Exam board: OCR (Specification B, SHP)  
Level: GCSE (9-1) Subject: History First teaching: September 2016 First exams: Summer 2018 An OCR endorsed textbook. Help more students to access the content for OCR GCSE History B (SHP) with this Foundation Edition, designed to work alongside the mainstream textbook for effective co-teaching in the same class. Covering The Making of America 1789-1900, this book: br" Follows the same structure and page numbers as the mainstream textbook so that students of all abilities can explore the same enquiries brbr" Simplifies and reduces the text on each page, using carefully-controlled vocabulary and clear explanations of key terms brbr" Focuses on the key points that students need to understand and includes new content summaries at the end of each enquiry to reinforce learning

OCR GCSE History SHP: The Norman Conquest 1065-1087 John Catt  
On September 27, 1066, Duke William of Normandy sailed for England with hundreds of ships and over 8,000 men. King Harold of England, weakened by a ferocious Viking invasion from the north, could muster little defense. At the Battle of Hastings of October 14, he was

outflanked, quickly defeated, and killed by William's superior troops. The course of English history was altered forever. Three years later, Walt, King Harold's only surviving bodyguard, is still emotionally and physically scarred by the loss of his king and his country. Wandering through Asia Minor, headed vaguely for the Holy Land, he meets Quint, a renegade monk with a healthy line of skepticism and a hearty appetite for knowledge. It is he who persuades Walt, little by little, to tell his extraordinary story. And so begins a roller-coaster ride into an era of enduring fascination. Weaving fiction around fact, Julian Rathbone brings to vibrant, exciting, and often amusing life the shadowy figures and events that preceded the Norman Conquest. We see Edward, confessing far more than he ever did in the history books. We meet the warring nobles of Mercia and Wessex; Harold and his unruly clan; Canute's descendants with their delusions of grandeur; predatory men, pushy women, subdued Scots, and wily Welsh. And we meet William of Normandy, a psychotic thug with interesting plans for the "racial sanitation" of the Euroskeptics across the water. Peppared with discussions on philosophy, dentistry, democracy, devils, alcohol, illusions, and hygiene, The Last English King raises issues, both daring and delightful, that question the nature of history itself. Where are the lines between fact, interpretation, and re-creation? Did the French really stop for a two-hour lunch during the Battle of Hastings?

The years between 900 and 1200 saw transformative social change in Europe, including the creation of extensive town-dwelling populations and the proliferation of feudalised elites and bureaucratic monarchies. In England these developments were complicated and accelerated by repeated episodes of invasion, migration and changes of regime. In this book, scholars from disciplines including history, archaeology and literature reflect on the major trends which shaped English society in these years of transition and select key themes which encapsulate the period. The authors explore the landscape of England, its mineral wealth, its towns and rural life, the

health, behaviour and obligations of its inhabitants, patterns of spiritual and intellectual life and the polyglot nature of its population and culture. What emerges is an insight into the complexity, diversity and richness of this formative period of English history.

What is History Teaching, Now? A practical handbook for all history teachers and educators HarperCollins UK  
Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. "A tour de force."—The New York Times Book Review For Kivrin, preparing to travel back in time to study one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a

crisis strangely linking past and future  
strands Kivrin in a bygone age as her

fellows try desperately to rescue her. In a  
time of superstition and fear,  
Kivrin—barely of age herself—finds she

has become an unlikely angel of hope  
during one of history's darkest hours.
