The Legend of Baby Doe

One of the most distinctive coins ever minted, the Empress Maria Theresa thaler was first struck in 1741 in Vienna, a year after Maria Theresa acceded to the Hapsburg

inheritance. It became a trade coin, and - because of the assured and consistent purity of its silver content - fast became the most acceptable currency throughout the Levant, the Red Sea region, much of Arabia and the Horn of Africa. It circulated in the Americas and as far east as China. Since then over 400 million have been struck in mints in Austria and, on occasions, in Bombay, London,

Rome, and other countries in Europe. As an international currency - one of the first of its kind - it was loved and trusted wherever it was circulated and remained official tender of Arabia and remote corners of Africa until well into the 20th century. Univ of North Carolina Press
If Holly Gates must hide out in a snowbound New Mexico cabin, she's glad it's with Daniel Hawk. The fearless Navajo

security expert has sworn to protect her from a relentless would-be killer. But Daniel himself, a scintillating package of Native American tradition and all-American sexiness, presents an even greater danger to Holly. She's quickly falling for him and can only foresee heartbreak. Daniel, Holly knows, remains true to his Navajo upbringing. Unlike her, he

craves no home or family--just the same freedom as the great hawk. As they run for their lives, Holly's courage and spirit spark in Daniel irresistible passion. Her heart may not be broken after all, if he can save her one last time....

A Silver Legend

Annulus Publishing
In 1876, in the snowy wilderness of San Juan County, Colorado, a miner, Eli, was viciously

murdered, causing his daughter, Luster, and adopted Ute son, John, to descend on Howardsville and Silverton to unravel the mystery of their father's death and to bring the murderers to justice. Their arrival causes unexpected incidents that spark John's memory of his past, and hurl the beautiful Luster into a cauldron of unparalleled savagery. Luster and John are caught in a perfect storm of ferocious

Civil War Veterans turned miners and gunmen, and natural threats in the form of avalanches, bears, wolves, and frigid temperatures. John's untamed nature and Luster's innocent grit initially are no match for the sporting mobs. In their search the unsuspecting duo stumbles onto the secret of Dead Man's Mountain that only Eli knew and that others wanted. This revelation

further makes the pair a target. The ensuing events hurl John and Luster into an interchange of pursuer and pursued, and throw them into a ferocious cycle of deception. In their quest for redemption and revenge, their search reveals the greedy hearts of evil men as well as the truth of John's past. This adventure novel is based within actual locations in Southwestern Colorado, and has been

carefully researched and authenticated. If you like reading writers Jack London and Louis L'Amour, or just enjoy studying the mining history in Colorado, you will love this book. *Streams of Silver* The Overmountain Press In 1868, four treasure hunters from San Marcos, Texas, searched for a lost mine on the San Saba River, near today's Menard. It was popularized as folklore in J.

Frank Dobie's treasure legend classic *Coronado's Children*. One hundred and fifty years later, a descendant of one of those four men set out to discover the history behind the legend. This book recounts that search, from the founding of the ill-fated 1757 mission on the San Saba River up to the last attempt, in 1990, to find the treasure in this particular legend. It describes Jim Bowie, a fake treasure map

 In her pulchritudinous prime Baby Doe was called the Silver Queen of Colorado by journalists and "that shameless hussy" by the proper wives of the men who eyed her. Flirtatious, adventurous, ambitious, Elizabeth McCourt Doe gave everyone a lot to talk about when she met Horace Tabor, the Silver King of Leadville, in 1880. Three years later they were free to legalize their passion. Although thirty years separated them, they were well matched in romantic recklessness. If The Legend of Baby Doe is the lowdown on the high jinks of two public lives, it is also the story of a love that survived spectacularly good times and bad. Before bad times came, Baby and Horace went on a spending spree. They built an opulent opera house in Denver and bought an Italian-ate villa. Baby Doe went out bejeweled and ermined, and sat at home alone, snubbed by the social dragons. John Burke has written about the giddy rise of a bonanza king who dreamed of entering the White House with Baby Doe on his arm and about the disastrous fall they took together. Wiped out by unwise investments and the Panic of 1893, Tabor soon died, leaving Baby

Doe and their two daughters penniless. Reportedly, his deathbed order was to "hang on to the Matchless," a played-out mine filled with water. She managed to do that for almost four decades, struggling heroically against loneliness, poverty, and heartbreak, and becoming one of the great legends of the American West.

Drizzt Volume 5 - Streams of Silver
 Harlequin
 When strangers of questionable character begin prowling the rural town of Redstone, Utah, and its surrounding area, suspicions are raised and rumors begin to fly. To Mil Silver and his pals, this invasion of their sleepy little community can mean only one thing: The legends of Moroni's Cave and the treasure it contains are

true—and Mil's band of adventurers must act fast to prevent the bad guys from taking what is rightfully theirs. Set in the summer of 1964, Mil Silver & the Legend of Moroni's Cave is a work of historical fiction based on actual legends that are still repeated in parts of Southern Utah today. While the main plot hinges on Mil Silver's quest to unravel the mystery of Moroni's Cave and claim its treasure, the

subplot explores the strained relationship between an adopted son and his widowed mother. Unable to cope with the death of his father, Nicholas Rush, age 17, rebels and leaves California in the company of a care-free hippy named Forrest Gold. Together the two travel to Utah to "enjoy the nature" but both have ulterior motives. Determined to achieve their respective objectives, Mil

and Nick cross paths in dramatic fashion and their priorities suddenly change. In the end, both young men discover a treasure far more valuable than gold. *The Silver Legend: Saints for Children* By The Board Publishing King Arthur is a legendary British ruler who, according to medieval histories and romances, led the defense of Britain against Saxon invaders in the late 5th and early 6th

the fourth and final book in the Silver Wolf series. The tale begins in the Midwest in the mid-1800s, from the time Silver Wolf left his farm in Iowa to become a wagon master, settler, and in the end, a mountain man. He was given the name Silver Wolf by the tribes he took his vengeance upon. Following the tragic loss of his wife, Silver Wolf is filled with sorrow and revenge against the

Indians who killed her. Leaving his daughter Kate in the hands of friends, Silver Wolf heads to the mountains to plan his revenge against the Indians, with the hope of finding peace once again. Gerald A. Moriarty began writing novels at the age of 79. Now 81, he has completed seven novels, four of which have been published. "This book is the culmination of my first three books that all

THE CURSE OF BILLY THE KID

Legend of
Sylphar

Ever since I was a wee little girl, my father would tell me enchanted stories about the world around us generating from stories passed down through family. I have a strong Celtic ancestry. I grew up and became an elementary teacher. I soon realized that many of my students lacked the magical stories. I began to tell them of the dragons, and the magic they possess. Soon I started

to illustrate them, and over time this book came into life. This story starts off with a Silver Tongue (an old story teller), passing on a story describing the magic inside the dragon tear. The illustrations are whimsical, not too detailed, mimicking the imagination that occurs when one hears the Silver Tongue's story. This book has been a favorite for my students for years

A black fire lifted the mysterious veil of the Great Liang Mountain. An enormous, badly damaged sword that had cut through the ages of the Fiendgod continent. The young man who had lost his memory woke up in a daze. In that world where he could not see the light, he left countless breathtaking legends. Some

people said that he was a demon, but he was only a swordsman, a lonely swordsman. □
