throughout the Atlantic diaspora. Examining twentieth-century responses to the Haitian Revolution, Philip Kaisary offers a profound new reading of the representation of the Revolution by radicals and conservatives alike in primary texts that span English, French, and Spanish languages and that include poetry, drama, history, biography, fiction, and opera. In a complementary focus on canonical works by Aimé Césaire, C. L. R. James, Edouard Glissant, and Alejo Carpentier in addition to the work of René Depestre, Langston Hughes, and Madison Smartt Bell, Kaisary argues that the Haitian Revolution generated an enduring cultural and ideological

inheritance. He addresses critical understandings and fictional reinventions of the Revolution and thinks through how, and to what effect, authors of major diasporic texts have metamorphosed and appropriated this spectacular corner of black revolutionary history.

What connects Africa and the Caribbean is trans-Atlantic slavery which transported numerous sons and daughters of Africa to the plantations of the New World in the service of Western European capitalism. Because of this shared experience of trans-Atlantic slavery and European colonialism, issues of culture and

identity are major concerns for African and Caribbean playwrights. Slavery and colonialism had involved systematic acts of cultural denigration, de-humanisation and loss of freedom, which left imprints on the collective psyches of the colonised Africans and enslaved peoples of African descent in the Caribbean. Both experiences brought intense cultural and psychic dislocations which still impact in various ways on the lives of Africans and peoples of African descent around the world. African and Caribbean playwrights try to help their peoples regain their dignities by affirming their cultures, histories and identities. The book focuses on the

similarities and differences between Caribbean theatre and the theatre of sub-Saharan Africa, showing how identities and cultures are negotiated and affirmed in each case. Monsieur Toussaint Springer
Focusing on the influential life and works of the Haitian political writer and statesman, Baron de Vastey (1781-1820), in this book Marlene L. Daut examines the legacy of Vastey's extensive writings as a form of what she calls black Atlantic humanism, a discourse devoted to attacking the enlightenment foundations of colonialism. Daut argues that Vastey, the most important secretary of Haiti's King Henry Christophe,

was a pioneer in a tradition of deconstructing colonial racism and colonial slavery that is much more closely associated with twentieth-century writers like W.E.B. Du Bois, Frantz Fanon, and Aimé Césaire. By expertly forging exciting new historical and theoretical connections among Vastey and these later twentieth-century writers, as well as eighteenth- and nineteenth-century black Atlantic authors, such as Phillis Wheatley, Olaudah Equiano, William Wells Brown, and Harriet Jacobs, Daut proves that any understanding of the genesis of Afro-diasporic thought must include Haiti's Baron de Vastey.

Nobel Laureate Derek Walcott is one of the Caribbean's most famous writers. His unique voice in poetry, drama and criticism is shaped by his position at the crossroads between Caribbean, British and American culture and by his interest in hybrid identities and diaspora. Edward Baugh's Derek Walcott analyses and evaluates Walcott's entire career over the last fifty years. Baugh guides the reader through the continuities and differences of theme and style in Walcott's poems and plays. Walcott is an avowedly Caribbean writer, acutely conscious of his culture and colonial heritage, but he has

also made a lasting contribution to the way we read and value the western literary tradition. This comprehensive 2006 survey considers each of Walcott's published books, offering a guide for students, scholars and readers of Walcott. Students of Caribbean and postcolonial studies will find this a perfect introduction to this important writer.

What would it mean to “get over slavery”? Is such a thing possible? Is it even desirable? Should we perceive the psychic hold of slavery as a set of mental manacles that hold us back from imagining a postracist America? Or could the psychic hold of slavery be understood as a tool, helping us get a grip on the systemic racial inequalities and restricted liberties that persist in the present day? Featuring original essays from an array of established and emerging scholars in the interdisciplinary field of African American studies, *The Psychic Hold of Slavery* offers a nuanced dialogue upon these questions. With a painful awareness that our understanding of the past informs our

understanding of the present—and vice versa—the contributors place slavery’s historical legacies in conversation with twenty-first-century manifestations of antiblack violence, dehumanization, and social death. Through an exploration of film, drama, fiction, performance art, graphic novels, and philosophical discourse, this volume considers how artists grapple with questions of representation, as they ask whether slavery can ever be accurately depicted, trace the scars that slavery has left on a traumatized body politic, or debate how to best convey that black lives matter. *The Psychic Hold of Slavery* thus raises provocative questions about how

we behold the historically distinct event of African diasporic enslavement and how we might hold off the transhistorical force of antiblack domination.

In the light of, and in response to, the popular perception of the Caribbean as an epitome of cultural hybridity and improvisation, this book seeks to further examine Caribbean cultural identities along the lines of race, class, nationalism, and history. Drawing on a variety of genres of literature and popular music, the present volume includes not only essays that stress

the shaping and reshaping of Afro-Caribbean cultural identities and the significance of hybridization, but also those that think against the grain and pursue questions which have not received enough critical attention. This latter task can be seen in the attempt to probe the phenomenon that the Caribbean's image as a tropical getaway in metropolitan popular imaginations tends to eclipse its troubled pasts, traumatic memories, and current (and recurrent) problems which elude the rhetoric of cultural hybridity, presupposing instead a certain non-conflictual diversity or racial equality in the relatively innocuous realm of "culture." Although nuanced

among themselves on certain issues, the individual chapters together highlight a body of work which is distinct from the bulk of Anglo-American academic productions on the Caribbean, as the majority of the textual and cultural materials treated here come from either the Hispanic or Francophone Caribbean.

Entertainment to Andrew Schneider and Omar Rajeh. Along the way she also engages with Walter Benjamin, black international and radical thought and performance, Bruno Latour, Stefano Harney and Fred Moten's logistics and the hold, and accelerationism. Representing a significant contribution to the growing interest in temporality in Theatre and Performance Studies, the book offers alternatives to what have been prevailing temporal preoccupations in those fields. Countering investments in phenomenology, finitude, ghosting, repetition, and return, Wickstrom argues that theatre and performance can

create a fiery sense of how to change time and thereby nominate a new possibility for what it means to live.

THE PSYCHIC HOLD OF SLAVERY

Duke University Press Caribbean Critique seeks to define and analyse the distinctive contribution of francophone Caribbean thinkers to post-Kantian Critical Theory. The book argues that the singular project of these thinkers has been to forge a brand of critique that, while borrowing tools from North Atlantic predecessors such as Rousseau, Hegel, Marx, and Lukacs, was from the start marked indelibly by the experiential imperatives of the Middle Passage, slavery and

imperialism. Individual chapters address thinkers such as Toussaint Louverture, Victor Schoelcher, Aime and Suzanne Cesaire, Rene Menil, Frantz Fanon & Maryse Conde.

"Black Spartacus is a tour de force: by far the most complete, authoritative and persuasive biography of Toussaint that we are likely to have for a long time . . . An extraordinarily gripping

read." —David A. Bell, The Guardian A new interpretation of the life of the Haitian revolutionary Toussaint Louverture Among the defining figures of the Age of Revolution, Toussaint Louverture is the most enigmatic. Though the Haitian revolutionary's image has multiplied across the globe—appearing on banknotes and in bronze, on T-shirts and in film—the only definitive portrait executed in his lifetime has been lost. Well versed in the work of everyone from Machiavelli to Rousseau, he was nonetheless dismissed by Thomas Jefferson as a "cannibal." A Caribbean acolyte of the European Enlightenment, Toussaint nurtured a class of black Catholic

clergymen who became one of the pillars of his rule, while his supporters also believed he communicated with vodou spirits. And for a leader who once summed up his modus operandi with the phrase “Say little but do as much as possible,” he was a prolific and indefatigable correspondent, famous for exhausting the five secretaries he maintained, simultaneously, at the height of his power in the 1790s. Employing groundbreaking archival research and a keen interpretive lens, Sudhir Hazareesingh restores Toussaint to his full complexity in *Black Spartacus*. At a time when his subject has, variously, been reduced to little more

than a one-dimensional icon of liberation or criticized for his personal failings—his white mistresses, his early ownership of slaves, his authoritarianism—Hazareesingh proposes a new conception of Toussaint’s understanding of himself and his role in the Atlantic world of the late eighteenth century. *Black Spartacus* is a work of both biography and intellectual history, rich with insights into Toussaint’s fundamental hybridity—his ability to unite European, African, and Caribbean traditions in the service of his revolutionary aims. Hazareesingh offers a new and resonant interpretation of Toussaint’s racial

politics, showing how he used Enlightenment ideas to argue for the equal dignity of all human beings while simultaneously insisting on his own world-historical importance and the universal pertinence of blackness—a message which chimed particularly powerfully among African Americans. Ultimately, *Black Spartacus* offers a vigorous argument in favor of “getting back to Toussaint”—a call to take Haiti’s founding father seriously on his own terms, and to honor his role in shaping the postcolonial world to come. "THIS SHIPWRECK OF FRAGMENTS"

Oxford University Press
This is the tragic story of Toussaint Louverture, the charismatic leader of the only successful slave revolt in history, that led to Haiti's independence 200 years ago. Translated by the author himself in collaboration with J. Michael Dash, this new edition captures the striking essence of the original French play, first published in 1961. [Fusion of Cultures?](#) Springer

An extraordinary graphic novel of a groundbreaking play
When C.L.R. James's *Toussaint Louverture: The Story of the Only*

Successful Slave Revolt in History opened in London featuring Paul Robeson in 1936, it was the first time black actors starred on a British stage in a play written by a black playwright. But after this extraordinary play ended its run, the script was lost for almost 70 years. Then a draft copy was found among James's archives, and now this groundbreaking drama has been turned into a graphic novel by artists Nic Watts and Sakina Karimjee. The polymath intellectual and Trinidadian revolutionary James, who wrote many books, including analyses of world politics, novels, and a seminal cultural study of cricket, is perhaps best known as the author of the classic

history of the Haitian Revolution, *Black Jacobins*. But James wrote this story first not as history but as theatre, and Toussaint Louverture brings his brilliant interpretation of the epic of the Revolution into rousing, dramatic form. This book reproduces the stirring script James wrote, and which united James for at least one night with his friend Robeson on the London stage, when the playwright was forced to stand in for an absent actor. *Fiery Temporalities in Theatre and Performance* Springer Nature

The intention of this second volume of ASNEL Papers is to counter orthodox post-colonial emphases on alterity, subversion, and counter-discourse

with another set of concepts: fusion, syncretism, hybridity, creolisation, cross-fertilisation, cross-cultural identity, diaspora. Topics covered include: gender and identity; syncretic aesthetics in Nigerian and South African performing arts; hyphenated identities in diasporic fiction; reversals of colonial mimicry in Ugandan fiction; cultural reflexivity in the Victorian juvenile novel; the persistence of colonial traits in Zimbabwean war fiction; syncretic strategies of resistance in African prison memoirs; indigene life-histories and intercultural authorship; neo-essentialism in post-colonial critiques of the Rushdie Affair; US

multiculturalism and political praxis; creolisation in Surinam; cultural complexities in the Caribbean epic; literary representations of the Haitian Revolution. Authors treated within broader frameworks include Margaret Atwood, R.M. Ballantyne, Marie-Claire Blais. Offers a new conceptual framework rooted in mythological analysis to ground the field of Africana cultural memory studies. *Black Cultural Mythology* retrieves the concept of “mythology” from its Black Arts Movement origins and broadens its scope to illuminate the relationship between legacies of heroic survival, cultural memory, and creative production in the African diaspora. Christel N. Temple comprehensively surveys more than two hundred years of figures, moments, ideas, and canonical

works by such visionaries as Maria Stewart, Richard Wright, Colson Whitehead, and Edwidge Danticat to map an expansive yet broadly overlooked intellectual tradition of Black cultural mythology and to provide a new conceptual framework for analyzing this tradition. In so doing, she at once reorients and stabilizes the emergent field of Africana cultural memory studies, while also staging a much broader intervention by challenging scholars across disciplines—from literary and cultural studies, history, sociology, and beyond—to embrace a more organic vocabulary to articulate the vitality of

the inheritance of survival. “This book not only offers a new and exciting theoretical concept, it also applies that concept to texts in unique and different ways. With this theoretical lens, we can ‘read’ and ‘see’ texts, memories, and ideas in new ways. The author examines an almost dizzying array of cultural and historical moments, scholars, artists, and activists and provides new lenses through which to read them as well. This is a brilliant and much-needed addition to the academic and cultural conversation.” — Georgene Bess Montgomery, author of *The Spirit and the Word: A Theory of Spirituality in Africana Literary Criticism*

Toussaint L’Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L’Ouverture’s profound contribution to the struggle for equality.

In this far-reaching literary history, John Wharton Lowe remakes the map of American culture by revealing the deep, persistent connections between the ideas and works

produced by writers of the American South and the Caribbean. Lowe demonstrates that a tendency to separate literary canons by national and regional boundaries has led critics to ignore deep ties across highly permeable borders. Focusing on writers and literatures from the Deep South and Gulf states in relation to places including Mexico, Haiti, and Cuba, Lowe reconfigures the geography of southern literature as encompassing the "circumCaribbean," a dynamic framework within which to reconsider literary history, genre, and aesthetics. Considering thematic concerns such as race, migration, forced exile,

and colonial and postcolonial identity, Lowe contends that southern literature and culture have always transcended the physical and political boundaries of the American South. Lowe uses cross-cultural readings of nineteenth- and twentieth-century writers, including William Faulkner, Martin Delany, Zora Neale Hurston, George Lamming, Cristina Garcia, Edouard Glissant, and Madison Smartt Bell, among many others, to make his argument. These literary figures, Lowe argues, help us uncover new ways of thinking about the shared culture of the South and Caribbean while demonstrating that southern literature has roots even farther south than we realize.
