ranges from 7.5 x 7.5 inches (19x19 cm) to 7.25 x10 inches (18.41x 25.4 cm) Of course, you can photocopy, scale and alter the patterns according to your convenience. Some patterns have details that might be challenging to cut on a smaller scale, so we recommend using paint to add the tiny details. Some projects might be easy to do but most projects will be very challenging. The outcome of the project will depend on your choice of materials and how far can you challenge your creativity and skills. There are two options for the end product; The first option cut out all the layers and glue them directly on top of each other to create a 3d layered in-depth art. Second option build a shadow box frame with spaced grooves in the frame walls. The cutout layers or panels can then be fitted inside the grooves of the frame. A light String might be added inside the frame to create a lighted shadow box. There are very few and basic general instruction on how to build a frame inside the book, and few general tips that you probably knew. Features The book is large size with printed softcover, and paperback binding. The templates are printed on a single side to allow the use of the patterns. The size of the patterns ranges from 7.5 x 7.5 inches (19x19 cm) to 7.25 x10 inches (18.41x 25.4 cm) Please kindly note that the pages are not perforated, and tools are not included. Please note that the book has only patterns, no tutorials, no detailed instructions, no tips on choosing wood or blades. Ready-to-cut Patterns of 20 Multilayered Scroll saw

INTARSIA BIRDS

The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and

suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone.
