The Dover Mound Orbit

These are the only writings of KING OG the Rephaim. The Rephaim being a Biblical race of Giants that Moses eventually had to eradicate in Numbers 21 of the Bible. Originally transcribed during a several hundred year swath in and around 1400 BCE, THE LOST BOOK OF KING OG is a controversial, heretical tome that reads like the Bible. In fact, it has been heavily speculated that the original architects of the Bible were on intimate terms with THE LOST BOOK OF KING OG, which explains instances of similarity in metaphor and verbiage. Previously, the only way to look into this particular pre-Biblical flood, Rephaim/Nephilim world of Giants was through THE BOOK OF ENOCH and other DEAD SEA SCROLLS. Author DEMMON has brought forward a previously lost, heretical book that features the only Aramaic to English translation of the remaining mostly-complete copy of THE BOOK OF KING OG the Rephaim. While not entirely complete, THE LOST BOOK OF KING OG offers the greatest comprehension yet of the antediluvian (PRE-FLOOD) and postdiluvian world, from the eyes and ears of the Rephaim. The Catholic suppression of this text has always been due to the fact that THE BOOK OF KING OG is a pagan book. The pagan/blasphemous aspects of the tome (a championing of the uncircumcised for example) make its "burial" by the Catholic Church completely logical. Soaked in Baal worship and child-sacrifice, it is no wonder that the book had been silenced. The Catholic argument that the decision to rid the earth of the text was "God-inspired," is in fact, spiritually sound. With Constantine's systematic destruction of non-Christian texts in and around 326 CE, and the following Gelasian Decree of the 5th century CE, knowledge and/or reproduction of Og's verses was rendered impossible. In fact, the Catholic Church originally posted the following words of anathema in regards to THE BOOK OF KING OG and other forbidden texts: "... and whatever disciples of heresy and of the heretics or schismatics, whose names we have scarcely preserved, have taught or compiled, we declare to be not merely rejected but excluded from the whole Roman catholic and apostolic church, and its authors and their adherents to be damned in the inextricable shackles of anathema for ever [sic]." THE BOOK OF KING OG is referenced by association throughout (relatively) recent history, perhaps most notably in the NEW HISTORY OF ECCLESIASTICAL WRITERS published in 1693. In this reference book, the BOOK OF KING OG is described as, "Forged by Jews and Hereticks both Fabulous and Erroneous." Written closely with Vatican translator FATHER MARTIN, THE LOST BOOK OF KING OG serves as a warning, a prophecy and an explanation as to why the Rephaim and Nephilim Giants no longer walk the face of the earth. The recent uncovering of the CASSIODORUS DONATION of 550 CE to the Catholic Church has revealed the most intact, albeit horribly preserved, copy of THE BOOK OF KING OG yet. The CASSIODORUS text was used as the primary source material FATHER MARTIN used for his translation THE LOST BOOK OF KING OG. Providing information on a modern, unspeakable evil, THE LOST BOOK OF KING OG will make all who read it consider their religious beliefs and their conclusions about the giants of antiquity.

The World of Giant Ants University of Chicago Press

In the long ages of deep time, uncountable millennia before the rise of men, there lived a race of Giants. Continents shifted and mountains rose and fell as the Giants fought the Long War for the right to possess the lands of their birth. The greatest Giants, mortal beings of huge size and power, lived long enough, fought hard enough and gained enough wisdom to become gods. Rowanoco, the Ice Giant, claimed the cold northern lands and was worshipped by the men of Ranen. Jaa, the Fire Giant, ruled the burning desert sands to the south and chose the men of Karesia as his followers. The Stone Giant, known only as the One, held dominion over the lush plains and towering mountains of Tor Funweir, and his followers, the men of Ro, believed they had the right to rule all the lands of men. Other Giants there were also, though their names and their followers are thought lost, and their empires buried, as victims of the Long War. The Giants have long since left these lands to the humans, but their followers still worship them, invoke their names daily and aggressively maintain their laws. The Giants themselves sit beyond the perception of humans in their halls beyond the world while their most trusted followers fight the Long War in their stead.

A study of the substantial evidence for a former race of giants in North America and its 150-year suppression by the Smithsonian Institution • Shows how thousands of giant skeletons have been found, particularly in the Mississippi Valley, as well as the ruins of the giants' cities • Explores 400 years of giant finds, including newspaper articles, first person accounts, state historical records, and illustrated field reports • Reveals the Stonehenge-era megalithic burial complex on Catalina Island with over 4,000 giant skeletons, including kings more than 9 feet tall • Includes more than 100 rare photographs and illustrations of the lost evidence Drawing on 400 years of newspaper articles and photos, first person accounts, state historical records, and illustrated field reports, Richard J. Dewhurst reveals not only that North America was once ruled by an advanced race of giants but also that the Smithsonian has been actively suppressing the physical evidence for nearly 150 years. He shows how thousands of giant skeletons have been unearthed at Mound Builder sites across the continent, only to disappear from the historical record. He examines other concealed giant discoveries, such as the giant mummies found in Spirit Cave, Nevada, wrapped in fine textiles and dating to 8000 BCE; the hundreds of red-haired bog mummies found at sinkhole "cenotes" on the west coast of Florida and dating to 7500 BCE; and the ruins of the giants' cities with populations in excess of 100,000 in Arizona, Oklahoma, Alabama, and Louisiana. Dewhurst shows how this suppression began shortly after the Civil War and transformed into an outright cover-up in 1879 when Major John Wesley Powell was appointed Smithsonian director, launching a strict pro-evolution, pro-Manifest Destiny agenda. He also reveals the 1920s' discovery on Catalina Island of a megalithic burial complex with 6,000 years of continuous

burials and over 4,000 skeletons, including a succession of kings and queens, some more than 9 feet tall--the evidence for which is hidden in the restricted-access evidence rooms at the Smithsonian.

Paintings and recollections of Ireland from the legendary American minimalist Collecting new paintings and writings by Amsterdam-based American painter Jo Baer (born 1929), *Up Close in the Land of the Giants* was created as a deliberate sibling to Baer's 2013 exhibition catalog *In the Land of the Giants*, which was published on the occasion of the artist's eponymously titled dual exhibition at the Stedelijk Museum Amsterdam and the Ludwig Museum Cologne. This new volume echoes the 2013 book in layout and design but offers readers a deeper look into the artist's own thinking on her paintings and the reasons behind the sources she has chosen to reference in her compositions. The catalog is wide-ranging in its subject matter and is organized in sections that move between analysis of specific series of paintings to chapters that delve into bodies of research from fields as diverse as anthropology and archaeology to astronomy and geography, all of which have informed Baer's work.

Did a race of ancient giants once inhabit the Americas? Do ancient megalithic stoneworks, out-of-place artifacts, DNA mysteries, and strange bones provide proof of their existence? *Ancient Giants of the Americas* reveals an array of astounding truths, including: How giants were a dominant feature of Native American origin myths. Extraordinary first-person tales about meetings with giant Native Americans. How early pioneers discovered the remains of ancient giants and a previously unknown civilization—and how the Smithsonian successfully covered them up. Analyzing the historical and archaeological evidence, *Xaviant Haze* provides ample proof that our ancestors in the ancient Americas were much taller and a lot more mysterious than we imagine. Their exploits inspired the Native Americans to keep oral accounts of these mysterious giants, who left behind strange artifacts, massive cities of burial mounds, and the remains of a vast copper-mining network. Who were these ancient giants? Did some really have six toes? Were some related to the elongated-skull peoples of Peru? Your view of American history will never be the same after going down the giant rabbit hole that is *Ancient Giants of the Americas*.

THE LOST WORLD OF THE ICE AGE

Simon and Schuster

An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them • Provides archaeological proof of giants, the fountain of youth, and descriptions from Lewis's journals of a tribe of "nearly white, blue-eyed" Indians • Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbean • Investigates the Smithsonian conspiracy to cover up Lewis and Clark's discoveries and what led to Lewis's murder Meriwether Lewis discovered far more than the history books tell--ancient civilizations, strange monuments, "nearly white, blue-eyed" Indians, and evidence that the American continent was visited long before the first European settlers arrived. And he was murdered to keep it all secret. Examining the shadows and cracks between America's official version of history, *Xaviant Haze* and Paul Schrag propose that the America of old taught in schools is not the America that was discovered by Lewis and Clark and other early explorers. Investigating the discoveries of Spanish conquistadors and Olmec stories of contact with European-like natives, the authors uncover evidence of explorers from Europe and Asia prior to Columbus, sophisticated ancient civilizations in North America and the Caribbean, the fountain of youth, and a long-extinct race of giants. Verifying stories from Lewis's journals with modern archaeological finds, geological studies, 18th- and 19th-century newspapers, and accounts of the world in the days of Columbus, the authors reveal how Lewis and Clark's finds infuriated powerful interests in Washington--including the Smithsonian Institution--culminating in the murder of Meriwether Lewis.

Fake History and the Hunt for a "Lost White Race" Simon and Schuster

Are there 10,000-year-old secret societies that still exist today? Was there a race of giants that once inhabited the Americas? Did ancient Egypt and ancient China have heretofore undiscovered ties? *Lost Secrets of the Gods* delves into these ancient mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved. Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they, and where did they come from? We now know that many ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last 100 years. Were *The Iliad* and *The Odyssey* really about an epic struggle in pre-Celtic Europe? What happened to the Persian army that completely disappeared from Egypt 2,500 years ago? Did the ancients know how to create psychic guard dogs to protect sacred sites? There is much more to history than what has officially been recorded. *Lost Secrets of the Gods* reveals startling truths and asks fascinating questions traditional historians have long ignored.

Jo Baer: Up Close in the Land of the Giants Read Books Ltd

An exploration of mythological and archaeological evidence for prehistoric giants • Examines the many corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, and the biblical Nephilim • Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India • Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great

age of cataclysms and floods Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena, but archaeological discoveries of 10- and 12-foot skeletons--many of which have been suppressed--confirm the existence of a forgotten golden age of giants before recorded history. Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, the Hindu Daityas, the biblical Nephilim, the Celtic Formorach, the Sumerian Anunnaki, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States, corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, Sir Francis Drake, and Desoto of their encounters with giants on the North American continent. Revealing how giants represent the true earthborn race, Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms.

Lost Secrets of the Gods Citadel Press

The crowning work of the best-selling Earth Chronicles series • Reveals the existence of physical evidence of alien presence on Earth in the distant past • Identifies and describes the demigods, such as Gilgamesh, descended from these visitors • Outlines the tests of this physical evidence of alien presence that could unlock the secrets of health, longevity, life, and death In whose genetic image were we made? From his first book *The 12th Planet* on, Zecharia Sitchin has asserted that the Bible's Elohim who said "Let us fashion The Adam in our image and after our likeness" were the gods of Sumer and Babylon--the Anunnaki who had come to Earth from their planet Nibiru. The Adam, he wrote, was genetically engineered by adding Anunnaki genes to those of an existing hominid, some 300,000 years ago. Then, according to the Bible, intermarriage took place: "There were giants upon the Earth" who took Adam's female offspring as wives, giving birth to "heroes of renown." With meticulous detail, Sitchin shows that these were the demigods of Sumerian and Babylonian lore, such as the famed Mesopotamian king Gilgamesh as well as the hero of the Deluge, the Babylonian Utnapishtim. Are we then, all of us, descendants of demigods? In this crowning oeuvre, Zecharia Sitchin proceeds step-by-step through a mass of ancient writings and artifacts, leading the reader to the stunning Royal Tombs of Ur. He reveals a DNA source that could prove the biblical and Sumerian tales true, providing conclusive physical evidence for past alien presence on Earth and an unprecedented scientific opportunity to track down the "Missing Link" in humankind's evolution, unlocking the secrets of longevity and even the ultimate mystery of life and death.
