“A dynamic story line that grips from the first chapter and doesn't let go.” --Midwest Book Review, Diane Donovan (regarding Once Gone) From #1 bestselling mystery author Blake Pierce comes a

new masterpiece of psychological suspense. In *A TRACE OF VICE* (Book #3 in the Keri Locke mystery series), Keri Locke, Missing Persons Detective in the Homicide division of the LAPD, follows a fresh lead for her abducted daughter. It leads to a violent confrontation with The Collector—which, in turn, offers more clues that may, after all this time, reunite her with her daughter. Yet at the same time, Keri is assigned a new case, one with a frantic ticking clock. A teenage girl has gone missing in Los Angeles, a girl from a good family who was duped into drugs and abducted into a sex trafficking ring. Keri is hot on her trail—but the trail is moving fast, with the girl being constantly moved and with her abductors' single, nefarious goal: to cross her over the border with Mexico. In an epic, breathtaking, cat and mouse chase that takes them through the seedy underworld of trafficking, Keri and Ray will be pushed to their limits to save the girl—and her own daughter—before it is all too late. A dark psychological thriller with heart-pounding suspense, *A TRACE OF VICE* is book #3 in a riveting new series—and a beloved new character—that will leave you turning pages late into the night. "A masterpiece of thriller and mystery! The author did a magnificent job developing characters with a psychological side that is so well described that we feel inside their minds, follow their fears and cheer for their success. The plot is very intelligent and will keep you entertained throughout the book. Full of twists, this book will keep you awake until the turn of the last page." --Books and Movie Reviews, Roberto Mattos (re *Once Gone*) Book #4 in the Keri Locke series is also now available!

The present work, the result of some forty years of investigative research, is a logical progression from my previous books: the expose of the international control of monetary issue and banking practices in the United States; a later work revealing the secret network of organizations through which these alien forces wield political power—the secret committees, foundations, and political parties through which their hidden plans are implemented; and now; to the most vital issue of all, the manner in which these depredations affect the daily lives and health of American citizens. Despite the great power of the hidden rulers, I found that only one group has the power to issue life or death sentences to any American—our nation's physicians. I discovered that these physicians, despite their great power, were themselves subjected to very strict controls over every aspect of their professional lives. These controls, surprisingly enough, were not wielded by any state or federal agency, although almost every other aspect of American life is now under the absolute control of the bureaucracy. The physicians have their own autocracy, a private trade association, the American Medical Association. This group, which is headquartered in Chicago, Illinois, had gradually built up its power until it assumed total control over medical schools and the accreditation of physicians. The trail of these manipulators led me straight to the same lairs of the international conspirators whom I had exposed in previous books. I knew that they had already looted America, reduced its military power to a dangerously low level, and imposed bureaucratic controls on every American. I now discovered that their conspiracies also directly affected the health of every American. This conspiracy

has resulted in a documented decline in the health of our citizens. We now rank far down the list of civilized nations in infant mortality and other significant medical statistics. I was able to document the shocking record of these cold-blooded tycoons who not only plan and carry out famines, economic depressions, revolutions and wars, but who also find their greatest profits in their manipulations of our medical care. The cynicism and malice of these conspirators is something beyond the imagination of most Americans. They deliberately mulct our people of millions of dollars each year through "charitable" organizations and then use these same organizations as key groups to bolster their Medical Monopoly. Fear and intimidation are the basic techniques by which the conspirators maintain their control over all aspects of our health care, as they ruthlessly crush any competitor who challenges their profits. As in other aspects of their "behavioural control" over the American people, their most constantly used weapon against us is their employment of federal agents and federal agencies to carry out their intrigues. The proof of this operation may be the most disturbing revelation of my work.

A one-night stand with a single, widowed dad can change everything. "What the f\*ck have I done?" aren't the first words you want to hear after a one-night stand. Yet that's what he gave me. Dallas Barnes is tall, dark, and handsome. He's also scarred, rough, and broken down by burdens. A single dad. A widower. A lost soul. We found each other in the back of a dark pub. He brought the whiskey. I brought the bad decisions. He called it a mistake. I vowed never to speak to him again. That vow is broken

with one test. Two pink lines have turned my life upside down. One night can change everything.

Create awesome iOS and Android apps with a single tool! Flutter is an app developer's dream come true. With Google's open source toolkit, you can easily build beautiful apps that work across platforms using a single codebase. This flexibility allows you to get your work out to the widest possible audience. With Flutter already being used by thousands of developers worldwide in a market where billions of apps are downloaded every year, now is the right time to get ahead of the curve with this incredible tool. Flutter for Dummies is your friendly, ground-up route to creating multi-platform apps. From how to construct your initial frameworks to writing code in Dart, you'll find the essentials you need to ride the Flutter revolutionary wave to success. This book includes how to create an intuitive and stunning UI, add rich interactivity, and easily pull in data. You'll also see how Flutter features like Hot Reload—providing sub-second refreshes as you refine your work—help you make sure your app is a delight to use. Start simple: follow steps to build a basic app It's alive! Keep connected to online data It moves! Make things fun with animated features Get the word out: use tips to expand your audience Whether you're a fledgling developer or an expert wanting to add a slick feather to your programming cap, join the Flutter revolution now and soar above the rest!

Murder by Injection Tata McGraw-Hill Education

I'm the type of girl who's given up on fairy tales. So when Beck – the hot new busboy at work – starts flirting with me, I know better than to get my hopes up. Happily ever afters aren't for the average. I learned that the hard way. But how can I be expected to resist a man who can quote Austen, loves making me laugh, and seems to be everything hot and good in this world? Only there's so much more to him than that. Billionaire playboy? Check. Troubled soul? Check. The owner of my heart, the man I've moved halfway across the country to be with, who's laying the world at my feet in order to convince me to never leave? Check. Check. Check. But nobody does complicated like the one percent. This is not your everyday rags-to-riches, knight-in-shining armor whisking the poor girl off her feet kind of story. No, this is much messier. "Rich Boy takes you on a literal ride! Funny. Angsty. There's mean rich people and people you root for. It's a definite recommend from me! –Tijan, New York Times bestselling author "Rich Boy was witty, exciting and had the most intense slow burn romance I've read in a long time. The complexity of the characters was refreshing and made me wish for more!"—Audrey Carlan, #1 New York Times bestselling author

This iPad interactive book is an indispensable tool for pilots seeking the Airbus A320 type rating. This study guide offers an in-depth systems knowledge with pictures, videos and schematics not found in other publications. It is packed with detailed and useful information to prepare any candidate for command and responsibility of the A320 equipped with IAE or CFM engines.

*The Language of Gaming* iUniverse

'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually being replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and

camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Disheveled Houghton Mifflin Harcourt

I refuse to let this woman have any power over me. She's just my prisoner. But once my Muse is in trouble, I'll do anything to save her. Anything to protect her. She was supposed to inspire me,

please me. She was never supposed to care about me. Or make me care about her.

*The Artist as Curator* Kylie Scott LLC

A man can only have one great love, and mine was the sea. Until I pulled a half-drowned heiress out of the water. Until I kept her as mine. Until I hurt her to prove I didn't love her. Now we're surrounded. Dangerous pirates want to use her for their own purposes. I won't give her up that easy. I have a lifetime of treasure to protect. But with the ship going down, there's only one thing I want to save. Her. A Deal with the Devil is book two in the Devil trilogy by USA Today bestselling author Amelia Wilde.

The Devil and the Deep Blue Sea must be read first.
