"Haunting and provocative . . . Rowland's writing is compelling and masterful." —Delia Ephron, author of *The Lion Is In Once*, there were many transcriptionists at the Record, a behemoth New York City newspaper, but new technology has put most of

them out of work. So now Lena, the last transcriptionist, sits alone in a room--a human conduit, silently turning reporters' recorded stories into print--until the day she encounters a story so shocking that it shatters the reverie that has become her life. This exquisite novel, written by an author who spent more than a decade as a transcriptionist at the New York Times, asks probing questions about journalism and ethics, about the decline of the newspaper and the failure of language. It is also the story of a woman's effort to establish her place in an increasingly alien and alienating world. "The Transcriptionist is suffused with prescient insight into journalism, ethics, and alienation . . . A thought provoking, original work." —New York Journal of Books "Rowland seems that rare thing, the naturally gifted novelist . . . [She] deftly maps a very specific kind of urban loneliness, the inner ache of the intelligent, damaged soul who prefers the company of ideas and words to that of people . . . That urge--to make words holy--is at the heart of this novel's strange, sad beauty." —The Washington Post "The Transcriptionist holds many pleasures . . . [and] can be read through many lenses . . . Rowland plays with the notions of truth and reliability . . . Sharp and affecting." —The

New York Times Book Review “A strange, mesmerizing novel . . . about the decline of newspapers and the subsequent loss of humanity—and yes, these are related.” —Booklist, starred review “Ambitious and fascinating . . . Disturbing and powerful.” —Library Journal “Entering the city Rowland creates, with its tightly strung dialogue and soulful, lonely citizens, is a memorable experience.” —The Boston Globe “Unforgettable. Written with such delight, compassion, and humanity it’s newsworthy.”—Alex Gilvarry, author of *From the Memoirs of a Non-Enemy Combatant*

Soon to be a Major Motion Picture National Book Award Finalist—Fiction In the aftermath of the Civil War, an aging itinerant news reader agrees to transport a young captive of the Kiowa back to her people in this exquisitely rendered, morally complex, multilayered novel of historical fiction from the author of *Enemy Women* that explores the boundaries of family, responsibility, honor, and trust. In the wake of the Civil War, Captain Jefferson Kyle Kidd travels through northern Texas, giving live readings from newspapers to paying audiences hungry for news of the world. An elderly widower who has lived through three wars and fought in two of them, the captain enjoys his rootless, solitary existence. In Wichita Falls, he is offered a \$50 gold piece to deliver a young orphan to her relatives in San Antonio. Four years earlier, a band of Kiowa raiders killed Johanna’s parents and sister; sparing the little girl, they raised her as one of their own. Recently rescued by the U.S. army, the ten-year-old has once again been torn away from the only home she knows. Their 400-mile journey south through unsettled territory and unforgiving terrain proves difficult and at times

dangerous. Johanna has forgotten the English language, tries to escape at every opportunity, throws away her shoes, and refuses to act “civilized.” Yet as the miles pass, the two lonely survivors tentatively begin to trust each other, forming a bond that marks the difference between life and death in this treacherous land. Arriving in San Antonio, the reunion is neither happy nor welcome. The captain must hand Johanna over to an aunt and uncle she does not remember—strangers who regard her as an unwanted burden. A respectable man, Captain Kidd is faced with a terrible choice: abandon the girl to her fate or become—in the eyes of the law—a kidnapper himself.

A fun, playful look at the importance of first impressions—in design and in life—from acclaimed book designer Chip Kidd. First impressions are everything. They dictate whether something stands out, how we engage with it, whether we buy it, and how we feel. In Judge This, renowned designer Chip Kidd takes us through his day as he takes in first impressions of all kinds. We follow this visual journey as Kidd encounters and engages with everyday design, breaking down the good, the bad, the absurd, and the brilliant as only someone with a critical, trained eye can. From the design of your morning paper to the subway ticket machine to the books you browse to the smartphone you use to the packaging for the chocolate bar you buy as an afternoon treat, Kidd reveals the hidden secrets behind each of the design choices, with a healthy dose of humor, expertise, and of course, judgment as he goes. Judge This is a design love story, exposing

the often invisible beauty and betrayal in simple design choices—ones most of us never even think to notice. And with each object, Kidd proves that first impressions, whether we realize it or not, have a huge impact on the way we perceive the world.

**Build Your Life of Purpose and Impact Now** HarperCollins Drawn from the archives of the Charles M. Schulz Museum, an in-depth look at Peanuts with a “wealth of original art” (The New York Times). Charles M. Schulz believed that the key to cartooning was to take out the extraneous details and leave in only what's necessary. For fifty years, from October 2, 1950, to February 13, 2000, Schulz wrote and illustrated Peanuts, the single most popular and influential comic strip in the world. In all, 17,897 strips were published, making it “arguably the longest story ever told by one human being,” according to Robert Thompson, professor of popular culture at Syracuse University. For Only What's Necessary: Charles M. Schulz and the Art of Peanuts, renowned designer Chip Kidd was granted unprecedented access to the extraordinary archives of the Charles M. Schulz Museum and Research Center in Santa Rosa, California. Reproducing the best of the Peanuts newspaper strip, all shot from the original art by award-winning photographer Geoff Spear, Only What's Necessary also features exclusive, rare, and unpublished original art and developmental work—much of which has never been seen before. “Glorious...equal parts museum and monument, a masterwork of curatorial rigor and an affectionate homage.”—Brain Pickings

A Novel Go: A Kidd's Guide to Graphic Design

A "thought-provoking, meticulously researched" testament to

evangelical Christians' crucial contribution to American independence and a timely appeal for the same spiritual vitality today (Washington Times). At the dawn of the Revolutionary War, America was already a nation of diverse faiths-the First Great Awakening and Enlightenment concepts such as deism and atheism had endowed the colonists with varying and often opposed religious beliefs. Despite their differences, however, Americans found common ground against British tyranny and formed an alliance that would power the American Revolution. In *God of Liberty*, historian Thomas S. Kidd offers the first comprehensive account of religion's role during this transformative period and how it gave form to our nation and sustained it through its tumultuous birth -- and how it can be a force within our country during times of transition today.
