*Theories of Political
Protest and Social
Movements* Pearson
Education India

This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of *Political Ideologies*: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context

Includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.

AN INTRODUCTION TO POLITICAL THEORY

Manohar Publishers
The most comprehensive overview of Indian politics till date, the companion incorporates the best social science knowledge available on the developments in Indian politics and provides an analytical perspective of how such issues are best

understood.

AN INTRODUCTION

John Wiley & Sons
 Political protest and social movements are ubiquitous phenomena. This book focuses on the current theoretical approaches that aim at explaining them: the theory of collective action, the resource mobilization perspective, political opportunity structure theory, the identity approach, the framing perspective, and the dynamics of contention approach. The book has three objectives: (1) Many basic concepts like political opportunities or identity are not clearly defined. It is further often a matter of interpretation what factors are supposed to affect which phenomena. The first

aim is therefore to provide a detailed introduction to and a clear restatement of the theories. Only then is it possible to assess and improve them. (2) For each theory the major strengths and weaknesses are discussed, and various modifications and extensions are suggested. (3) Building on these analyses, it is shown how the theories can be integrated into a single theoretical paradigm: the structural-cognitive model.

Industrial Relations, Trade Unions, and Labour Legislation: An Introduction to Political Theory O.P.

Gauba Examines a fairly wide range of issues concerning the ever-expanding field of political theory, in a multidisciplinary

(historical-sociological-economic-philosophical-juristic) perspective. It elaborates the nature and significance of political theory, concept of ideology with a concise and critical discussion of major political ideologies, nature of politics and various approaches to its study including empirical, normative, behavioural, post-behavioural as well as interdisciplinary approach. It elucidates the concepts of the state and sovereignty with reference to the challenges of imperialism, colonialism, neo-colonialism, impact of globalization, grounds and limits of political obligation, various dimensions of law (including rule of law),

power (along with authority and legitimacy) citizenship (including democratic citizenship), human rights, liberty (including freedom as emancipation), equality (including equality of opportunity), justice (including social justice) and the common good. Then it dwells on various models and theories of democracy (including participatory and deliberative democracy), indicating the significance of multiculturalism. Finally it gives a critical account of the theories of social change and development with special reference to the problems of underdevelopment, sustainable development and political

developmentAn Introduction to Political Theory Social and Political Philosophy introduces some of the most important topics in contemporary political philosophy and questions whether these can be accommodated within the framework of liberal theory. It consists of specially written essays by prominent figures in social and political philosophy. Each essay carefully considers both the theoretical and practical problems of a major topic. Traditional perspectives are balanced with new challenges. Topics include: * Moral Methodology * Libertarianism * Socialism * Lesbian and Gay Perspectives *

Feminism * Racial and Multicultural Perspectives * Rationality * Welfare Liberalism * Environmentalism * Virtue Ethics and Community * Just War Theory and Pacifism * Civil Disobedience. A Multidisciplinary Introduction, Critique, and Synthesis S. Chand Publishing In this provocative and engaging new book, Randy Barnett outlines a powerful and original theory of liberty structured by the liberal conception of justice and the rule of law. Drawing on insights from philosophy, political theory, economics, and law, he shows how this new conception of liberty can confront, and solve, the central societal problems of knowledge, interest,

and power. - ;What is liberty, as opposed to license, and why is it so important? When people pursue happiness, peace, and prosperity whilst living in society, they confront pervasive problems of knowledge, interest, and power. These problems are dealt with by ensuring the liberty of the people to pursue their own ends, but addressing these problems also requires that liberty be structured by certain rights and procedures associated with the classical liberal conception of justice and the rule of law. In this controversial new work, Barnett examines the serious social problems that are addressed by liberty and the background or

`natural' rights and `rule of law' procedures that distinguish liberty from license. He goes on to outline the constitutional framework that is needed to protect this structure of liberty. This is the only discussion of the liberal conception of justice and the rule of law to draw upon insights from philosophy, economics, political theory, and law to describe comprehensively the vital social functions performed by adherence to these concepts. And, although the book is intended to challenge specialists, its clear and accessible prose ensure that it will be of immense value to both scholars and students working in a range of

academic disciplines. -

POLITICAL IDEOLOGIES

SAGE Publications Pvt.
Limited

Thomas Hobbes, the first great English political philosopher, has long had the reputation of being a pessimistic atheist, who saw human nature as inevitably evil and proposed a totalitarian state to subdue human failings. In this illuminating study, Richard Tuck re-evaluates Hobbes's philosophy and dispels these myths, revealing him to have been passionately concerned with the refutation of scepticism, and to have developed a theory of knowledge which rivalled that of Descartes in its importance. ABOUT THE SERIES: The Very

Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

POLITICAL THEORY

New Delhi : Sterling Publishers

This collection of essays raises and answers important questions on political theory - What is its relevance in our times? What is it meant to do? How is it different from other forms of

enquiries? The author explores deeper issues in the philosophy of social science- individualism, ethnocentrism, teleology, social ontology, and the object-like presence of social meanings.

INDIAN POLITICAL THOUGHT

Routledge

'A very excellent book ... A masterpiece of balanced exposition.'
Sir Harold Nicolson,
Daily Telegraph

An Introduction To Political Theory (4 Edition) Routledge

A precise, analytical and critical account of the fundamentals of political theory and the major concepts used in political analysis. This book offers an introduction to major political theories for the first learners of

political science at the graduate level as well as those interested in building a strong groundwork of the subject. It cites Indian and global examples and discusses real-life applications of these theories to make the theories and concepts relatable and approachable. The book offers a compact overview of the concepts of state, society, civil society, justice, law, freedom, equality and others along with critical discussions on premier political ideologies of Marxism, Liberalism, Anarchism, Fascism, Gandhism and much more. Enriched by the author's long-term experience in research and teaching on the subject, this textbook will prove to be an essential companion

for students of political science, sociology and social work as well as Civil Services aspirants. Key Features: • Special focus on Indian political theory and the course of its development. • Encourages the readers to ponder and debate further. • Presents a practical perspective, by contextualizing the theories within real-life situations.

Contemporary Indian Foreign Policy

Rowman & Littlefield Political Theory is about the description, observation, analysis and inquiry into the issues of political science. Divided into 15 chapters, the book captures all relevant aspects of political science and analyses them in the light of examples from India

and the rest of the world. Through a thorough examination of various political institutions, the role of different social groups and the evolution of our politics, this book will help students understand the basic concepts and notions of political theory, and illustrate how these concepts apply to political systems across the world.

Oxford University Press, USA
Political Theory at Stanford approaches the study of justice, legitimacy, and power by conjoining normative theory, positive theory and the intellectual history of political thought. Among the topics with which our faculty and students are concerned are democracy,

equality, global justice, international relations, realism and idealism, education, deliberation, institutional innovation, and the organization of knowledge. This book on Political Theory examines a fairly wide range of issues on political theory and explores the major issues of it by presenting the perspectives of major theorists. This gracefully structured, intellectually rigorous book gives students necessary historical background while examining basic themes and assessing the validity of basic arguments. It elaborates the nature and significance of political theory, presented in a clear, direct style, which can be easily understood

by the students with little previous exposure to political science. Rather than simply presenting an abstract of the major issues of political theory, it examines leading arguments with all the major concepts. It is particularly designed to cater to the need of the students and teachers of several universities, colleges, and for the students preparing for various competitive examinations."e;
Western Political Thought Harvard University Press
 Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning,

organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
Themes and Thinkers OUP India
 Indian Political Thought: Themes and Thinkers covers all major Indian political thinkers from the ancient, through medieval to the modern times. Thus,

this book provides an overview of the evolution of the Indian political thought through different historical periods, giving an insight into the sociological and political conditions of the times that shaped the Indian political thinking. It does not only talk about the lives and times of the thinkers, but also explores the important themes that formed the basis of their political ideologies. The chapters discuss the contributions of the thinkers and at the same time examine some important themes including the theory of state, civil rights, ideal polity, governance, nationalism, democracy, social issues like gender and caste, swaraj,

satyagraha, liberalism, constitutionalism, Marxism, socialism and Gandhism. With a comprehensive coverage of both the thinkers and the themes of the Indian political thought, this book caters to needs of the undergraduate as well as the post graduate courses of all Indian universities. It is valuable also for UGC-NET and civil service examinations. *Social and Political Philosophy* Routledge College textbook. Immigration in Western Europe and the United States Pearson Education India Joseph S. Roucek brings together theories from the major political movements of the twentieth century and guides readers through the waves of political

change with approaches to Marxism, Communism, Colonialism, the Welfare State, and more. Joseph S. Roucek was a political theorist and author. He wrote or co-authored several books on education and politics including The Czechs and Slovaks in America, Behind the Iron Curtain, America's Ethnic Politics, and Slow Learner.

CONTEMPORARY PERSPECTIVES
