Nelson Mandela, who emerged from twenty-six years of political imprisonment to lead South Africa out of apartheid and into democracy, is perhaps the world's most admired leader, a man whose life has been led with exemplary courage and inspired conviction. Now Anthony Sampson, who has known Mandela since 1951 and has been a close observer of South Africa's political life for the last fifty years, has produced the first authorized biography, the most informed and comprehensive portrait to date of a man whose dazzling image has been difficult to penetrate. With unprecedented access to Mandela's private papers (including his prison memoir, long

thought to have been lost), meticulous research, and hundreds of interviews--from Mandela himself to prison warders on Robben Island, from Walter Sisulu and Oliver Tambo to Winnie Mandela and F. W. de Klerk, and many others intimately connected to Mandela's story--Sampson has composed an enlightening and necessary story of the man behind the myth. **Black Enterprise** John Wiley & Sons Incorporated Chase's Calendar of Events is the most comprehensive and authoritative reference available on special events, holidays, federal and state observances, historic anniversaries, astronomical phenomena, and more.

### **BORN TO WIN**

Simon and Schuster Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company. The Crisis McFarland "Buffy Sainte-Marie is an icon and inspiration. This book is necessary—an authorized insight into the making of a

legend." —Terese Marie Mailhot, author of *Heart Berries* A powerful, intimate look at the life of a beloved folk icon and activist. Folk hero. Songwriter icon. Living legend. Buffy Sainte-Marie is all of these things and more. In this, Sainte-Marie's first and only authorized biography, music critic Andrea Warner draws from more than sixty hours of exclusive interviews to offer a powerful, intimate look at the life of the beloved artist and everything that she has accomplished in her seventy-seven years (and counting). Since her groundbreaking debut, 1964's *It's My Way!*, the Cree singer-songwriter has been a trailblazer and a tireless advocate for Indigenous rights and

freedoms, an innovative artist, and a disruptor of the status quo. Establishing herself among the ranks of folk greats such as Joni Mitchell and Bob Dylan, she has released more than twenty albums, survived being blacklisted by two U.S. presidents, and received countless accolades, including the only Academy Award ever to be won by a First Nations artist. But this biography does more than celebrate Sainte-Marie's unparalleled talent as a songwriter and entertainer; packed with insight and knowledge, it offers an unflinchingly honest, heartbreakingly real portrait of the woman herself, including the challenges she

experienced on the periphery of showbiz, her healing from the trauma of childhood and intimate partner violence, her commitment to activism, and her leadership in the protest movement. Acts and Resolutions of the General Assembly of the State of Georgia Simon and Schuster In Understanding the Purpose and Power of Authority, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as

something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-draining emotions—fear, distrust, suspicion, friction, defensiveness, antagonism, stress, worry, and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain “level” in life can exercise it. They don’t believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we’re authorized to do by our inherent purposes. You

have a God-given calling to develop your own personal authority to carry out your unique purpose in life. Discovering the Power of Your Personal Domain Rowman & Littlefield

A gripping, true story of one man’s forty-year struggle with compulsive gambling and his hard-won recovery. "My history of gambling really began before I was born." So opens *Born to Lose*, Bill Lee's self-told story of gambling addiction, set in San

Francisco's Chinatown and steeped in a culture where it is not unheard of for gamblers (Lee's grandfather included) to lose their children to a bet. From wagering away his beloved baseball card collection as a youngster to forfeiting everything he owned at black jack tables in Las Vegas, Lee describes what gambling addiction feels like from the inside and how recovery is possible through the Twelve Step program.

The current literature on consumerism is diverse, scattered, and unsystematic. This book remedies this by identifying the beginning of mass consumer society in the United States, starting with the New Deal. The New Deal framework of guaranteeing new home purchases by means of low down-payment, fixed-rate home mortgages lasted until the 1970s, at which time the legal framework unraveled due to a sustained attack on New Deal racism. Despite this, American consumerism continued and even flourished without a regulatory structure. This book analyzes seven key pieces of

federal legislation which undergird American consumer society to this day. The Authorized Biography : at Her Zenith : in London, Washington and Moscow Lightly tracing his personal experiences growing up in the Bible Belt as a born-again Christian, James A. Sanders recounts his second rebirth experience and subsequent efforts to battle what can most broadly be called evangelicalism's denial of dignity and human worth to those different from the so-called norm. While Sanders cherishes his early experience of being "saved" or "born again," he has become deeply concerned at what has happened to the evangelical

movement in America, especially in its being politicized and removed from any kind of valid interpretation of the Bible itself. Sanders critiques evangelicalism for restricting the Holy Spirit's work to the realm of personal experience and so for denying the Spirit's work in society to move believers beyond the ancient mores and metaphors that biblical authors and editors used to record God's work in antiquity.

Sanders proposes that Christians read the Bible honestly in its ancient and moral contexts, and attempt with humility to register its prophetic condemnation of tribal views of God, in order to heed the Spirit's urgings to engage in the advancing monotheizing process that the Bible demands of its adherents.
