Together for the twins Montana Twins by Charlotte Maclay Sheriff Eric Oakes didn't know the first thing about babies, and now he had to prove himself worthy of raising his twin nieces. Laura Cavendish had to make sure he'd be a suitable dad, and that meant finding this bachelor a wife. Her love for the little girls was so great that she agreed to take on the role. Would Eric and Laura learn that sometimes love comes after marriage? Baby Twins: Parents Needed by Teresa Carpenter Rachel Adams's independent life is turned upside down when she's named guardian to two orphaned twins, but in no time they steal her heart. When gorgeous co-guardian

Ford Sullivan turns up, he starts to take charge. Rachel realizes it's best for the babies if she and Ford work together. But being this close to Ford makes Rachel wonder whether stand-in mom and dad could become forever bride and groom... Previously published as Montana Twins and Baby Twins: Parents Needed The Tariff Review Kings Road Publishing Traceable as far back as the work of the path-breaking Chicago School of Sociology in the 1920s and 1930s, subculture and counterculture have long been conceptual staples of the discipline. Implemented originally to designate and describe smaller, often deviant or delinquent, groups within larger social communities, the terms gained pace in their use in mid-twentieth century criminological research, and especially with the development of Cultural Studies in the United Kingdom in the 1970s, where they became widely used to describe processes of social class-based opposition, resistance and protest. More recently, sociologists have

moved beyond a strict conformity-resistance model in accounting for the behaviour of sub-communities that coalesce around particular values, behaviours, or preferences. Indeed, contemporary sociological research has raised the possibility that the term subculture in particular may have entirely outgrown its usefulness. While the term counterculture has also languished, there is no doubt that the sorts of social groups to which these terms have historically referred are more extensive and colourful than ever. Certainly this is the case in sport. Put simply, all societies are replete with their own versions of Tribal Play which encompass and represent wider social patterns, processes, and struggles. This volume is a collection of 16 readings on aspects of sub-community life in sport that showcases the breadth and depth of sport subcultural research by a group of international scholars representing varied theoretical and methodological orientations. Some of the sport communities examined include soccer hooligans, endurance athletes, disabled athletes, environmentally conscious surfers, and X-Games participants. This fourth volume in the

Lexington Books

Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," *The Willpower Instinct* is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, *The Willpower Instinct* explains exactly what

willpower is, how it works, and why it matters. For example, readers will learn:

- Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep.
- Willpower is not an unlimited resource. Too much self-control can actually be bad for your health.
- Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower.
- Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control.
- Giving up control is sometimes the only way to gain self-control.
- Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models.

In the groundbreaking tradition of *Getting Things Done*, *The Willpower Instinct* combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

Congratulations You Have Just Met the ICF They Have Style, They Have Violence... The Intercity Firm Are All Your Worst Nightmares Come True

As EURO 2000 approached, attention once again focused on the potential threat posed by the activities of football hooligans. Not just those from England, but also from Holland, Belgium, Germany, Italy, France and even Turkey.

**Hooligan** Penguin

*Heart of Wisdom* is a book designed to empower the believer to overcome life's many obstacles by the wisdom of God. This book will locate where you are spiritually and reveal to the reader why

they may not be progressing in their walk with God. It is intended that wisdom clear the path to a blessed outcome. As you read Heart of Wisdom eventually you will come to your page with your issue and God will speak to you. He will bring in His light and truth. Let wisdom pave the way through your circumstance as you honor, receive and delight in Wisdom's counsel, instruction and perhaps correction. Wisdom has a path you see, and she is calling to you. Do you hear her? She is entreating you right now to draw near. She calls and calls from the rooftops of life saying, "Listen, for I will speak of excellent things." (Prov. 8:6, NKJV)

*Richard Rosny* Troubador Publishing Ltd  
The highly acclaimed author of *Everywhere We Go* makes his fiction debut with this hard-hitting, no-holds-barred account of football violence. Hooligan shoots down the myths behind those involved and exposes the lengths they will go to to achieve their ambition . . . Steven Morris and his firm of football thugs are the most feared in the country. For them the days of fighting on the terrace are long gone, a mugs game for the juniors and wannabes, a place where innocent people can get hurt, and that's not what Mozzer's firm are about. They only want to take on those who wish to take their 'title' away and somehow Mozzer always knows who, where and when to hit and hit hard. Up until now his network of 'scouts' and 'spotters' have always kept the firm one step ahead of the opposition, but is there someone trying to set them up for a bloody ending, and are the police finally closing in?

(1914-1915) Profile Books

From its first publication in 1997, *Altered State* established itself as the definitive text on Ecstasy and dance culture. This

new edition sees Matthew Collin cast a fresh eye on the heady events of the acid house 'Summer of Love' and the rave scene's euphoric escalation into commercial excess as MDMA became a mass-market narcotic. *Altered State* is the best-selling book on Ecstasy culture, using a cast of memorable characters to track the origins of the scene and its drug through psychedelic subcults, underground gay discos and the Balearic paradise of Ibiza, to the point where Tony Blair was using an Ecstasy anthem as an election campaign song. *Altered State* critically examines the ideologies and myths of the scene, documenting the criminal underside to the blissed-out image, shedding new light on the social history of the most spectacular youth movement of the twentieth century.

*Tribal Play* eBook Partnership

It all starts because of a school pageant. It isn't love at first sight, but rather, like at first sight. Crest Yuran has never felt like this before, a mixture of euphoria and terror. She is used to having more attention to dealing with sibling and financial matters. The only person she ever cares about is her twin brother, Camber Yuran, whom she relies on during their years in the orphanage. Now that Hazel Green, the goddess-like human being, has entered her life, everything may start to change. She starts to think that what she feels is wrong, but the longer she hides it, the more it grows. Hazel has green eyes, but Crest knows that what she feels is something deeper than those captivating eyes. However, she is afraid of being judged by who and what she is. The belief that what she feels is wrong is starting to suffocate her, and now she's starting to regret liking her. But one can never force themselves to stop this kind of feeling. She's the type of person to

not mind what anyone says, but for some reason, she's affected by such comments. Now, fear is locking her inside a cage, and she is the only one who has the key. Will she ever get out?

Congratulations You Have Just Met the ICF They Have Style, They Have Violence... The Intercity Firm Are All Your Worst Nightmares Come True Kings Road Publishing

The Way of the Spirit Christian Faith Publishing, Inc.

It was the look and the attitude that defined the UK in the 1980s. It was "a culture unto its own" that brought with it an unforgettable style that was as important as the team. It was about confrontation and being involved, a good fight and being part of the mob. This was the Casual movement—a new breed of soccer fan, bringing with them a new way to terrorize the terraces. Scotland led the way, and of them all, Aberdeen soccer club's Aberdeen Soccer Casuals (the ASC) became the most notorious, most feared, and most copied mob in the country. Told from a unique perspective at the heart of the action, this is their explosive and exhilarating story. Forthright, honest, and passionate, this is the only account you'll ever need to read about the most formidable fans in Scotland. It's time to meet the Aberdeen Soccer Casuals.

**Heart of Wisdom** Emerald Group Publishing

The Inter City Firm...hard, terrifyingly vicious, brilliantly organised, tremendously feared and highly fashionable. They were the most notorious firm of the Seventies and Eighties football hooligans this country has ever seen. For the first time ever, all the aces of the West Ham firm reveal

their memories and thoughts about the violence, the battles, the campaigns, the run-ins with the authorities, and all that came with it. Bestselling author Cass Pennant was one of the best-known figures of the I.C.F. He has used his unique position as a West Ham insider to bring together these first-hand accounts of the men who were at the eye of the storm, both on and of the terraces. These tales from the terraces range from the inflamed East End rivalry with Millwall, to the she-end battles with Chelsea, from aggravation at Anfield's Kop to the disaster in Heysel. These stories unfold against a backdrop of sharp fashion and music, such as The Cockney Rejects and Sham 69 that became the hallmark of the hooligans. **They Have Style, They Have Violence...the Intercity Firm Are All Your Worst Nightmares Come True**

Ukiyoto Publishing

Fans constitute a very special kind of audience. They have been marginalized, ridiculed and stigmatized, yet at the same time they seem to represent the vanguard of new relationships with and within the media. 'Participatory culture' has become the new normative standard. Concepts derived from early fan studies, such as transmedial storytelling and co-creation, are now the standard fare of journalism and marketing text books alike. Indeed, usage of the word fan has become ubiquitous. The Ashgate Research Companion to Fan Cultures problematizes this exaltation of fans and offers a comprehensive examination of the current state of the field. Bringing together the latest international research, it explores the conceptualization of 'the fan' and the significance of relationships between fans and producers, with particular attention to the intersection between online spaces and offline places. The twenty-two chapters of this volume elucidate the key themes of the fan studies vernacular. As the contributing authors draw from recent empirical work around the globe, the book provides fresh insights and innovative angles on the latest developments within fan cultures, both online and offline. Because the volume is specifically set up as companion for researchers, the chapters include recommendations for the further study of fan cultures. As such, it represents an essential reference volume for researchers and scholars in the fields of cultural and

media studies, communication, cultural geography and the sociology of culture.

**WOMAN'S HOME COMPANION**

Random House

In *The Spark*, Trevor Stubbs continues and concludes his *White Gates Adventures* series with a new standalone fantasy novel. Shaun, now aged 20, has never been as quick or confident as his elder sister Kakko, or as bright as his younger brother, Bandi. He has been the steady quiet one, opting for youth and community studies. But circumstances now threaten to destroy Shaun's way of life. How does he cope with the traumas that come his way? *The Spark* celebrates the gift of love that offers an opportunity for healing, and addresses issues of mental health, Post-Traumatic Stress Disorder and identity. Trevor's latest novel also has its lighter parts. There is humour and many of the fun elements of adventure and romance as, by means of the mysterious white gates, readers explore new places and revisit some old ones. The *White Gates Adventures* series will appeal to young adults, as well as readers who enjoy engaging with young people as they tussle with the conundrums of our existence.

Congratulations, You Have Just Met the Casuals Harlequin

Just by looking at someone, you might not be able to tell they have a disability. Diabetes is seen as a disability by the federal government. It is a major life-changing event. I have had type 1 diabetes for forty-four years, since I was three. This story shares my experiences growing up with the disease. Not just the disease itself, but my life which surrounds diabetes. People with diabetes, or maybe other diseases, will be able to understand the constant challenges. I share my story, which includes childhood antics, a discrimination lawsuit, a home invasion, pain felt dealing with diabetes, and life in general. Thank you very much for reading.

*Lotus be Lotus* Zondervan/Youth Specialties

Football in Central-Eastern and Eastern Europe has long functioned as a carrier of the three “non-normal” socio-political drivers that were effective below the surface of modernity, including the official self-image of European political systems, since the second half of the 20th century: Tribal Politics, Imaginal Politics, and Contextual Politics. All three are trends that are currently surfacing prominently on an international and global level. Long before the return of the now proverbial “Political Tribes” by the means of populisms and neo-authoritarianisms in societies around the world, football in Central-Eastern and Eastern Europe worked as a subconscious vehicle of group instincts and political moods that represented, mirrored, informed and influenced political behavior and governmental decisions both in the post-WWII communist and then, after 1989, the neo-capitalist societies located east of the former iron curtain. Football has always been used by both governments and their opponents, including the dissident civil society, to further coherence and to symbolically represent specific readings of power relations, system ideologies and history. Football in Central and Eastern Europe was always able to attract and include large parts of the population, inducing them to symbolically express protest against the government or to sustain the “politics from above”. Through football politics, aspects of the area’s specific political mechanisms are introduced and explained.

John Blake

The Long Way Home is about Loren Johnson and her three husbands, Aaron Garrett, Zack Taylor, and Kyle Garrett. The story begins in 1890 as Loren thinks about her life with Zack, her second husband. Suddenly she is shot and as she stands there bleeding, Zack, her second husband arrives with a gun in his hands and a smile on his face. Zack then pushes Loren into the well. As Loren descends down into the well she has a flash back to her life. When Loren opened her eyes, she finds she's still alive. She calls out for help, a man hears her and comes to pull her out. She takes one look at him and faints because she thinks it's her first husband Aaron. When she regains consciousness, she finds out that the man is Kyle Garrett, the great, great, great, great grandson of her husband, Aaron and the year is 2005. Loren and Kyle are married in order for Loren to have a home in this new time. One of the first conflicts in their marriage is Loren's baby by Aaron is born prematurely. Baby Caleb is born with a hole in his heart and has a blood disorder. Before Caleb was released from the hospital, a detective was accusing Loren and Kyle of murdering her first husband.
