Demon Liberated SAGE  
Despite multiple degrees  
and business success, in  
his heart Jeremy Strauss  
feels he's never measured  
up. While he hasn't lacked

for men or women to  
share his bed, Jeremy has  
yet to find someone who  
sees beyond his muscles  
and perfect smile. Taking  
it slow with a lover isn't  
how he operates, but  
something about the shy  
accountant he rescues in  
a snowstorm makes him  
want this time to be

different. So what if Blake  
drops little comments  
here and there about  
Jeremy's pretty face?  
Their relationship is  
perfect. Or is it? Lonely  
most of his life, Blake  
Myers is as careful with  
his heart as he is with a  
balance sheet. The last  
thing he expects is for a

man like Jeremy to fall for him, and he can't help but wait for the bubble to burst on their relationship. When the stress of a professional crisis turns personal, Blake sees the perfect relationship he and Jeremy have built start to crumble. Caught in an ever-tightening web of lies, rather than wait for Jeremy to leave him, Blake breaks it off and vanishes. Perfection is an illusion. Jeremy doesn't know which way to turn and for the first time in his life, he's lost and uncertain. Believing he's

no longer the man Jeremy needs, Blake sinks deeper into despair. Both men struggle with secrets, lies, and hurtful memories until they are forced to look inside their hearts and learn the truth—that love is perfectly imperfect.

New York Magazine  
Routledge

The author also includes an astute musical analysis of each piece, one that casual music lovers can easily appreciate and that musicians and more serious fans will find invaluable. The book also

includes basic information such as the various movements of the work, the organization of the chorus and orchestra, and brief historical notes on early performances."

"Choral Masterworks will appeal not only to concert goers and CD collectors, but also to this vast multitude of choral performers."--Jacket.

Legal, Financial & Regulatory Strategies

Simon and Schuster  
Aimée Israel-Pelletier examines the lives of Middle Eastern Jews living in Islamic societies in this

political and cultural history of the Jews of Egypt. By looking at the work of five Egyptian Jewish writers, Israel-Pelletier confronts issues of identity, exile, language, immigration, Arab nationalism, European colonialism, and discourse on the Holocaust. She illustrates that the Jews of Egypt were a fluid community connected by deep roots to the Mediterranean and the Nile. They had an unshakable sense of being Egyptian until the country turned toward the

Arab East. With Israel-Pelletier's deft handling, Jewish Egyptian writing offers an insider's view in the unique character of Egyptian Jewry and the Jewish presence across the Mediterranean region and North Africa.

### **The Casebook of Doctor Sababa**

Lawrence Winkler  
"I wish the Handbook of Ethnography had been available to me as a fledgling ethnographer. I would recommend it for any graduate student who contemplates a career in the field. Likewise for

experienced ethnographers who would like the equivalent of a world atlas to help pinpoint their own locations in the field." - Journal of Contemporary Ethnography  
"No self-respecting qualitative researcher should be without Paul Atkinson's handbook on ethnography. This really is encyclopaedic in concept and scope. Many "big names" in the field have contributed so this has to be the starting point for anyone looking to understand the field in

substantive topic, theoretical tradition and methodology." - SRA News Ethnography is one of the chief research methods in sociology, anthropology and other cognate disciplines in the social sciences. This Handbook provides an unparalleled, critical guide to its principles and practice. The volume is organized into three sections. The first systematically locates ethnography firmly in its relevant historical and intellectual contexts. The roots of ethnography are

pinpointed and the pattern of its development is demonstrated. The second section examines the contribution of ethnography to major fields of substantive research. The impact and strengths and weaknesses of ethnographic method are dealt with authoritatively and accessibly. The third section moves on to examine key debates and issues in ethnography, from the conduct of research through to contemporary arguments.

The result is a landmark work in the field, which draws on the expertise of an internationally renowned group of interdisciplinary scholars. The Handbook of Ethnography provides readers with a one-stop critical guide to the past, present and future of ethnography. It will quickly establish itself as the ethnographer's bible. Techniques and Interpretations Felice Stevens  
Arguably the most important American composer of the century,

Elliott Carter often has been more highly regarded in Europe than in his native land. Interest in his work has grown rapidly in recent years, however, and the celebration of his ninetieth birthday in December, 1998, accompanied by numerous performances and new recordings, undoubtedly will increase the attention of his fellow citizens to this remarkable figure. Authoritative and gracefully written, *The Music of Elliott Carter* engages composers,

performers, and critics, and speaks to concertgoers, whether attuned to or alarmed by the formidable difficulty of Carter's music. David Schiff views the music from the perspective of the composer's development and relates his compositional techniques to those nonmusical arts—contemporary American poetry in particular—with which Carter has been deeply involved. The volume benefits from Schiff's extensive discussions of

Carter's works with their most noted performers, including Heinz Holliger, Oliver Knussen, and Ursula Oppens, and from the generous cooperation of the composer himself. This new edition, a thoroughly reorganized, revised, and updated version of the book published in 1983, accounts for the many new works written by Carter since 1980 and accommodates the burgeoning critical literature on his music. Its features include many musical examples and a

selected discography. In addition to the new foreword, the composer has provided his listing of three-to-six note chords and a note on "Voyage." *My Gentle Nell* Indiana University Press  
 Vols. for 1957-61 include an additional (mid-January) no. called Directory issue, 1st-5th ed. The 6th ed. was published as the Dec. 1961 issue.

### **AMERICA'S 1ST FREEDOM**

Knopf Books for Young Readers  
 Nazi Germany, 1938.

Hilda van Ostrand knows that war is imminent, and though she is loyal to the Fatherland, her worries for the future cannot be denied, especially when it comes to her budding romance with Jesse Riker, a dashing American pilot. Caught between opposing brothers and delicate friendships, she hopes only to survive. But nothing prepares her for the arrival of a stranger with a secret that questions the only life she has ever known. Fleeing to London, Hilda soon becomes an important

asset in British Intelligence, but her past comes back to haunt her with Jesse's sudden arrival as a volunteer in the Royal Air Force. Their future together grows distant as Hilda's lies threaten to destroy the last semblance of identity she clings to. Her determination to protect Jesse from the truth does not stop the bombs that rain down on London, and when the tide of war pulls them apart again, it may be for the last time. A tale of betrayal, love, forgiveness, and God's

enduring faithfulness, *When the Lamps Go Out* illustrates the trials and triumphs of the human spirit and the harsh understanding and beauty of life in World War II Europe.

*Clinical Cardiac Electrophysiology* Oxford University Press

The Song Index features over 150,000 citations that lead users to over 2,100 song books spanning more than a century, from the 1880s to the 1990s. The songs cited represent a multitude of musical

practices, cultures, and traditions, ranging from ethnic to regional, from foreign to American, representing every type of song: popular, folk, children's, political, comic, advertising, protest, patriotic, military, and classical, as well as hymns, spirituals, ballads, arias, choral symphonies, and other larger works. This comprehensive volume also includes a bibliography of the books indexed; an index of sources from which the songs originated; and an alphabetical composer

index.

## **SELF CULTURE**

University of Chicago Press

The Enduring Importance of Leo Strauss takes on the crucial task of separating what is truly important in the work of Leo Strauss from the ephemeral politics associated with his school. Laurence Lampert focuses on exotericism: the use of artful rhetoric to simultaneously communicate a socially responsible message to the public at large and a

more radical message of philosophic truth to a smaller, more intellectually inclined audience. Largely forgotten after the Enlightenment, exotericism, he shows, deeply informed Strauss both as a reader and as a philosophic writer—indeed, Lampert argues, Strauss learned from the finest practitioners of exoteric writing how to become one himself. Examining some of Strauss's most important books and essays through this

exoteric lens, Lampert reevaluates not only Strauss but the philosophers—from Plato to Halevi to Nietzsche—with whom Strauss most deeply engaged. Ultimately Lampert shows that Strauss’s famous distinction between ancient and modern thinkers is primarily rhetorical, one of the great examples of Strauss’s exoteric craft. Celebrating Strauss’s achievements while recognizing one main shortcoming—unlike

Nietzsche, he failed to appreciate the ramifications of modern natural science for philosophy and its public presentation—Lampert illuminates Strauss as having even greater philosophic importance than we have thought before.

### **A LISTENER'S GUIDE**

Harper Collins  
The political philosophy of Leo Strauss has been the subject of significant scholarly and media attention in recent years, particularly in the context

of the decision to invade Iraq in 2003. Allegations that a group of Strauss-inspired Neo-conservatives intervened in the foreign policy establishment of the US in order to realise the policy of 'regime change' began to emerge soon after the invasion, and unanswered questions remain a decade later. This book addresses these claims, focusing specifically on a group of Straussians active in the spheres of intelligence production, think tanks, and the media during the period

from the 9/11 attacks to the invasion in 2003. Such an examination is intended not simply to identify and expose their activities promoting the policy of 'regime change' in Iraq during this period, but also to challenge them and the Straussian logics underpinning them. Utilising the thought of Jacques Derrida, the book enacts a deconstructive challenge to Strauss' political philosophy which unsettles the fundamental assumptions it relies upon. In doing so, it exposes the securitising

imperative underpinning Straussian thought and the Straussian interventions. It thereby simultaneously addresses crucial issues in political theory and contemporary foreign policy studies, while asserting that these dimensions of international politics can and should be dealt with in conjunction with each other. This book would be of interest to students and scholars of Global Politics, Political Theory, Security Studies and US Foreign Policy, and those outside the academy interested in

Neo-conservatism and the 2003 invasion of Iraq.

Billie's Wisdom  
You will love Harbour City. Most visitors to the island drive right through, without taking time to explore its attractions. But you're not most visitors. You will get to spend some time. Go head. Turn

on your radio. That's BC Bud, 101.3 FM on your Home and Native Band. He will announce your special arrival. And if you catch something more than a salmon, you could be referred to Doctor Sababa, an Internal Medicine consultant at Harbour City Regional, the Sage of the Salish Sea. He would amuse you with his wit and wisdom, and the spontaneous combustion and thrust they generate, often mixed in unequal proportions, as he dances with the devil in the pale moonlight. Before there

was artificial intelligence, he was the real thing, working in the mysterious old ways of a masterless samurai. In the myriad motions of all celestial objects, he was a meteor. With proper care, you might even survive your encounter. Welcome to the spring and summer of his Casebook. Welcome to Sababaland.

Elsevier India  
New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for

itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

*Christmas Bells* Springer Fully revised and updated, Dr. Josephson's classic text provides a thorough understanding of the

mechanisms of cardiac arrhythmias and the therapeutic interventions used to treat arrhythmias. This edition has a new full-color design, and a companion Web site offers the fully searchable text.

*Musical Courier* Routledge This book brings together articles and essays published over a period of about 60 years. These discussions lead to an assessment of Lawrence's poetry, showing how he has been regarded as a poet over the years, as well as analyzing the

intrinsic merit of his poetry.  
*Old and New* Lulu.com Pharmacists who refuse to fill prescriptions for contraceptives. Surgeons who pray in the OR. Pro-life clinics and end-of-life interventions, intelligent-design activists and stem-cell-research opponents. Is this the state of modern medicine in America? In *Blind Faith*, Dr. Richard P. Sloan examines the fragile balance and dangerous alliance between religion and medicine—two practices that have grown

disconcertingly close during the twenty-first century. While Sloan does not dispute the fact that religion can bring a sense of comfort in times of difficulty, he nevertheless believes, and in fact proves, that there is no compelling evidence that faith provides an actual

cure for any ailment. By exposing the flawed research, Sloan gives readers the tools to understand when good medical science is subverted and, at the same time, provides a thought-provoking examination into the origins and varieties of faith, and human nature

itself.

*Blind Faith* WestBow Press Includes: College directory [giving the name, locality, course of study, faculty, and number of students, of 175 or more of the Principal collegiate institutions of the United States]. [Boston, Robert Bros. 1872-74].
