Sixteen-year-

old Linus
Weems, a
street person
since leaving
his wealthy
father's home,

is kidnapped and taken to an underground bunker where he is soon joined by five others, ranging in age from nine to seventy, who are alternately cared for and tortured by their unseen captor. *The Things They Carried* Feiwel & Friends Just like old times. Just the five of them. Saturday night. Nicole asked. How could Pete say no? But past hurts among the former childhood friends soon

surface, and the party's over before it ever begins. The group splinters off into the darkness. Into the noise and heat and chaos of the carnival. The next morning, a girl is missing. Pete doesn't know what--or who--to believe: Could one of the old gang be to blame? Could one of their own be a killer? **I Boy** Scholastic Inc. Edward Bunker chronicles the experiences he has had that help

inspire him when writing his popular crime novels.

A REBEL AMONG REDCOATS

Ember From world-renowned author Erich Segal comes a powerful and moving saga of five extraordinary members of the Harvard class of 1958 and the women with whom their lives are intertwined. Five lives, five love stories: Danny Rossi, the musical prodigy, risks it all for Harvard, even

a break with his domineering father. Yet his real problems are too much fame too soon—and too many women. Ted Lambros spends his four years as a commuter, an outsider. He is obsessed by his desire to climb to the top of the Harvard academic ladder, heedless of what it will cost him in personal terms. Jason Gilbert, the Golden Boy—handsome, charismatic, a

brilliant athlete—learns at Harvard that he cannot ignore his Jewish background. Only in tragedy will he find his true identity. George Keller, a refugee from Communist Hungary, comes to Harvard with the barest knowledge of English. But with ruthless determination, he masters not only the language but the power structure of his new country. Andrew Eliot is haunted by

three centuries of Harvard ancestors who cast giant shadows on his confidence. It is not until the sad and startling events of the reunion that he learns his value as a man. Their explosive story begins in a time of innocence and spans a turbulent quarter century, culminating in their dramatic twenty-five year reunion at which they confront their classmates—and the

balance sheet of their own lives. Always at the center; amid the passion, laughter, and glory, stands Harvard—the symbol of who they are and who they will be. They were a generation who made the rules—then broke them—whose glittering successes, heartfelt tragedies, and unbridled ambitions would stun the world. Praise for The Class “Erich Segal’s best.”—Pittsburgh Press “First class entertainment

.”—Cosmopolitan an “An absorbing page-turner.”—Publishers Weekly “A panoramic saga.”—Philadelphia Inquirer **Friends of Liberty** Abrams Following a death-defying escape from the hands of a criminal overlord, young PI Travis Delaney thinks he might finally be getting closer to finding out who killed his parents, and why. But things are about to get a whole lot

more deadly . . . One moment Travis is trapped in an armed face-off in the offices of Delaney & Co, private investigators. The next terrorists have stormed the building and he's been abducted. Kept captive alongside Winston, the rogue security officer who Travis believes is responsible for his parents' death, Travis is quickly plagued by more questions than answers. As the truth

begins to emerge, Travis is faced with the ultimate dilemma: how do you choose between saving your own life or saving the life of someone you love?

THE BUNKER DIARY

Carolrhoda Lab & 8482 How fortunate it is that Robert Atkins wrote up his experiences as a young Gurkha officer in India and later Malaya as, seventy years on, they form an important contemporane

ous record of two historically significant periods. When India was granted Independence in 1947, irreconcilable religious differences made Partition inevitable. His account of the death, destruction and suffering that he and his soldiers witnessed makes for traumatic yet compelling reading. In the aftermath of Independence the Gurkha Regiments were split between the Indian and

British Armies and Robert returned to England and British service. Three years later on his way to fight in the Korean War, he was ordered to join 1st Battalion, 6th Gurkha Rifles engaged in the battle against communist terrorists, known as the Malayan Emergency. Robert saw more than his share of action over next seven years in this eventually successful but bitterly fought campaign. His courage and

leadership earned him the Military Cross. The two diaries are introduced with helpful narratives setting each in their historical context.

Written with admirable modesty, this superb personal account informs and entertains.

The Class

Chicken House
Major events of the American Revolution are brought to life in this collection of historical fiction that shows young people caught up in the dangers,

hardships, and conflicts of America's fight for independence.

A young girl proves her courage in Concord on April 19, 1775, and a young boy and his dog catch a Tory spy after they cross the Delaware with Washington's men on

Christmas night, 1776.

Other stories show life during the siege of Charleston, a journey home in the middle of the battle of Saratoga, a young soldier's decision at

Valley Forge, family conflicts in Savannah, an unlikely friendship at the surrender at Yorktown, and finally, a young boy witnessing the inauguration of President Washington. Brief introductions provide historical background for each of the fifteen stories. Sidebars, maps, and illustrations help make history alive and exciting. Also included are a timeline and suggestions for further

reading.

With his father dead, Martyn has a choice. Tell the police - and become a murder suspect. Or get rid of the body and carry on. Whatever he decides, Martyn will discover that, while life is never simple, death is even tougher. *Martyn Pig* Harper Collins Kids love stories about underdogs, and the American Revolution is among the most famous of these tales. Desperate to be an independent

country free from Britain, the rebel colonists relied on their cunning wit and visionary leadership to win an impossible war. And then they faced the real hardship—creating a country out of a victorious but chaotic society. Using engaging text, hands-on activities, and links to primary sources, *The American Revolution: Experience the Battle for Independence* shows readers how rebel

soldiers fought in horrific conditions while their families faced their own hardships for the sake of freedom. Students examine wartime propaganda to discover the truth about events leading up to the war, and engage in vibrant debate, strategic planning, and literary deconstruction to understand the official documents upon which America is founded. Building a

marshmallow cannon and creating real colonial food are some of the projects that engage readers' design skills. Essential questions require readers to activate their critical thinking skills to discover the truth about the most important moment in American history. The American Revolution meets Common Core State Standards for literacy in history and

social studies; Guided Reading Levels and Lexia measurement s indicate grade level and text complexity. *The ONE Thing* Houghton Mifflin Harcourt Based on official army records, these eyewitness accounts of seven hellacious battles serve as a brief history of the Vietnam conflict. From a fierce fight on the banks of the Ia Drang River in 1965 to a

1968 gunship mission, this illustrated report conveys the heroism and horror of warfare.

Elliot has lived his first thirteen years confined to his home, incapacitated by fear. Now he's out of pills, snow is falling, and his only safe person is missing. A terrifying thriller from Carnegie Medalist Kevin Brooks. From

the moment of his birth, Elliot's life has been governed by fear of almost everything, even of his own fear — a beast that holds him prisoner in his room. The beast is kept at bay, though not eliminated, with a daily regimen of pills. But on Christmas Eve, a mix-up at the pharmacy threatens to unleash the beast full force, and his mother must venture out in a raging snowstorm to

a store that should be only minutes away. Hours later, when she still hasn't returned, Elliot sees no choice but to push through his terror, leave the house, and hunt for her. What happens if the last of his medication wears off and the beast starts scratching at the doors of his mind? Everyone has a breaking point — will Elliot come to his? With plot twists and turns that keep readers on the edge of

their seats, multi-award-winning author Kevin Brooks offers a high-suspense exploration of fear and what it means to truly be afraid. **Egg Drop** Da Capo Emil Sher's acclaimed YA debut is now in paperback! T-- is used to getting grief. Grief from his mother, who worries about him constantly; grief from Mr. Lam, who runs the corner store and suspects every kid of stealing; grief from the trio

of bullies he calls Joined at the Hip, whose cruelty has left T-- so battered he fears even his whole name could be used against him. But T-- has his own strength too: his camera, which he uses to capture the unique way he sees the world. His photos connect him to Ms. Karamath, the kind librarian at school; his friend Sean, whose passion for mysteries is matched only by his love for his dog, Watson;

and most of all to Lucy, a homeless woman who shares his admiration for the photographer Diane Arbus. When Lucy is attacked by Hip, T-- captures the assault on film. But those images lead him into even deeper trouble with the bullies, who threaten to hurt Sean if T-- tells. What's the right thing to do? Do pictures ever tell the whole truth? And what if the truth isn't always the

right answer?

I can't believe I fell for it. It was still dark when I woke up this morning. As soon as my eyes opened I knew where I was. A low-ceilinged rectangular building made entirely of whitewashed concrete. There are six little rooms along the main corridor. There are no windows. No doors. The elevator is the only way in or out. What's he going to do to

me? What am I going to do? People are really quite simple, and they have simple needs. Food, water, light, space, privacy. Maybe a small measure of dignity. A bit of freedom. What happens when someone simply takes all that away? *Candy Bard Press*
