Preventing Harmful Behaviour in Online Communities explores the ethics and logistics of censoring problematic communications online that might encourage a person to engage in harmful behaviour. Using an approach based on theories of digital rhetoric and close primary source analysis, Zoe Alderton draws on group dynamics research in relation to the way in which some online communities foster negative and destructive ideas, encouraging community

members to engage in practices including self-harm, disordered eating, and suicide. This book offers insight into the dangerous gap between the clinical community and caregivers versus the pro-anorexia and pro-self-harm communities - allowing caregivers or medical professionals to understand hidden online communities young people in their care may be part of. It delves into the often-unanticipated needs of those who band together to resist the healthcare community, suggesting practical ways to address their concerns and encourage healing. Chapters investigate the alarming ease with which ideas of self-harm can infect people through personal contact, community unease, or even fiction and song and the potential of the internet to transmit self-

harmful ideas across countries and even periods of time. The book also outlines the real nature of harm-based communities online, examining both their appeal and dangers, while also examining self-censorship and intervention methods for dealing with harmful content online. Rather than pointing to punishment or censorship as best practice, the book offers constructive guidelines that outline a more holistic approach based on the validity of expressing negative mood and the creation of safe peer support networks, making it ideal reading for professionals protecting vulnerable people, as well as students and academics in psychology, mental health, and social care.

I'm Not the Only One

It is with an open mind and familiar excitement that Carolina moves to the Land of the Rising Sun, where ancestral culture intermingles tightly with high-tech modernism, and social rules are taken to the extreme. She discovers a country filled with subtle beauty, well-preserved traditions and polite, respectful people. The experience teaches her how important it is to appreciate the simple joys in life, to be accepting of things that cannot be changed - "shoganai" - and to fully respect the power of Mother Nature, who always has the upper hand.

The latest collection of plays by one of Europe's most important playwrights. THE CRIME OF THE TWENTY-FIRST CENTURY:

The past has been abolished and geography - even the sky - is changed. A woman lives in a vast desert of white rubble. A tiny group of people comes seeking a hiding place - and is exposed to the deepest questions of human existence. OLLY'S PRISON: an ordinary city flat. Evening. A man tries to talk to his daughter. She will not answer. Slowly their world turns to tragedy and a search begins that lasts for years. COFFEE: A young man alone in a room. A stranger enters. Together they journey into a dark forest...When the men return to the daylight world, they are involved in a trivial incident. It is hardly more than a gesture - yet it is something that once happened and in its triviality captures the history of our century and confronts us with the deepest questions about ourselves. "A great playwright - many, particularly in continental Europe, would say the greatest living English playwright." Independent "A play by one of Britain's greatest playwrights is an event." Discover Your Happiness Legoo Mandarin

In Cory Doctorow's wildly successful Little Brother, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis

Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, *Homeland* is every bit the equal of *Little Brother*—a paean to activism, to courage, to the drive to make the world a better place. The purpose of this book is to support the idea that incidents of this sort happen to all people, regardless of age, gender identity, sexual orientation, location, race, what one is wearing, etc. Its purpose is also to let others going through the same things know that they are understood, they can get through the hard times, it's not their fault, they are loved, that they're not alone, and that they are not the only one. **From Darkness Into Light** Christian Faith Publishing, Inc.

The desire to write this book was at first born out of frustration of yet another failed relationship. In the midst of this frustration, I attempted to explain what I felt love really was, to someone who I thought at that moment to not have a clue. From this relationship, I began to explore my mind and remember how love first found me. From there, this book was born. In no way am I professing to be an authority on love or relationships. I have no degrees or licenses which can validate it. I am only sharing my most intimate experiences—allowing you to be there and hopefully feel what I felt and see through my eyes, my life as it existed in those moments. To say that I'm a hopeless romantic is a very accurate description of

a huge part of me. I believe in the truth of love, because love is responsible for our very existence. If not for our father in heaven, none of us would exist. My hope is that, you will be inspired by my story and that you will avoid many of the situations I encountered by cherishing yourself and the essence of love. If you do this, then I will have accomplished my goal. May love live on in you.
