**The Rise and Fall of the  
Femme Fatale in  
British Literature,**

**1790-1910** GRIN Verlag  
Seminar paper from the  
year 2011 in the subject  
American Studies -  
Literature, grade: 2,0,

University of Paderborn  
(Institut für  
Anglistik/Amerikanistik),  
course: Proseminar  
American Gothic,  
language: English,  
abstract: "And much of  
Madness and more of Sin  
And Horror the Soul to the  
Plot." This line taken from  
Edgar Allan Poe's poem  
'The Conquerer Worm'  
perfectly describes the  
essential elements  
featured in many of Poe's  
poems and stories, on  
which I am about to write  
in particular. Madness and  
horror, sins and the 'Imp  
of the Perverse' - The Evil,

which lies within all of us -  
are popular and  
frequently recurring  
motives in Poe's literary  
works and thereby create  
a mood and atmosphere  
quite dark and  
nightmarish. The reader is  
offered a deep glance into  
the abyss of the human  
mind and psyche. In this  
term paper I'm going to  
draw a comparison  
between two of Poe's  
short stories, which both  
deal with the above  
mentioned concepts and  
images and therefore, are  
counted to the Gothic  
Genre - 'The Black Cat'

and 'The Tell-Tale Heart.'  
The main focus of my  
work will lie on the  
similarities of the  
storytelling structures and  
the speech Poe uses to  
convey this certain feeling  
of suspense, horror and  
thrill. I will examine which  
further motives and  
images Poe uses in this  
two stories and which  
function they fulfil. I'm  
going to carry out my  
researches primarily with  
the help of the books:  
'Poe' by Walter Lenning,  
'Poe - A Biography' by  
Frank T. Zumbach, 'The  
Cambridge Companion to

Gothic Fiction' by Jerrod Hogle and 'The Fall of the House of Usher and Other Writings' by Edgar Allan Poe.

Seminar paper from the year 2009 in the subject

American Studies -

Literature, grade: 1,3,

University of Hamburg

(Institut für Anglistik und Amerikanistik), language:

English, abstract: Edgar

Allen Poe is certainly one of the most famous

writers of Gothic fiction of the nineteenth century.

His tales are known for dark settings and characters with diseased or deluded minds .

Moreover, in Poe's fiction it is often the case that

"the boundaries between reality, illusion and

madness remain

unresolved" . These are undoubtedly factors that

contribute to the terror created in his works.

However, are those to be considered the prime

reasons for the terror in Poe's fiction? There are

other factors which are not as easily detected but

which might still be the

chief reasons and can be related to the above mentioned ones, such as the unreliability of the

narrator. In order to further examine this

thesis "The Fall of the House of Usher", one of

his most widely known short stories, will be

looked at in the following with regard to the

question whether the terror is caused by the

unreliability of the narrator or whether there

are other reasons mainly responsible for it.

However, prior to dealing with this question a

definition of unreliable narration will be given and the narrator of "The Fall of the House of Usher" will be examined concerning his reliability.

The Fall Of The House Of Usher GRIN Verlag

The Fall of the House of Usher Synopsis: When Madeline dies, things begin to unravel. Our narrator finds himself helping Roderick to take her down in the family tombs. Madeline appears more alive in death than she did in life. Her cheeks are even rosy. Roderick insists that they screw

down the coffin lid.

Summary: Edgar Allan Poe takes a canvas and paints it black; he takes a story and makes it dark and shadowy; he takes a normal world and twists it to the point of corruption. The man describes the gothic in such a sublime way that I find myself drifting in a dream like world. His writing is fantastical and sordidly beautiful. This story, here, is the perfect gothic horror. It has all the classic elements of the genre. The tale begins with the narrator visiting a

haunted house; it is old, grand and evil. It is a reflection of the surrounding area that the narrator has travelled through. He witnesses decay, ruin and spreading bleakness. The house is at the centre, and appears to have absorbed the darkness or, perhaps, it is the heart of the darkness that has spread outwards. Either way, the whole scene has an air of creepiness and depravation. Even the master of the house has begun to embody the setting. Literature that

can instill the essence of emotion into the reader, whether it be passion, humor, or horror, is the very best kind. And Poe was a genius at doing that very thing. With a few well chosen and well arranged words, he could create a sense of horror and dread probably better than any writer ever could.

Prabhat Prakashan  
The Fall of the House of Usher is a short story by American writer Edgar Allan Poe, first published in 1839 in Burton's Gentleman's Magazine,

then included in the collection Tales of the Grotesque and Arabesque in 1840. The short story, a work of Gothic fiction, includes themes of madness, family, isolation, and metaphysical identities.

### **SPECTRES OF ANTIQUITY**

e-artnow

One of the central images conjured up by the gothic novel is that of a shadowy spectre slowly rising from a mysterious abyss. In The Rise of the Gothic Novel, Maggie Kilgour

argues that the ghost of the gothic is now resurrected in the critical methodologies which investigate it for the revelation of buried cultural secrets. In this cogent analysis of the rise and fall of the gothic as a popular form, Kilgour juxtaposes the writings of William Godwin with Mary Wollstonecraft, and Ann Radcliffe with Matthew Lewis. She concludes with a close reading of the quintessential gothic novel, Mary Shelley's Frankenstein. An impressive and highly

original study, *The Rise of the Gothic Novel* is an invaluable contribution to the continuing literary debates which surround this influential genre.

### **Kafka, Gothic and**

**Fairytales** Independently Published

Set in the dark and gloomy atmosphere of the Usher House, this is the story of the last survivors of a prestigious family. The writer delves into the personality of the protagonist to comment on the deterioration faced by him. This is a probe into the individual's life

through which a psychological depth is imparted to the narration....

### **The Fall of the House of Usher (Annotated)**

McFarland

This volume contains five stories about plague – some short, some long. Each that builds upon the heritage of the other. This volume contains five stories – some short, some long. Each that builds upon the heritage of the other. It starts with *The Castle of Otranto* (1764) by Horace Walpole which is considered the

first, “Gothic Novel”; *Vathek, An Arabian Tale* (1782) by William Beckford, was influenced by Walpole and *Arabian Nights*; *The Last Man* (1826) by Mary Shelley carries on the theme of the previous works, but could be viewed as one of the first science fiction post-apocalyptic novels; *The Masque of the Red Death* (1842) by Edgar Allan Poe also focuses on apocalyptic forces and society's efforts (or lack thereof) to deal with it. Finally, *The Scarlet Plague* (1912) by Jack London

describes a world-wide pandemic that humanity cannot control. Even the cover illustration, *The Sleep of Reason Produces Monsters*, by Goya is influenced by the Gothic art and forms a sort of double-entendre of monsters made in our mind and by doing nothing.

### **GOthic MASCULINITY**

CreateSpace  
The objective of this paper is to focus on some of the finest works of Edgar Allan Poe, which are "The Tell-Tale Heart,"

"The Black Cat," "The Cask of Amontillado," "The Fall of House of Usher," and "The Raven".

**The history of the decline and fall of the Roman empire, with notes by Milman and Guizot. Ed. by W. Smith**

Routledge

The Goths—a rumored people first known by history around the river Vistula in present Poland—was the people that more than other contributed to the fall of the Roman Empire. It was however also the Goths who preserved the Roman

culture against other Germanic tribes. Earlier it has been generally assumed the Goths originated in Scandinavia but during the 20th c. many scholars have grown skeptical. The author has, using both Classical and Nordic sources and supplementary sciences, made probable there is an intimate connection between the Goths and the Nordic countries. Consequently it is quite possible that at least part of the Goths have a Nordic origin. The book

rests on the basic hypothesis that the Goths are not a people but a number of tribes and peoples united through a common religious/cultic origin. The old dispute concerning the relationship between Svear and Gautar also gets quite a new meaning. The book is interdisciplinary and embraces history, religion, arts, linguistics and archaeology. In 1999 Ingemar Nordgren received his Ph.D. at Odense University, Denmark The book builds

to a considerable extent on his dissertation but has been updated and partly rewritten with brand new material.

*The Fall of the House of Usher: A Graphic Novel*  
Rodopi

This collection of specially-commissioned essays by experts in the field explores key dimensions of Edgar Allan Poe's work and life. Contributions provide a series of alternative perspectives on one of the most enigmatic and controversial American writers. The essays,

specially tailored to the needs of undergraduates, examine all of Poe's major writings, his poetry, short stories and criticism, and place his work in a variety of literary, cultural and political contexts. They situate his imaginative writings in relation to different modes of writing: humor, Gothicism, anti-slavery tracts, science fiction, the detective story, and sentimental fiction. Three chapters examine specific works: The Narrative of Arthur Gordon Pym, 'The Fall of the House of Usher', 'The

Raven', and 'Ulalume'. The volume features a detailed chronology and a comprehensive guide to further reading, and will be of interest to students and scholars alike.

### **Skin Shows**

Independently Published Art of Darkness is an ambitious attempt to describe the principles governing Gothic literature. Ranging across five centuries of fiction, drama, and verse—including tales as diverse as Horace Walpole's *The Castle of Otranto*, Shelley's

*Frankenstein*, Coleridge's *The Rime of the Ancient Mariner*, and Freud's *The Mysteries of Enlightenment*—Anne Williams proposes three new premises: that Gothic is "poetic," not novelistic, in nature; that there are two parallel Gothic traditions, Male and Female; and that the Gothic and the Romantic represent a single literary tradition. Building on the psychoanalytic and feminist theory of Julia Kristeva, Williams argues that Gothic conventions such as the haunted

castle and the family curse signify the fall of the patriarchal family; Gothic is therefore "poetic" in Kristeva's sense because it reveals those "others" most often identified with the female. Williams identifies distinct Male and Female Gothic traditions: In the Male plot, the protagonist faces a cruel, violent, and supernatural world, without hope of salvation. The Female plot, by contrast, asserts the power of the mind to comprehend a world which, though mysterious,

is ultimately sensible. By showing how Coleridge and Keats used both Male and Female Gothic, Williams challenges accepted notions about gender and authorship among the Romantics. Lucidly and gracefully written, *Art of Darkness* alters our understanding of the Gothic tradition, of Romanticism, and of the relations between gender and genre in literary history.

### **THE HISTORY OF THE DECLINE AND FALL OF**

### **THE ROMAN EMPIRE**

Routledge  
 The Fall Of The House Of Usher By Edgar Allan Poe "The Fall of the House of Usher" is a short story by American writer Edgar Allan Poe, first published in 1839 in Burton's *Gentleman's Magazine*, then included in the collection *Tales of the Grotesque and Arabesque* in 1840. The Fall Of The House Of Usher By Edgar Allan Poe "The Fall of the House of Usher" shows Poe's ability to create an emotional tone in his

work, specifically emphasizing feelings of fear, impending doom, and guilt. These emotions center on Roderick Usher, who, like many Poe characters, suffers from an unnamed disease. The Fall Of The House Of Usher By Edgar Allan Poe

### **A LITERARY COMPARISON OF EDGAR ALLAN POE'S "THE BLACK CAT" AND "THE TELL-TALE HEART"**

Harper Collins  
 Zombie stories are

peculiarly American, as the creature was born in the New World and functions as a reminder of the atrocities of colonialism and slavery. The voodoo-based zombie films of the 1930s and '40s reveal deep-seated racist attitudes and imperialist paranoia, but the contagious, cannibalistic zombie horde invasion narrative established by George A. Romero has even greater singularity. This book provides a cultural and critical analysis of the cinematic zombie

tradition, starting with its origins in Haitian folklore and tracking the development of the subgenre into the twenty-first century. Closely examining such influential works as Victor Halperin's *White Zombie*, Jacques Tourneur's *I Walked with a Zombie*, Lucio Fulci's *Zombi 2*, Dan O'Bannon's *The Return of the Living Dead*, Danny Boyle's *28 Days Later*, and, of course, Romero's entire "Dead" series, it establishes the place of zombies in the Gothic tradition. Instructors

considering this book for use in a course may request an examination copy here. [The Fall of the House of Usher](#) Samuel French, Inc. Differentiated book- It has a historical context with research of the time- Continuing with its tradition of creepy, strange and gothic style, Edgar Allan Poe does not disappoint in this brief story about a strange family that finds its end in the most macabre way. Probably, the "fall" to which the title refers is both the actual structure

of the Usher family's house and the fall of the same family, since both heirs die and end up with the family's name. For those who are looking for the quintessential Gothic tale, "The Fall of Usher's House" highlights many important Gothic features, especially in the description of the house itself. The fact that the house, Roderick and Madeline seem to be affected by this crumbling and sickly atmosphere paints a bleak and supernatural picture that some have argued reflect

the human psyche. Similar to other popular Poe tales, use Roderick Usher to explore his common themes of terror, death and the fragility of the human mind.

*The Fall of the House of Usher* GRIN Verlag  
 Gothic literature imagines the return of ghosts from the past. But what about the ghosts of the classical past? Spectres of Antiquity is the first full-length study to describe the relationship between Greek and Roman culture and the Gothic novels, poetry, and drama of the eighteenth and early nineteenth centuries.

Rather than simply representing the opposite of classical aesthetics and ideas, the Gothic emerged from an awareness of the lingering power of antiquity. The Gothic reflects a new and darker vision of the ancient world: no longer inspiring modernity through its examples, antiquity has become a ghost, haunting contemporary minds rather than guiding them. Through readings of works by authors including Horace Walpole, Ann Radcliffe, Matthew Lewis, Charles Brockden

Brown, and Mary Shelley, *Spectres of Antiquity* argues that these authors' plots and ideas preserve the remembered traces of Greece and Rome. James Uden provides evidence for many allusions to ancient texts that have never previously been noted in scholarship, and he offers an accessible guide both to the Gothic genre and to the classical world to which it responds. In fascinating and compelling detail, *Spectres of Antiquity* rewrites the history of the Gothic, demonstrating

that the genre was haunted by a far deeper sense of history than has previously been assumed. [Rise Of Gothic Novel](#)

Roderick Usher's fate is inextricably intertwined with that of his sister, Madeline, and that of their estate. As one falls, so do they all. "The Fall of the House of Usher" is considered Edgar Allan Poe's greatest work, and a masterpiece of Gothic horror. A pioneer of the short story genre, Poe's stories typically captured themes of the macabre

and included elements of the mysterious. His better-known stories include “The Fall of the House of Usher”, “The Pit and the Pendulum”, “The Murders in the Rue Morgue”, “The Masque of the Red Death” and “The Tell-Tale Heart”. HarperCollins brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. A collision of the dead and living ignites terror at Whitehall Manor as Anne Towry fights to return for her child. Anne Towry finds herself trapped within the cold, unforgiving walls of the psychiatric unit in Baltimore's inner city. Torn away from her newborn child and mourning her recent losses, she fights to escape and prove her

innocence. As Anne's world spirals into madness, the ominous presence of Whitehall Manor stretches its sinister fingers even further. New and unsuspecting guests, Brooks Towry and Evie Bell arrive at Whitehall Manor with a new venture and moneymaking idea. It's not long before suspicions are ignited and terror arises as behind every shadowy corner, something lurks to take hold of their souls. As the days inch closer to the end of October, the power

of the Marigold Garden strengthens and the line between the living and dead fades. Will Anne ever break free from the asylum's clutches or fall victim to the Towry curse, and can the new guests survive the malevolent forces that threaten to consume them all? Dare you enter Whitehall Manor and face the terror that lies within? Find out what happens next in Book 3, *The Fall of Whitehall Manor*.

*Gothicism in Poe's Famous Works* Springer  
Gothic as a form of fiction-

making has played a major role in Western culture since the late eighteenth century. In this volume, fourteen world-class experts on the Gothic provide thorough and revealing accounts of this haunting-to-horrifying type of fiction from the 1760s (the decade of *The Castle of Otranto*, the first so-called 'Gothic story') to the end of the twentieth century (an era haunted by filmed and computerized Gothic simulations). Along the way, these essays explore the connections of Gothic

fictions to political and industrial revolutions, the realistic novel, the theatre, Romantic and post-Romantic poetry, nationalism and racism from Europe to America, colonized and post-colonial populations, the rise of film and other visual technologies, the struggles between 'high' and 'popular' culture, changing psychological attitudes towards human identity, gender and sexuality, and the obscure lines between life and death, sanity and madness. The volume

also includes a chronology and guides to further reading.
