An Introduction to Literature, Criticism

and Theory with Making Your Case: A Practical Guide to Essay Writing

Macmillan International Higher Education
A comprehensive case for a fresh literary approach to the New Testament For at least a half century, scholars have been adopting literary approaches to the New Testament inspired by certain branches of literary criticism and theory. In this important and illuminating work, Michal Beth Dinkler uses contemporary literary theory to enhance our understanding and interpretation of the New Testament texts. Dinkler provides an integrated approach to the relation between literary theory and biblical interpretation, employing a wide range of practical theories and methods. This indispensable work engages foundational concepts and figures, the historical contexts of various theoretical approaches, and ongoing literary scholarship into the twenty-first century. In *Literary Theory and the New Testament*, Dinkler assesses previous literary treatments of the New Testament and calls for a new phase of nuanced thinking about New Testament texts as both ancient and literary.

VALUEPACK

Cambridge Scholars Publishing
Lucy Pearson's lively and engaging book examines British children's literature during the period widely regarded as a 'second golden age'. Drawing extensively on archival material, Pearson investigates the practical and ideological factors that shaped ideas of 'good' children's literature in Britain, with particular attention to children's book publishing. Pearson begins with a critical overview of the discourse surrounding children's literature during the 1960s and 1970s, summarizing the main critical debates in the context of the

broader social conversation that took place around children and childhood. The contributions of publishing houses, large and small, to changing ideas about children's literature become apparent as Pearson explores the careers of two enormously influential children's editors: Kaye Webb of Puffin Books and Aidan Chambers of Topliner Macmillan. Brilliant as an innovator of highly successful marketing strategies, Webb played a key role in defining what were, in her words, 'the best in children's books', while Chambers' work as an editor and critic illustrates the pioneering nature of children's publishing during this period. Pearson shows that social investment was a central factor in the formation of this golden age, and identifies its legacies in the modern publishing industry, both positive and negative. The Oxford Handbook of the Pentateuch
Oxford University Press
This Reader's Guide analyses the critical history of two of Hardy's major tragic novels, from the time of their publication to the present. Simon Avery traces the changing critical fortunes of the texts and explores the diverse range of interpretations produced by different theoretical approaches.

WRITING ABOUT LITERATURE WITH CRITICAL THEORY, BOOKS A LA CARTE EDITION

Teachers College Press
Why think? Not, according to Gilles Deleuze, in order to be clever, but because thinking transforms life. Why read literature? Not for pure entertainment, Deleuze tells us, but because literature can recreate the boundaries of life. With his emphasis on creation, the future and the enhancement of life, along with his

crusade against 'common sense', Deleuze offers some of the most liberating, exhilarating ideas in twentieth-century thought. This book offers a way in to Deleuzian thought through such topics as: * 'becoming' * time and the flow of life * the ethics of thinking * 'major' and 'minor' literature * difference and repetition * desire, the image and ideology. Written with literature students in mind, this is the ideal guide for students wishing to think differently about life and literature and in this way to create their own new readings of literary texts.

APPROACHING POSTCOLONIAL AND PSYCHOANALYTIC CRITICISM IN LITERARY STUDIES: AN ILLUSTRATION OF AN ANALYSIS OF A MALAYSIAN NOVEL

BRILL

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. For courses in literary criticism or literary analysis. Theories and strategies for writing about literature By considering how adept readers behave and what assumptions they might make while interacting with literary text, Texts and

NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL. "

And Other Questions on How to Evaluate Literature American Academic Press

Beginning with approaches familiar to students and then gradually introducing schools of criticism that are more challenging, THEORY INTO PRACTICE provides extensive step-by-step guidance for writing literary analyses from each of the critical perspectives. This brief, practical introduction to literary theory explores core literary theories in a unique chronological format and includes an anthology of relevant fiction, poetry, and nonfiction to help bring those theories to life for students. Remarkably readable and engaging, the text makes even complex concepts manageable for those beginning to think about literary theory, and example analyses for each type of criticism show how real students have applied the theories to works included in the anthology. Now updated with the latest scholarship, including a full discussion of Ecocriticism and increased emphasis on American multicultural approaches, THEORY INTO PRACTICE provides an essential foundation for thoughtful and effective literary analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A Handbook to the Exegesis of the New Testament Longman Publishing Group
Literary Criticism: An Introduction to Theory and Practice, 5/e presents the thirteen basic schools of twentieth-century literary theory and criticism in their historical and philosophical contexts. This book explores the philosophical assumptions of each school of criticism and provides a clear methodology for writing essays according to each school's beliefs and tenets.

Contemporary Literary And Cultural Theory: From Structuralism To

Ecocriticism Book Rivers

Unsurpassed as a text for upper-division and beginning graduate students, Raman Selden's classic text is the liveliest, most readable and most reliable guide to contemporary literary theory. Includes applications of theory, cross-referenced to Selden's companion volume, *Practicing Theory and Reading Literature*.

Framing the Modern Reader

Cambridge University Press

The second edition of *Literary Criticism* by Charles E. Bressler is designed to help readers make conscious, informed, and intelligent choices concerning literary interpretation. By explaining the historical development and theoretical positions of eleven schools of criticism, author Charles Bressler reveals the richness of literary texts along with the various interpretative approaches that will lead to a fuller appreciation and understanding of such texts.

LITERARY THEORY AND THE NEW TESTAMENT

Yale University Press

Beginning with a brief history and evolution of the short story genre, alongside an overview of the key short story writers, and an explanatory chapter of literary criticism, this book aims to give readers insight into the works by canonical British, Irish, and American authors, including Edgar Allan Poe, James Joyce, Flannery O'Connor, and more. Applying close reading skills and critical literary approaches to twelve selected short stories in English, this work conducts comparative analyses to reveal the interrelationships between the texts, the authors, the readers, and the sociocultural contexts. Developed and tested in literature classes at university over several semesters, this book

addresses key issues, topics and trends in the short story genre.

Reading the Short Story Springer Nature

Throughout the history of Thomas's critical reception, psychoanalytic interpretations have been applied that have privileged the psychosexual over the psycho-linguistic elements of his work. The wealth of sexual and pseudo-sexual imagery has acquired a negative charge, and has been used to evidence claims that Thomas was the epiphon of his own disturbed psyche, thus reducing the poetry to the expression of the poet's schizoid neuroses. Avoiding the biography-based approaches that have dominated hitherto, *Liberating Dylan Thomas* rescues his early poetry from the position of servitude to the discursive mastery of psychoanalysis. Placing the poetry and psychoanalysis together in a mutually illuminating dialogue, this book clearly demonstrates the ways in which the vital connection between post-Freudian psychoanalysis and Thomas's early poetry can be articulated without reductive simplification.

Theory and Praxis Longman Publishing Group

By considering how adept readers behave and what assumptions they might make while interacting with literary text, *REVEL(TM) for Texts and Contexts: Writing About Literature with Critical Theory* teaches students the challenging art of writing about literature. The Seventh Edition provides overviews of literature and how to write about it, as well as critical and literary theory with examples throughout. Students will learn versatile strategies in reading, writing, interpreting data, and constructing arguments that can be applied to virtually any field. *REVEL* is

Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL gives students everything they need for the course. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

A Reader's Guide to Contemporary Literary Theory A&C Black

Magical realism can lay claim to being one of most recognizable genres of prose writing. It mingles the probable and improbable, the real and the fantastic, and it provided the late-twentieth century novel with an infusion of creative energy in Latin America, Africa, Asia, and beyond. Writers such as Alejo Carpentier, Gabriel García Márquez, Isabel Allende, Salman Rushdie, Ben Okri, and many others harnessed the resources of narrative realism to the representation of folklore, belief, and fantasy. This book sheds new light on magical realism, exploring in detail its global origins and development. It offers new perspectives of the history of the ideas behind this literary tradition, including magic, realism, otherness, primitivism, ethnography, indigeneity, and space and time.

Routledge

This book not only discloses and examines different functions and

concepts of authorship in fiction and theory from the 1950s and 1960s to the present but it also reveals, at least implicitly, a trajectory of some of the modes and functions of the novel as a genre in the last few decades. It argues that the explicit terms of much of the theoretical and philosophical debate surrounding the concept of authorship in the moment of High Theory in the 1980s had already been engaged, albeit often more implicitly, in literary fictions by writers themselves. This book examines the fortunes of the authorship debate and the conceptualisations and functions of authorship before, during, and after the Death of the Author came to prominence as one of the key foci for the moment of High Theory in the 1980s.

INTERFACE A NATIONAL RESEARCH ANTHOLOGY ON INDIGENOUS LANGUAGE, LITERATURE & CULTURE
PartridgeIndia

Featuring contributions from internationally-recognized scholars in the study of the Pentateuch, this volume provides a comprehensive survey of key topics and issues in contemporary pentateuchal scholarship. The Oxford Handbook of the Pentateuch considers recent debates about the formation of the Pentateuch and their implications for biblical scholarship. At the same time, it addresses a number of issues that relate more broadly to the social and intellectual worlds of the Pentateuch. This includes engagements with questions of archaeology and history, the Pentateuch and the Samaritans, the relation between the Pentateuch and other Moses traditions in the Second Temple period, the Pentateuch and social memory, and more. Crucially, the Handbook situates its discussions of current developments in pentateuchal studies in relation to the field's long

history, one that in its modern, critical phase is now more than two centuries old. By showcasing both this rich history and the leading edges of the field, this collection provides a clear account of pentateuchal studies and a fresh sense of its vitality and relevance within biblical studies, religious studies, and the broader humanities.

Key Concepts in Crime Fiction John Wiley & Sons

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Literary Theory: A Very Short

Introduction Cengage Learning

Cognition, Literature, and History models the ways in which cognitive and literary studies may collaborate and thereby

mutually advance. It shows how understanding of underlying structures of mind can productively inform literary analysis and historical inquiry, and how formal and historical analysis of distinctive literary works can reciprocally enrich our understanding of those underlying structures. Applying the cognitive neuroscience of categorization, emotion, figurative thinking, narrativity, self-awareness, theory of mind, and wayfinding to the study of literary works and genres from diverse historical periods and cultures, the authors argue that literary experience proceeds from, qualitatively heightens, and selectively informs and even reforms our evolved and embodied capacities for thought and feeling. This volume investigates and locates the complex intersections of cognition, literature, and history in order to advance interdisciplinary discussion and research in poetics, literary history, and cognitive science.

Literary Criticism Macmillan International Higher Education

'The best introduction to literary study on the market' Jonathan Culler, Cornell University 'The most un-boring, unnerving, unpretentious textbook I've ever come across' Elizabeth Wright, University of Cambridge 'It is by far the best and most readable of all such introductions that I know of...The treatment of the various topics is masterful, even-handed, and informative. I cannot think of a better introduction for undergraduates, to be sure, but for many graduate students too.' Hayden White, University of California at Santa Cruz I don't know of any book that could, or does, compete with this one. It is irreplaceable' Richard Rand, University of Alabama (Bennett and Royle have) cracked the problem of how to be introductory and

sophisticated, accessible but not patronising.' Peter Buse, English Subject Centre Newsletter An Introduction to Literature, Criticism and Theory provides a completely fresh and original introduction to literary studies. Bennett & Royle approach their subject by way of literary works themselves (a poem by Emily Dickinson, a passage from Shakespeare, a novel by Salman Rushdie), rather than by way of abstract theoretical ideas and isms. In thirty-two short chapters they focus on a range of familiar-looking terms (character, the author, voice, narrative) as well as less obvious ones (laughter, pleasure, ghosts, secrets) in order to show why such literary texts are so compelling. This

third edition updates and expands on earlier editions, and includes new chapters on: *creative writing *literature and film *war *monsters, mutants and the inhuman An Introduction to Literature, Criticism and Theory avoids what is so frequently tiresome or intimidating about 'theory', offering instead an introduction that is consistently entertaining, thought provoking and surprising. The Authors The authors have wide experience of teaching and lecturing on literature and literary theory at universities in Britain, Europe and the United States. Andrew Bennett is Professor of English at the University of Bristol and Nicholas Royle is Professor English at the University of Sussex.
