### CARTOONING, CARICATURE AND ANIMATION MADE EASY

The Rosen Publishing Group, Inc

An in-depth look at the stages of creating a successful caricature.

**How To Draw Caricatures** Rowman & Littlefield

Written by an experienced teacher of cartooning, this volume combines *The Secrets of Cartooning*, the author's first and more elementary book, and *The Art of Cartooning*, his follow-up, in which he answered questions raised by readers of his earlier book. Each volume in this double edition is complete in itself as a series of lessons. The first part focuses on such basics as drawing the head, hands, and clothing; creating expressions; conveying motion; and obtaining shading effects. The second section presents a series of lessons in anatomy, followed by advice about drawing caricatures and detailed instructions for creating images for animated features and political cartoons.

*The Savage Mirror* Paul Mellon Ctr for Studies

A truly comprehensive and laser-focused examination of a really wonderful, expressive art form. *Understanding Caricature* offers artists, aspiring artists, students, journalists, bloggers, etc. a lively guide to an old and respected art form. A great caricature is one that not only captures the subject's look and personality but amplifies them significantly. They are almost always funny and very often (but not always) mean spirited. Eyes, ears, nose, mouth, hairline, cheeks, eyebrows, teeth, chin: There's no facial feature (or any other body part, for that matter) that can escape the sardonic scrutiny of caricaturist and illustrator Greg Houston. But though he cleverly twists, exaggerates, and distorts each subject's image, he always makes sure the person remains recognizable—an absolute must for successful caricature. Whether on assignment or simply drawing for his own perverse pleasure, Houston loves skewering the high and mighty—movie stars, moguls, politicians, and assorted other VIPs—especially when they misbehave. Caricature, says Houston, is a very sharp weapon for the powerless to use against the powerful, and he can teach you to wield it, too. After defining caricature, differentiating it from other forms of portraiture, and delving into its centuries-long history, Houston gets down to the nitty gritty of how to do it. He focuses sequentially on the face, the hair, the body, and what he calls “accoutrements”—distinctive items of clothing that help viewers immediately identify celebrities. You yourself will learn to poke artistic fun at the famous through a series of demonstrations that let you follow Houston as he constructs caricatures of Jake Gyllenhaal, Masie Williams, Dwayne Johnson, Rainn Wilson, and other notable victims of his wicked pen. But Houston doesn't focus solely on his own approach. A whole chapter of *Understanding Caricature* is devoted to other contemporary

caricaturists and the signature mediums they work in, ranging from traditional oils and watercolors, to digital drawing and painting, to sculpture and even puppet-making. And the book's final chapter displays the work of students who've studied with Houston at his Baltimore academy. Brilliant in their own right, these pieces also demonstrate how any artist, with Houston's guidance, can become a skilled practitioner of the caricaturist's art.

How To Draw Caricatures McGraw Hill Professional

*Understanding Caricature* Schiffer Pub Limited

MAD magazine illustrator Tom Richmond teaches how to draw caricatures, with an emphasis on aspects of the head and face.

### FACE OFF

Jbcom Arts

Published in conjunction with an exhibition held at the Metropolitan Museum of Art, New York, Sept. 13, 2011-Mar. 4, 2012.

**Face Off** Associated University Presse

Here extensive samples from top professionals including David Levine, Mort Drucker and Ralph Steadman combine with step-by-step lessons and exercises to make this the definitive book on caricatures. 300 illustrations.

Booksales

This is the definitive biography of Emile Cohl (1857-1938), one of the most important pioneers of the art of the animated cartoon and an innovative contributor to popular graphic humor at a critical moment when it changed from traditional caricature to the modern comic strip. This profusely illustrated book provides not only a wealth of information on Cohl's life but also an analysis of his contribution to the development of the animation film in both France and the United States and an interpretation of how the new genre fit into the historical shift from a "primitive" to a "classical" cinema. "Beautiful in look and design, with stunning reproductions from films and newspapers, Emile Cohl, Caricature, and Film offers a biography of a figure who virtually created the European art of animation... In its theory and history, the book is one of the most important contributions to [the field of animated film]. But [it] is central for film study per se, offering a fresh, exciting look at the complicated world of early cinema."--Dana Polan, *Film Quarterly* Originally published in 1990. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

[The Complete Book of Cartooning](#) Henry Holt and Company

A guidebook for modern live caricature, presenting and celebrating the beautiful diversity of styles utilized by some of the world's greatest Live Caricature Artists of our time.

[The Mad Art of Caricature!](#) IMPACT

Former Disney animator offers expert advice on drawing animals both realistically and as caricatures. Use of line, brush technique, establishing mood, conveying action, much more. Construction drawings reveal development process in creating animal figures. Many chapters on drawing individual animal forms — dogs, cats, horses, deer, cows, foxes, kangaroos. 53 halftones, 706 line illustrations.

**Concepts to Caricatures** Рипол Классик

Now, whether you've had any formal training or not, this book offers you step-by-step directions on how to do all types of cartoons and caricatures.

**Infinite Jest** How To Draw Caricatures

Hot on the heels of Clowes' phenomenal GHOST WORLD success, soon to be made into a film, CARICATURE is a collection of nine dramatic short stories culled from EIGHTBALL and ESQUIRE magazine. This is his first collection since GHOST WORLD. Clowes has been described as the most respected American cartoonist after R.Crumb'. A film based on GHOST WORLD will be released in 1999, directed by Terry Zwigoff and starring Christina Ricci.'

**Suture Self** NYU Press

Discover the fast, fun art of drawing comic portraits! Face Off shows you how to draw life like never before. Caricaturist Harold Hamernik shares the secrets to capturing the sillier side of friends, family, celebrities, strangers—any face that crosses your path. 40 step-by-step demonstrations show you how to sketch whimsical and expressive likenesses while developing your own quick, loose, improvisational style. You'll get expert instruction on:

- Drawing eyes, noses, mouths and other features.
- Creating portraits in front, three-quarter and profile views.
- Adding color to your caricatures, either by hand or via computer—instruction you won't find in any other book!
- Tips for making a likeness more masculine (skip the eyelashes), more feminine (lengthen the neck), younger, older, sexier, goofier—all while making a portrait your subject will love.
- How to draw hair as two simple lines, why drawing the parts of a face in the same order every time can cut minutes off your work, and tons of other handy tricks of the craft! Practice the simple techniques in this book, then start drawing! It's the most fun you can have with paper, pencils and markers!

**How to Draw Cartoons** Yale University Press

Memoir in cartoons by the longtime cartoon editor of The New Yorker People tell Bob Mankoff that as the cartoon editor of The New Yorker he has the best job in the world. Never one to beat around the bush, he explains to us, in the opening of this singular, delightfully eccentric book, that because he is also a cartoonist at the magazine he actually has two of the best jobs in the world. With the help of myriad images and his funniest, most beloved cartoons, he traces his love of the craft all the way back to his childhood, when he started doing funny drawings at the age of eight. After meeting his mother, we follow his unlikely stints as a high-school basketball star, draft dodger, and sociology grad student. Though Mankoff abandoned the study of psychology in the seventies to become a cartoonist, he recently realized that the field he abandoned could help him better understand the field he was in, and here he takes up the psychology of cartooning, analyzing why some cartoons make us laugh and others don't. He allows us into the hallowed halls of The New Yorker to show us the soup-to-nuts process of cartoon creation, giving us a detailed look not only at his own work, but that of the other talented cartoonists who keep us laughing week after week. For desert, he reveals the secrets to winning the magazine's caption contest. Throughout How About Never--Is Never Good for You?, we see his commitment to the motto "Anything worth saying is worth saying funny."

*Drawing Caricatures* Cambridge University Press

The definitive biography of Al Hirschfeld, renowned caricaturist and artist. Al Hirschfeld knew everybody and drew everybody. He occupied the twentieth century, and illustrated it. Hirschfeld: The Biography is the first portrait of the renowned artist's life—as spirited and unique as his pen-and-ink drawings. Beginning in the 1920s, he caricatured Hollywood actors, Washington politicians, and—his favorite—celebrities of the stage. Broadway belonged to Hirschfeld. His work appeared in the New York Times and other publications, as well as on book jackets, album covers, posters, and postage stamps, for more than seventy-five years. He lived in Paris, Moscow, and Bali, and in a pink New York townhouse on a star-studded block where his closest friends—Carol Channing, S. J. Perelman, Gloria Vanderbilt, Brooks Atkinson, Elia Kazan, Marlene Dietrich, and William Saroyan—flocked in and out. He played the piano, went to jazz joints with Eugene O'Neill, and wrote a musical that bombed. He drove until he was ninety-eight years old and always found a parking space. He worked every day, threw dinner parties twice a week, and hosted New Year's Eve soirees that were legendary. He had three wives, a formidable agent, and a daughter, Nina, the most famous little girl that no one knows. Hirschfeld died in 2003, at the age of ninety-nine. "If you live long enough," he liked to say, "everything happens." For him, it did. And good and bad—it's all here.

Through interviews with Hirschfeld himself, his friends and family (including the mysterious Nina), and his famous subjects, as well as through letters, scrapbooks, and home movies, Ellen Stern has crafted a delightful, detailed, and definitive portrait of Al Hirschfeld, one of our most beloved, and most influential, artists.

*Celebrity Caricature in America* Philip Wilson Publishers

This volume presents in-depth and contextualized analyses of a wealth of visual materials. The images included in the book provide readers with a mesmerizing and informative glimpse into how the early modern world was interpreted by image-makers and presented to viewers during a period that spans from manuscript culture to the age of caricature.

### THE COMPLETE BOOK OF CARICATURE

Schiffer Pub Limited

Celebrating their 25th Anniversary, the Caricature Carvers of America's newest project offers an exclusive look into the creative carving process of twenty-six of America's top caricature carvers. CCA members have been given free rein to create one-of-a-kind carvings representative of their individual style. With full-color photos, drawings, and text, chapters describe the artists' personal approach to developing ideas, drawing patterns, and carving, painting, and finishing their caricatures. The book includes a step-by-step chapter on carving a baseball player, patterns for many of the original pieces, and individual chapters describing the unique approaches members of the CCA take as they carve in their trademark styles. The book includes a never-before-seen gallery of carvings spanning the 25-year history of the Caricature Carvers of America.

### THE HISTORY OF THE NINETEENTH CENTURY IN CARICATURE

McGraw Hill Professional

A lavishly illustrated, witty, and original look at the awesome power of the political cartoon throughout history to enrage, provoke, and amuse. As a former editor of The New York Times Magazine and the longtime editor of The Nation, Victor S. Navasky knows just how transformative—and incendiary—cartoons can be. Here Navasky guides readers through some of the greatest cartoons ever created, including those by George Grosz, David Levine, Herblock, Honoré Daumier, and Ralph Steadman. He recounts how cartoonists and caricaturists have been censored, threatened, incarcerated, and even murdered for their art, and asks what makes this art form, too often dismissed as trivial, so uniquely poised to affect our minds and our hearts. Drawing on his own encounters with would-be censors, interviews with cartoonists, and historical archives from cartoon museums across the globe, Navasky examines the political cartoon as both art and polemic over the centuries. We see afresh images most celebrated for their artistic merit (Picasso's Guernica, Goya's "Duendecitos"), images that provoked outrage (the 2008 Barry Blitt New Yorker cover, which depicted the Obamas as a Muslim and a Black Power militant fist-bumping in the Oval Office), and those that have dictated public discourse (Herblock's defining portraits of McCarthyism, the Nazi periodical Der Stürmer's anti-Semitic caricatures). Navasky ties together these and other superlative genre examples to reveal how political cartoons have been not only capturing the zeitgeist throughout history but shaping it as well—and how the most powerful cartoons retain the ability to shock, gall, and inspire long after their creation. Here Victor S. Navasky brilliantly illuminates the true power of one of our most enduringly vital forms of artistic expression.

*Emile Cohl, Caricature, and Film* Watson-Guption Publications

According to the popular maxim, a nation at war reveals its true character. In this incisive work, Chris Gilbert examines the long history of US war politics through the lens of political cartoons to provide new, unique insights into American cultural identity. Tracing the comic representation of American values from the First World War to the War on Terror, Gilbert explores the power of humor in caricature to expose both the folly in jingoistic virtues and the sometimes-strange fortune in nationalistic vices. He examines the artwork of four exemplary American cartoonists—James Montgomery Flagg, Dr. Seuss, Ollie Harrington, and Ann Telnaes—to craft a trenchant image of Americanism. These examinations animate the rhetorical, and indeed comic, force of icons like Uncle Sam, national symbols like the American Eagle, political stooges like President Donald J. Trump, and more, as well as the power of political cartoons to comment on issues of race, class, and gender on the home front. Throughout, Gilbert portrays a US culture rooted in and riven by ideas of manifest destiny, patriotism, and democracy for all, yet plagued by ugly forms of nationalism, misogyny, racism, and violence. Rich with examples of hilarious and masterfully drawn caricatures from a diverse range of creators, this unflinching look at the evolution of our conflicted national character illustrates how American cartoonists use farce, mockery, and wit to put national character in the comic looking glass.

**Caricature Unmasked** Courier Corporation

Explains how to capture the funniest features of faces in exaggerated drawing.
