Prey: Book One: Hell's
Heart Del Rey
NEW YORK TIMES
BESTSELLER A long time

ago in a galaxy far, far
away. . . . When the
Emperor and his notorious
apprentice, Darth Vader,
find themselves stranded
in the middle of insurgent
action on an inhospitable
planet, they must rely on

each other, the Force, and
their own ruthlessness to
prevail. "It appears things
are as you suspected,
Lord Vader. We are
indeed hunted." Anakin
Skywalker, Jedi Knight, is
just a memory. Darth

Vader, newly anointed Sith Lord, is ascendant. The Emperor's chosen apprentice has swiftly proven his loyalty to the dark side. Still, the history of the Sith Order is one of duplicity, betrayal, and acolytes violently usurping their Masters—and the truest measure of Vader's allegiance has yet to be taken. Until now. On Ryloth, a planet crucial to the growing Empire as a source of slave labor and the narcotic known as "spice," an aggressive resistance movement has

arisen, led by Cham Syndulla, an idealistic freedom fighter, and Isval, a vengeful former slave. But Emperor Palpatine means to control the embattled world and its precious resources—by political power or firepower—and he will be neither intimidated nor denied. Accompanied by his merciless disciple, Darth Vader, he sets out on a rare personal mission to ensure his will is done. For Syndulla and Isval, it's the opportunity to strike at the very heart of the ruthless dictatorship

sweeping the galaxy. And for the Emperor and Darth Vader, Ryloth becomes more than just a matter of putting down an insurrection: When an ambush sends them crashing to the planet's surface, where inhospitable terrain and an army of resistance fighters await them, they will find their relationship tested as never before. With only their lightsabers, the dark side of the Force, and each other to depend on, the two Sith must decide if the brutal bond they

share will make them victorious allies or lethal adversaries. Praise for Lords of the Sith “A compelling tale [that] gives us new insight into the relationship between Darth Vader and his master, Emperor Palpatine.”—New York Daily News “Endlessly fascinating . . . a tale [that is] not just compelling but completely thrilling.”—Big Shiny Robot “The best novel so far in this new era of official canon Star Wars stories.”—IGN “Packed with action . . . hard to put

down.”—Seattle Geekly New Dawn Random House The role of the Shanghai Cooperation Organization (SCO) in regional politics and the significance of the organization for U.S. interests are widely misunderstood. The organization is emphatically not a military bloc, and yet engages in joint activities which resemble military cooperation to U.S. eyes. It is, in theory, open to new members; but at present is highly unlikely to accept any. Its rhetoric firmly opposes U.S.

presence and activity on the territory of member states, and yet individual member states leverage basing agreements with the U.S. to their advantage. The author reviews SCO's history and stated aspirations, and measures these against actual achievements. He concludes that, with the notable exception of the Regional Anti-Terrorist Structure(RATS), the great majority of SCO accomplishments are of little significance other than to provide an additional multinational

vehicle through which China and in particular Russia can seek to counter U.S. and Western activity in Central Asia. Featuring the novels *Star Wars: Tarkin*, *Star Wars: A New Dawn*, and 3 all-new short stories *A New Dawn: Star Wars*

Set after the fall of the Empire and before the emergence of the First Order, *The Mandalorian* follows the travails of a lone gunfighter--and his unlikely charge--in the outer reaches of the galaxy far from the authority of the New

Republic. Featuring sixteen double-sided pull-out posters, this collectible book is full of exciting artwork of the *Mandalorian*, the Child, and more! *Dark Disciple* Disney Electronic Content Fans of the literary phenomenon known as the *Twilight* series can't help wanting more. *A New Dawn* gives it to them, inviting readers to join some of their favorite YA authors as they look at the series with fresh eyes and fall in love with Edward, Bella, and the

rest of Forks, Wash., all over again. Edited by bestselling author Ellen Hopkins, *A New Dawn* is packed with the same debates readers engage in with friends: Should Bella have chosen Edward or Jacob? How much control do Meyer's vampires and werewolves really have over their own lives? The collection also goes further: Is Edward a romantic or a (really hot) sociopath? How do the Quileute werewolves compare to other Native American wolf myths? What does the *Twilight*

series have in common with Shakespeare? With contributions from Megan McCafferty, Cassandra Clare, Rachel Caine, and many more, A New Dawn answers these questions and more for a teen (and adult!) audience hungry for clever, view-changing commentary on their favorite series.

An Epic Poem BenBella Books

From widespread unemployment and mounting international hostilities, every day we are swept into more political chaos—so one

brave man looks to the Star Wars universe for answers to our most urgent problems. “You can’t stop the change — anymore than you can stop the sun from setting.” Anakin Skywalker was never able to live with this wisdom shared by his mother on the day he left home to train as a Jedi Knight. That failure led him to becoming the fearsome villain we all know as Darth Vader. We’re living in a time of unprecedented and rapid change. An age of chaos.

Democracies are in decline worldwide. Dictators are ascendant. Civic organizations are crumbling. People feel lonelier and more rudderless than in any other time in recent history. We’ve tried to slow down, and in some cases we, like Anakin, have tried stop the change, but failed at every turn. The fears that come with living in an age of disruption have produced public anger, and that anger has swelled movements of hate. Author Stephen Kent

believes part of the solution is hiding in plain sight. A story that binds together multiple generations with a common language, a moral framework, and a sense of wonder. It's Star Wars. What if we looked to Star Wars for more than just entertainment? How the Force Can Fix the World takes this challenge on by analyzing the core principles of the Star Wars franchise: HOPE, CHOICE, HUMILITY, EMPATHY, REDEMPTION, BALANCE and rejecting FEAR. Together, these are the

Star Wars roadmap for living better lives, and maybe even fostering a better politics. The path that we're on — where fear leads to anger, and anger to hatred — will only end in suffering. But Star Wars shows us the way back from the brink. Shared stories of virtue that are beloved across cultures and political divides are hard to come by, but Star Wars is one such story. Turn on the news; things are pretty broken right now — but the Force can fix the world.

Razor's Edge

CreateSpace

An all-new novel based upon the explosive Star Trek TV series! A shattered ship, a divided crew—trapped in the infernal nightmare of conflict! Hearing of the outbreak of hostilities between the United Federation of Planets and the Klingon Empire, Captain Christopher Pike attempts to bring the USS Enterprise home to join in the fight. But in the hellish nebula known as the Pergamum, the stalwart commander instead finds

an epic battle of his own, pitting ancient enemies against one another—with not just the Enterprise, but her crew as the spoils of war. Lost and out of contact with Earth for an entire year, Pike and his trusted first officer, Number One, struggle to find and reunite the ship's crew—all while Science Officer Spock confronts a mystery that puts even his exceptional skills to the test...with more than their own survival possibly riding on the outcome...

STAR WARS: CRIMSON REIGN

Disney Lucasfilm Press
"This collection of stories tells the origin of that tribe. It includes all eight of the Lost tribe of the Sith stories, as well as Pandemonium, the final chapter."--Publisher description.

Star Wars: Tarkin Simon and Schuster

In war, no one is safe. War has come to Thornstone, Tarkin's Point, and Thoriddon, throwing all three nations into chaos. Led by the demon lord

Vagborar, the legions of orcs are bent on nothing less than the total annihilation of both human and dwarf. With their demonic allies, they just might succeed. But not without a fight. As Serena tries to find answers and a path to victory, Orin and Brom fight with both sword and spell to turn back the tide of darkness. Beside them are a kingdom of dwarves and a city of humans, but even they may not be enough to beat back such a force. If they hope to survive, they need to

come together, but with each nation under siege, uniting as one is easier said than done. When one of them is freed from battle, hope is rekindled, but prejudices rise to the surface, threatening everything. If any of them hope to survive, past actions and old hatreds must be forgotten. Hard decisions and painful sacrifices must be made. And pride and egotism must be set aside for the greater good. If not, a new age of evil will dawn upon the world.
A Star Trek novel Del Rey

Here is the explosive conclusion of the blockbuster trilogy that chronicles the never-before-told story of the young Han Solo. Set before the Star Wars(r) movie adventures, these books chronicle the coming-of-age of the galaxy's most famous con man, smuggler, and thief. The Millennium Falcon is "the fastest hunk of junk in the galaxy." So when Han Solo wins it in a game of sabacc, he and Chewbacca become kings of the smugglers--uncatchable, unstoppable.

But with the Empire clamping down, Han knows his luck can't last. Still, when an old girlfriend who is now the leader of an insurgent Rebel group offers him a shot at an incredible fortune, Han can't resist. The plan seems a sure thing. The resistance will be light and the take enormous. Han and his friends will divide it equally with the Rebels. Too bad for Han that the planet of Ylesia is far from a pushover, that the Rebels have an agenda of their own, and that

smuggler friends can often turn into enemies...quicker than lightspeed. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Lords of the Sith: Star Wars Marvel Entertainment
Luke Skywalker takes on a high-stakes espionage operation to rescue a brilliant alien cryptographer

sympathetic to the rebel cause, a mission that will push his abilities as a Rebel fighter and would-be Jedi to the limit.
Star Wars 2015 Sampler
Simon and Schuster
The first novel in a new trilogy starring veteran New Republic pilots! On the brink of victory in a brutal war, five New Republic pilots transform from hunted to hunters in this epic Star Wars adventure. Set after Return of the Jedi, Alphabet Squadron follows a unique team, each flying a different

class of starfighter as they struggle to end their war once and for all. The Emperor is dead. His final weapon has been destroyed. The Imperial Army is in disarray. In the aftermath, Yrica Quell is just one of thousands of defectors from her former cause living in a deserters' shantytown—until she is selected to join Alphabet Squadron. Cobbled together from an eclectic assortment of pilots and starfighters, the five members of Alphabet are tasked by New Republic

general Hera Syndulla herself. Like Yrica, each is a talented pilot struggling to find their place in a changing galaxy. Their mission: to track down and destroy the mysterious Shadow Wing, a lethal force of TIE fighters exacting bloody, reckless vengeance in the twilight of their reign. The newly formed unit embodies the heart and soul of the Rebellion: ragtag, resourceful, scrappy, and emboldened by their most audacious victory in decades. But going from underdog

rebels to celebrated heroes isn't as easy as it seems, and their inner demons threaten them as much as their enemies among the stars. The wayward warriors of Alphabet Squadron will have to learn to fly together if they want to protect the new era of peace they've fought so hard to achieve. Part of a Marvel and Del Rey crossover event, Alphabet Squadron is the counterpart to Marvel's TIE Fighter miniseries, which follows the exploits of Shadow Wing as they

scheme to thwart the New Republic.

[Star Wars: The Force Awakens](#) Lucas Books Exiled to Tatooine, Obi-Wan Kenobi works to hide his Jedi powers and establish an alternate identity for himself as an eccentric hermit while protecting an infant Luke Skywalker and aiding the residents of Tatooine.

CANTO BIGHT (STAR WARS)

Ballantine Group Continuing the milestone 50th anniversary celebration of Star

Trek—an epic new trilogy that stretches from the events of The Original Series movie The Search for Spock to The Next Generation! When Klingon commander Kruge died in combat against James T. Kirk on the Genesis planet back in 2285, he left behind a powerful house in disarray—and a series of ticking time bombs: the Phantom Wing, a secret squadron of advanced Birds-of-Prey; a cabal of loyal officers intent on securing his heritage; and young Korgh, his thwarted would-be heir, willing to

wait a Klingon lifetime to enact his vengeance. Now, one hundred years later, while on a diplomatic mission for the United Federation of Planets, Captain Jean-Luc Picard and the crew of the USS Enterprise are snared in the aged Korgh's trap—and thrust directly in the middle of an ancient conflict. But as Commander Worf soon learns, Korgh may be after far bigger game than anyone imagines, confronting the Federation-Klingon alliance with a crisis

unlike any it has ever seen!

STAR WARS THE MANDALORIAN POSTER BOOK

Bantam

When they are forced to seek refuge in a territory controlled by pirates, Leia learns that the pirates are survivors from her home planet--which has been recently destroyed by the Death Star--who would gladly ransom her to the Empire.
