Civil Democratic Islam Darussalam

“A delightfully original take on...the prospects for liberal democracy in the broader Islamic Middle East.”—Matthew Kaminski, Wall Street Journal As the Arab Spring threatens to give way to authoritarianism in Egypt and reports from Afghanistan detail widespread violence against U.S. troops and women, news

from the Muslim world raises the question: Is Islam incompatible with freedom? In *Islam without Extremes*, Turkish columnist Mustafa Akyol answers this question by revealing the little-understood roots of political Islam, which originally included both rationalist, flexible strains and more dogmatic, rigid ones. Though the rigid traditionalists won out, Akyol points to a flourishing of liberalism in the nineteenth-century Ottoman Empire and the unique “Islam-liberal synthesis” in present-day Turkey. As he powerfully asserts, only by accepting a secular state can Islamic societies thrive. *Islam without Extremes* offers a desperately

needed intellectual basis for the reconcilability of Islam and liberty.

In the face of Islam's own internal struggles, it is not easy to see who we should support and how. This report provides detailed descriptions of subgroups, their stands on various issues, and what those stands may mean for the West. Since the outcomes can matter greatly to international community, that community might wish to influence them by providing support to appropriate actors. The author recommends a mixed approach of providing specific types of support to those who can influence the outcomes in desirable ways.

The truth, in legal terms, is the version of "what happened" which carries most authority. This original and thought-provoking book looks at how this narrative is constructed in Muslim societies, and which truths are privileged over others in constructing it. Looking at a range of contrasting case studies, from Sharia courts to inquiries into police abuse, this book explores how ordinary stories are transformed into authoritative truths.

Berniaga di Dunia Maya Berkembangnya teknologi informasi juga berimbas pada sistem atau model jual beli. Jika dengan cara konvensional, penjual dan pembeli harus bertatap muka, kini semua itu tak harus dilakukan. Pasar tidak lagi sekadar tempat untuk melakukan kontak langsung antara dua pihak, tapi maknanya sudah meluas. Melalui website, blog, media sosial, atau forum jual beli, produk yang tengah ditawarkan, bisa menembus pasar yang tak lagi punya sekat wilayah. Siapa pun yang tengah mengakses internet, di belahan dunia mana pun, bisa melihat atau bahkan membelinya. Tak hanya pasar yang "tak nyata", jual beli online juga berimbas pada komoditas yang diperdagangkan. Beberapa komoditas tak nyata seperti emas juga diperdagangkan di bursa online. Maka kehati-hatian mesti dikedepankan agar kita tidak terjatuh ke dalam penyimpangan syariat. Lebih lengkapnya, simak bahasannya pada edisi ini.

LARGE PRINT -Second Edition -Six weeks into a blissful honeymoon, life turns into a nightmare when Susan's 9-year-old daughter is taken away and her husband is falsely accused of child sexual abuse. Dragged under the churning wheels of the child protection system, Susan is given a choice: cooperate in prosecuting her innocent husband or lose her daughter. When the couple doesn't give in to pressure, Susan loses custody of her daughter, and her husband is charged with a felony that carries a 16-year prison sentence. No one wants to hear the facts. No one wants to know the truth. It's the 1980s—a decade of unfounded

abuse accusations, hysterical claims of orgies at daycare centers, families controlled by courts, and a child protection system that has become the very thing it was created to eradicate. **Wheels of Injustice** is a curtains-pulled-back true account of the out-of-control child protection system of the 1980s and the victims who risked everything to expose its egregiously unjust acts and reform it. The book is a tribute to God's faithfulness and a message of hope to others who have struggled to overcome adversity, fight injustice, or turn an upended life the right way around again. "We are not to simply bandage the wounds of victims beneath the wheels of injustice, we are to drive a spoke into the wheel itself." ? Dietrich Bonhoeffer. Praise for **Wheels of Injustice** -"The author was acutely aware of her spiritual journey throughout the ordeal. She includes summaries, prayers, and even poems to highlight her emotional turmoil in a real, honest way. I really appreciated the "where are they now" epilogue at the end so as a reader you know how it ended for all involved. THAT is the best proof of all there is calm after every storm!"

Do you feel overwhelmed right now with all the pressures and uncertainties of life? Does the thought of your past failures, failed relationships and negative labels drag you down? Have you ever wished that you could just leave everything behind and start fresh? Are you ready to finally let go, move on and live a happy and joyful life? If you keep bringing negative baggage from yesterday, it will eventually poison your future. You may have had an unfair past, but the truth is, you don't need to have an unfair future. You may have had a rough start in your marriage, your business, your career – but it's not how you start that matters most, it's how you finish. Let us begin the exploration of your journey towards "surrendering" in this book. And may we all find the strength to let go, the capacity to forgive, and the faith to move on.

This slim volume presents a practical introduction to the essential beliefs, practices, and moral rectifications mentioned in the Sacred Law. The primary text is Ahmed ibn Zayn al-Habashi's Al-Risalah al-Jami ah which has been a popular introductory text during the last four centuries. The text is read by students in the Middle East, Southeast Asia and, recently, North America and Europe. This edition includes the Arabic text, its translation, and notes drawn from the translator's other works. Readers of this text will learn the essential creed, acts of worship, and moral behavior that are considered personal obligations for all Muslims. They will also learn why these particular things are important. The notes are designed to equip students for personal practice and to prepare them for more advanced studies.

Imam Jalal-al-Din al-Suyuti (849-911 AH / 1445-1505 AD) was born, lived, and was buried in Cairo. The ascription 'al-Suyuti' is a reference to Asyut, a town in Upper Egypt from which his family

hailed. Known as the 'son of books' from the numerous books he studied and referred to in his works, he could equally be called the 'father of books' because of the many books he produced. From his early years, al-Suyuti devoted his life to learning, reading, writing, and teaching - holding notable positions in the city of Cairo at a time when it was the center of Islamic learning par excellence. He was an outstanding scholar, second to none in the field of Qur'anic Sciences ('Uloom Al-Qur'an) in which he produced many well-known works. However, being the all-round scholar that he was, his contributions covered almost all the fields of Arabic, the Qur'an, the Traditions (hadith), and history. His works were of such superb quality that they earned him the respect of his generation and the generations that followed, up to the present day. Most important of these, in the field of Qur'anic Sciences, was his Al-Itqan. Al-Itqan is perhaps the most outstanding work of its kind in the field of Qur'anic Sciences. Exhaustive in its sources and its subjects, thoughtfully and lucidly written, the work is also well arranged. Readers will be taken by the depth, breadth, scope, and mastery of the author while noting how much Muslim scholars have devoted to the study of the Qur'an and how varied and diverse were the fields in which those studies were made. The work found its way to many circles both near and far in the Islamic world. The translation presented here is of a publication of four volumes published in 1387 AH (1967 AD). This book is the translation of the first volume. It is a must to the specialist of Qur'anic Studies and is highly recommended to the initiate. (Series: The Great Books of Islamic Civilization)
