## **DRUMS FOR DUMMIES**

Hal Leonard Corporation (Drum Instruction). "Extreme Metal Drumming" is your guide to an exciting musical genre that features great technicality, fast and complex double-bass patterns, odd time signatures, erratic song

structures, and blazing tempos. This logical, step-by-step approach will enable drummers to acquire the diverse skills needed for this style while emphasizing musical applications of the techniques. Includes a foreword by George Kollias and audio examples of the exercises.

## EXTREME METAL DRUMMING

Carl Fischer, L.L.C.

George Lawrence Stone's *Stick Control* is the original classic, often called the bible of drumming. In 1993, *Modern Drummer* magazine named it one of the top 25 drumming books of all-time. In the words of the author, this is the ideal book for improving "control, speed, flexibility, touch, rhythm, lightness, delicacy, power, endurance, preciseness of execution, and muscular coordination," with extra attention given to the development of the weak hand. This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions.

## THE GREAT JAZZ DRUMMERS

Hal Leonard Corporation

*The Singer's Drummer* chronicles the music and times of Harold Jones, a world class musician whose career spans the last five decades of jazz and big band swing music. This book highlights Jones' career as he evolved into the drummer of choice for some of our most popular vocal legends. But it is about much more than that. It also gives us an entertaining insight into life on the road and is filled with Harold's insightful, sometimes humorous, anecdotes and musings about the famous sidemen, legendary jazz musicians and vocal headliners he has known; featuring more than 100 photos of his renowned friends. Read *The Singer's Drummer* and learn why Paul Winter called Harold the "Michael Jordan of young jazz drummers in Chicago." Read why Harold became acknowledged as "Count Basie's favorite drummer." And why Tony Bennett says "This book is a knockout! I am happy that someone is finally putting together a history of what really happens on the road!"

## DIFFERENT DRUMMERS

Oxford University Press  
Includes 2 playalong CDs.

**Ghost Rider** Mel Bay Publications

One by one, ten tiny oni, Japanese goblin-like creatures, grow larger and larger as they beat their drums on the sand, chasing

away bad dreams. Includes the Japanese characters for the numbers from one to ten.

**The Post-Bop Drum Book** Mel Bay Publications

Miscellaneous Percussion Music - Mixed Levels

[Beyond bop drumming](#) Oxford University Press

(Book). From the editor of *Modern Drummer* magazine, this book is a collection of 38 solos designed to challenge both technical and reading skills for the intermediate to advanced snare drummer. Each solo is preceded by an explanation of its structure and highlights, with an emphasis on the more difficult sections of the piece. Also includes some suggested stickings, and a special section of 30 Preparatory Exercises.

[The New Breed](#) Alfred Publishing Company

At long last, the secrets of Tower of Power drummer David Garibaldi's groundbreaking funk/jazz fusion drumming techniques are presented in this innovative book. Whether you play rock, heavy metal, jazz or funk, you'll learn how to incorporate Garibaldi's contemporary "linear" styles and musical concepts into your playing as you develop your own unique drumset vocabulary. Funk/Jazz techniques are highlighted in chapters on development of the "Two Sound Level" concept, Four-Bar Patterns, Groove Playing and Funk Drumming, followed by a series of challenging exercises which include 15 Groove Studies and 17 Permutation Studies. These techniques are combined with modern musical ideas that will help you build a solid foundation and add finesse to your bag of tricks.

## MODERN DRUMMER LEGENDS: RED HOT CHILI PEPPERS' CHAD SMITH

Alfred Music Publishing

Burt Korall is widely recognized as the most authoritative writer on jazz drumming. His first book *Drummin' Men--The Heartbeat of Jazz: The Swing Era* is considered a classic. Now, in this exciting sequel, Korall offers a richly informative history of drumming in the Bebop era. Korall looks at this music through the eyes of the musicians themselves, covering a whole range of important jazz drummers, but focusing upon the most original and significant--principally Kenny Clarke, Max Roach, and Art Blakey. Korall provides a knowledgeable background about the history of bebop--and the unfortunate and almost universal heroin addiction that swept through the jazz world in the wake of Charlie Parker's habit.

The book contains Korall's own memoir of nearly 50 years in the jazz world, linked by his narrative of the careers of these drummers and their place in the bebop jazz scene.

**The essence of jazz drumming [music]** Hal Leonard Corporation

Michael Green and Danny Gottlieb have compiled a definitive treatise on modern jazz drumming. Through phrase-based musical examples, Green and Gottlieb explore the styles of Tony Williams, Elvin Jones and Jack DeJohnette. Exercises are designed to develop coordination, sound sensitivity and creative exploration and are inspired by the comping and soloing of the aforementioned jazz masters.. Musical examples are phrase-based. the book includes sections on time studies and phrases for students of any level. Over two and a half -hours of audio accompany the text. Music is presented in standard percussion notation.

*Master Studies II (Music Instruction)* Alfred Music

(Percussion). Like *Master Studies*, this is a workbook of material to use in developing the hands for drumming. Challenging exercises encourage students to learn slow, sensible and accurate practice techniques.

Fotos By Folletts photographers traveled to 53 cities in four countries and photographed over 500 drummers to be included in the pages of this captivating hardcover book.

## FUTURE SOUNDS

Echo Point Books & Media, LLC

*Beyond Bop Drumming* is John Riley's exciting follow-up to the critically acclaimed *Art of Bop Drumming*. Based on the drumming advancements of the post-bop period of the 1960s, the book and audio topics include: broken time playing, ride-cymbal variations,

up-tempo unison ideas, implied time metric modulation, solo ideas, solo analysis, complete transcriptions, and play-along tunes.

*Different Drummers* Hal Leonard Corporation

This book was created to help drummers improve their abilities to play great drum fills. The material presented was originally developed over the course of several years, as a result of the needs and requests of many of my students. As drummers practice playing fills, it becomes apparent that there are a variety of issues that need to be addressed. To play fluent and creative fills, a drummer needs a strong foundation of basic fill concepts, the technique to execute the fill, and musical ideas for the content of the fill. Without these key elements, playing fills can be a source of difficulty and frustration. To further illustrate this idea... In some cases a drummer may practice a particular lick or sticking pattern to a high degree of physical execution, but does not have a clear understanding of how to apply it well within a musical phrase. The opposite is also sometimes true, a drummer may understand a simple rhythmic idea and play it very well as a fill, but doesn't quite know how to employ more interesting techniques or sounds into the phrase and get something else out of it. The goal of this book is to help drummers achieve a balance in these necessary skills. This book presents a diverse collection of studies and exercises that clarify the basics of drum fills, develop more advanced and specific techniques to use in fills, and present many ideas for musical phrases using the techniques. The studies are presented in an order that follows a natural progression of ability, however... the exercises do not need to be played in the order they are presented. Students and teachers can select exercises to design a curriculum that fits a student's needs as their skills develop. With each set of exercises, you will

find descriptions, tips and practice instructions. Sometimes they are written for each individual study, and when appropriate they are written for the entire chapter. Be sure to read the text that accompanies each part of this book to get the most out of the exercise.

### **WHEN THE DRUMMERS WERE WOMEN: A SPIRITUAL HISTORY OF RHYTHM**

Alfred Music

In 1942, drummer Viola Smith sent shock waves through the jazz world by claiming in *Down Beat* magazine that “hep girls” could sit in on any jam session and hold their own. In *Women Drummers: A History from Rock and Jazz to Blues and Country*, Angela Smith takes Viola at her word, offering a comprehensive look at the world of professional drumming and the women who had the courage and chops to break the barriers of this all-too-male field. Combining archival research with personal interviews of more than fifty female drummers representing more than eight decades in music history, Smith paints a vivid picture of their struggles to overcome discrimination—not only as professional musicians but in other parts of their lives. *Women Drummers* outlines the evolution of female drumming from pre-biblical times when women held important leadership roles to their silencing by the church during the Middle Ages to spearheading the fight for women’s rights in the modern era. The stories and personal accounts of female drummers who bucked tradition and societal norms are told against the backdrop of the times in which they performed and the genres they represented, from rock and jazz to blues and country. Although women have proven time and time again that they can more than hold their own against their male

counterparts, female drummers not only remain a minority, but their contributions have been obscured by the traditional chauvinistic attitudes in the music business and gender stereotypes that surround the drum itself as a “male” instrument. *Women Drummers* takes a major step forward in undoing this misconception by acknowledging the talent, contribution, and growing power of women drummers in today’s music environment.

*Sticks 'n' Skins* Mel Bay Publications

Dottie Dodgion is a jazz drummer who played with the best. A survivor, she lived an entire lifetime before she was seventeen. Undeterred by hardships she defied the odds and earned a seat as a woman in the exclusive men’s club of jazz. Her dues-paying path as a musician took her from early work with Charles Mingus to being hired by Benny Goodman at Basin Street East on her first day in New York. From there she broke new ground as a woman who played a “man’s instrument” in first-string, all-male New York City jazz bands. Her inspiring memoir talks frankly about her music and the challenges she faced, and shines a light into the jazz world of the 1960s and 1970s. Vivid and always entertaining, *The Lady Swings* tells Dottie Dodgion's story with the same verve and straight-ahead honesty that powered her playing. A *Variety* Best Music Book of 2021

### **DRUMMIN' MEN**

*The Jazz Drummer's Reading Workbook* Includes 2 playalong CDs. *The Best Beginner Drum Book*

Presents the essential elements of bop drumming demonstrated through concise exercises and containing ideas to help understand what to play and how to play it and why, as well as an explanation of how the drummer functions in a group.
