He reached maturity in a Nigeria that was rapidly advancing towards independent nationhood, with political institutions deriving largely from the traditions of the Christian West. As leader of the Northern Peoples Congress, the majority political party in Northern Nigeria, the Sardauna became the first Premier of that region in

The A List edition of Leo McKay's superb collection. Shortlisted for the Scotiabank Giller Prize, Like This takes you inside small-town Nova Scotia to expose the troubles that lie at its heart. Set in a fictional town called Albion Mines, (the old name for author Leo McKay's home town of Stellarton), Like This offers a gripping, and at times frightening, look at small-town Nova Scotia life. These superb stories are startling and often disturbing, filled with complexity and power. McKay portrays characters with astonishing depth and dead-on emotional rightness. The world is not fair in these stories. There is

pain, abuse, solitude; but somehow there is also hope. Featuring a new introduction by Scotiabank Giller Prize-winning author Lynn Coady.

couplets numbering thousands have been hailed widely for their deep spiritual fervour and poetic quality. They are widely read with rapture and regard by old and young alike in India. Kabir's couplets which are considered as rich gems for their spiritual message and worldly wisdom have not been rendered into English so far. Here are rhymed English verse translation of three hundred of them from a wide cross-section of the multifaced genius' utterances. Under each verse has been given a few lines in prose to help the reader grasp the underlying import of the message of the saint-poet.

For readers of *Invisible Women*, a powerful look at how our culture treats—or mistreats—the health concerns of women. In *Pain and Prejudice*, acclaimed investigative reporter Gabrielle Jackson takes readers behind the scenes of doctor's offices, pharmaceutical companies, and research labs to show that—at nearly every level of healthcare—men's health claims are treated as default, whereas women's are

often viewed as a-typical, exaggerated, and even completely fabricated. The impacts of this bias? Women are losing time, money, and their lives trying to navigate a healthcare system designed for men. Almost all medical research today is performed on men or male mice, making most treatments tailored to male bodies only. Even conditions that are overwhelmingly more common in women, such as chronic pain, are researched on mostly male bodies. Doctors and researchers who do specialize in women's healthcare are penalized financially, as procedures performed on men pay higher. Meanwhile, women are reporting feeling ignored and dismissed at their doctor's offices on a regular basis. Jackson interweaves these and more stunning revelations in the book with her own story of suffering from endometriosis, a condition that affects up to 20% of American women but is poorly understood and frequently misdiagnosed. She also includes an up-to-the-minute epilogue on the ways that Covid-19 are impacting women in different and sometimes more long-lasting ways than men. A rich combination of journalism and personal

narrative, *Pain and Prejudice* reveals a dangerously flawed system, and offers solutions for a safer, more equitable future.

This provocative book will help Christians understand what the Bible says about these threats and will show them how they

can safeguard themselves and their families through prayer. Now repackaged

for a new generation, The Invisible War offers a balanced look at what is going on

in the spiritual realm and what believers can do to defend themselves.
