Scholastic Inc.

A book of poetic essays written in English, Kahlil Gibran's *The Prophet* is full of religious inspirations. With the twelve illustrations drawn by the author himself, the book took more than eleven years to be formulated and perfected and is Gibran's best-known work. It represents the height of his literary career as he came to be noted as 'the Bard of Washington Street.' Captivating and vivified with feeling, *The Prophet* has been translated into forty languages throughout the world, and is considered the most widely read book of the twentieth century. Its first edition of 1300 copies sold out within a month.

## CHARITY AND GIVING IN MONOTHEISTIC RELIGIONS

Penguin

In *Varieties of Muslim Experience*, anthropologist Lawrence Rosen explores aspects of Arab Muslim life that are, at first glance, perplexing to Westerners. He ranges over such diverse topics as why Arabs eschew portraiture, why a Muslim scientist might be attracted to fundamentalism, and why the Prophet must be protected from blasphemous cartoons. What connects these seemingly disparate features of Arab social, political, and cultural life? Rosen argues that the common thread is the importance Arabs place on the negotiation of interpersonal relationships—a link that helps to explain actions as seemingly unfathomable as suicide bombing and as elusive as Quranic interpretation. Written with eloquence and a deep knowledge of the entire spectrum of Muslim experience, Rosen's book will interest not only anthropologists and Islamicists but anyone invested in better understanding the Arab world.

Every once in a while a book comes along that can change your life—a book so special, it is destined not just to be read but to be cherished, to be passed from one reader to another as a precious gift. Filled with wisdom and grace, tears and laughter, Hannah's Gift is one such book. Within these pages Maria Housden shares the transformative lessons in living she received from her three-year-old daughter Hannah, who brought courage, honesty, and joy to her struggle with cancer. During the last year of her short life, Hannah was fearless in the way she faced death—and irrepressibly joyful in the way she approached living. The little girl who wore her favorite red Mary Janes into the operating room changed the life of everyone who came in contact with her. Now, in a book that preserves Hannah's indomitable spirit, Maria Housden offers the gift of her daughter's last year to all of us. In a lyrically told narrative, both moving and unforgettable, Housden recounts Hannah's battle with cancer in

simple, straightforward language that transcends grief and fear to become a celebration. From Hannah's story emerge five profound lessons—of truth, joy, faith, compassion, and wonder—that have the power to change our lives. During her illness Hannah showed how we can truly live in the moment and break free from lives suffocated by too many un-lived joys. Even more memorable is the message Hannah delivered after her death to those she loved—a message of hope for anyone faced with the deepest questions of life and death. Hannah's Gift nourishes the soul with an ageless wisdom all the more invaluable for having come from someone so young. A remarkable story, remarkably told, it will bring comfort to anyone touched by loss, and renewed faith in the power of love. Closing her eyes and extending her arms, Hannah began to dance. Oblivious to everything but the shoes on her feet, she skipped and clicked across the floor, twirling in circles, faster and faster. There was something about her pure joy and the defiant nobility of the red shoes that caught everyone's attention.... The true measure of a life is not its length but the fullness with which it is lived

From one of the most prominent intellectuals in the Muslim world comes a timely new introduction to one of the world's most practiced—and most misunderstood—religions. In frank, unapologetic language, Tariq Ramadan walks readers through Islam and its principles, rituals, diversity, and evolution. Ramadan, known for his efforts to reform and change the understanding of Islam in the West, avoids ideology and idealism, instead attempting to depict the true meaning of Islam for readers who have no previous experience with the religion. The book is therefore focused on defining the basic principles of Islam and offering an overview of the faith's history: from its beginnings in prophetic mission, to the Sunni-Shi'a schism, to the formation of distinct schools of law, theology,

philosophy, and mysticism. Perhaps the most misinterpreted aspect of Islam, shariah, literally translated as "the way that leads to a source of water," receives an entire chapter of attention. Ramadan explains the ways in which shariah has been reduced by fundamentalism to a mere criminal code and expands upon its place in the larger Islamic worldview. He then confronts some of the most pressing issues facing Muslims today, including gender equality, religious diversity, and violence. Both sensitive and accessible, *Introduction to Islam* is a much-needed guide to understanding the role of Islam in the modern world.

**Introduction to Islam** Dr. Mamta Trichal  
All praise is due to Allah Ta'ala, The Supreme Master of all the worlds.  
Countless Durood and Salaam be upon our beloved Nabi, Sayyidina Muhammad (PBUH). We have been taught by Rasulullah (PBUH) to recite duas at different occasions of our life. From the time we awaken till the time we go to sleep we have been taught to recite these duas. In this manner our entire day passes in the remembrance of Allah Ta'ala. It is mentioned in the Hadith that Rasulullah (PBUH) used to remember Allah Ta'ala at all times. A great amount of the constant remembrance was by means of the recitation of the duas for the various occasions. The recitation of these duas also strengthens our bond with Allah Ta'ala and increases the love for our Creator in our hearts. Parents need to play the very important role of constantly encouraging and reminding their children to recite the duas at the appropriate time. Thus when the child is woken up in the morning, before he enters the toilet and after he leaves, before and after eating and at all other occasions, the parents should remind the child to recite the dua. In this way it will become a part of their lives and the purpose of teaching these duas will be achieved, Insha Allah.

Why are so few people talking about the eruption of sexual violence and harassment in Europe's cities? No one in a

position of power wants to admit that the problem is linked to the arrival of several million migrants—most of them young men—from Muslim-majority countries. In *Prey*, the best-selling author of *Infidel*, Ayaan Hirsi Ali, presents startling statistics, criminal cases and personal testimony. Among these facts: In 2014, sexual violence in Western Europe surged following a period of stability. In 2018 Germany, "offences against sexual self-determination" rose 36 percent from their 2014 rate; nearly two-fifths of the suspects were non-German. In Austria in 2017, asylum-seekers were suspects in 11 percent of all reported rapes and sexual harassment cases, despite making up less than 1 percent of the total population. This violence isn't a figment of alt-right propaganda, Hirsi Ali insists, even if neo-Nazis exaggerate it. It's a real problem that Europe—and the world—cannot continue to ignore. She explains why so many young Muslim men who arrive in Europe engage in sexual harassment and violence, tracing the roots of sexual violence in the Muslim world from institutionalized polygamy to the lack of legal and religious protections for women. A refugee herself, Hirsi Ali is not against immigration. As a child in Somalia, she suffered female genital mutilation; as a young girl in Saudi Arabia, she was made to feel acutely aware of her own vulnerability. Immigration, she argues, requires integration and assimilation. She wants Europeans to reform their broken system—and for Americans to learn from European mistakes. If this doesn't happen, the calls to exclude new Muslim migrants from Western countries will only grow louder. Deeply researched and featuring fresh and often shocking revelations, *Prey* uncovers a sexual assault and harassment crisis in Europe that is turning the clock on women's rights much further back than the #MeToo movement is advancing it.

### **WHAT EVERYONE SHOULD KNOW ABOUT ISLAM AND MUSLIMS**

Nelson Thornes

Since the events of September 11, 2001, students and people everywhere are filled with questions about Islam. What do Muslims believe? Who is Osama bin Laden? What is a jihad? Even though Islam is a major religion with more than one billion followers worldwide and more than six million in the United States alone, there is still uncertainty and misunderstanding about the ideas, tenets, and practice of Islam. Understanding Islam and the people who believe in it has become crucially important in the greater world. *The Islamic World: Past and Present*

is the ideal source for fostering understanding and answering questions. John Esposito's acclaimed four-volume *The Encyclopedia of the Modern Islamic World* (1995) set the standard in references on Islam. Adapted from this award-winning set, *The Islamic World: Past and Present* brings all the scholarship and information of the original to general readers and college and high school students. In addition to the more approachable language and user-friendly page layout, this reference covers events and changes of the last eight years. It also includes entirely new entries to provide coverage of the pre-modern world of Islam. Containing more than 300 articles, it provides an excellent, comprehensive resource for gaining understanding into a belief system that seems mysterious and incomprehensible to many.

This book is an abridgment of my earlier work entitled, *Adh-Dhikr wad-Du'a wal-'Ilaj bir-Ruqyah mina'-Kitab was-Sunnah*. In order to make it small and easily portable, I have chosen only the section on words of remembrance for this abridgment. To achieve this, I only mentioned the text of the words of remembrance instead of the entire Hadith. I also limited myself to mentioning only one or two references from the original book for each Hadith. Whoever would like to know about the Companion who related a particular Hadith, or more information about where it is recorded, should refer to the original work (mentioned above). I ask Allah the Glorious, the Mighty, by His beautiful Names and by His sublime Attributes to accept this as having been done sincerely for His sake alone. I ask Him to bring me its benefits during my lifetime and after my death. May those who read it, those who print it, or have had any role in distributing it, benefit from it also. Surely He, glory be unto Him, is Capable of all things. May the peace and blessings of Allah be upon our Prophet, Muhammad, and upon his family and Companions and whoever follows them in piety until the Day of Judgment. Said bin Ali bin Wahaf Al-Qahtani, Safar, 1409

A remarkable story about the power of tolerance from one of the most important voices in contemporary Muslim literature, critically acclaimed author Randa Abdel-Fattah. His parents drag him to rallies held by their anti-immigrant group, which rails against the tide of refugees flooding the country. And it all makes sense to Michael. Until Mina, a beautiful girl

from the other side of the protest lines, shows up at his school, and turns out to be funny, smart -- and a Muslim refugee from Afghanistan. Suddenly, his parents' politics seem much more complicated. Mina has had a long and dangerous journey fleeing her besieged home in Afghanistan, and now faces a frigid reception at her new prep school, where she is on scholarship. As tensions rise, lines are drawn. Michael has to decide where he stands. Mina has to protect herself and her family. Both have to choose what they want their world to look like.

The Muslim world has often been accused of a failure to modernise and adapt. Yet in this sweeping narrative and provocative retelling of modern history, Christopher de Bellaigue charts the forgotten story of the Islamic Enlightenment - the social movements, reforms and revolutions that transfigured the Middle East from the early nineteenth century to the present day. Modern ideals and practices were embraced across the region, including the adoption of modern medicine, the emergence of women from purdah and the development of democracy. The Islamic Enlightenment looks behind the sensationalist headlines in order to foster a genuine understanding of Islam and its relationship to the West. It is essential reading for anyone engaged in the state of the world today.

The fascinating story of Queen Elizabeth's secret outreach to the Muslim world, which set England on the path to empire, by The New York Times bestselling author of *A History of the World in Twelve Maps* We think of England as a great power whose empire once stretched from India to the Americas, but when Elizabeth Tudor was crowned Queen, it was just a tiny and rebellious Protestant island on the fringes of Europe, confronting the combined power of the papacy and of Catholic Spain. Broke and under siege, the young queen sought to build new alliances with the great powers of the Muslim world. She sent an emissary to the Shah of Iran, wooed the king of Morocco, and entered into an unprecedented alliance with the Ottoman Sultan Murad III, with whom she shared a lively correspondence. The Sultan and the Queen tells the riveting and largely unknown story of the traders and adventurers who first went East to seek their fortunes—and reveals how Elizabeth's fruitful alignment with the Islamic world, financed by England's first

joint stock companies, paved the way for its transformation into a global commercial empire.
