THE BOY WHO LOVED TRAINS

The Great Train Journey Readomania
"Chris Tarrant has always loved railways and travelling, but when he signed up to

Channel 5's Extreme Railways series he had no idea that the job would include flying over Canada's Rocky Mountains in a helicopter loaded with dynamite looking for avalanches to blow up. Then there was the theft of an entire programme's worth of film in Bolivia, an encounter with a furious phantom bucket-bunger of Tbilisi and a terrifying night in a pitch-black tunnel in the Congo"--Dust-jacket.

A transporting and illuminating voyage around the globe, through classic and modern literary works that are in conversation with one another and with

the world around them *Featured in the Chicago Tribune's Great 2021 Fall Book Preview * One of Smithsonian Magazine's Ten Best Books About Travel of 2021* Inspired by Jules Verne's hero Phileas Fogg, David Damrosch, chair of Harvard University's department of comparative literature and founder of Harvard's Institute for World Literature, set out to counter a pandemic's restrictions on travel by exploring eighty exceptional books from around the globe. Following a literary itinerary from London to Venice, Tehran and points beyond, and via authors from Woolf and Dante to Nobel Prize-winners Orhan Pamuk, Wole Soyinka, Mo Yan, and Olga Tokarczuk, he explores how these works have shaped our idea of the world, and the ways in which the world bleeds into literature. To chart the expansive landscape of world literature today, Damrosch explores how writers live in two very different worlds: the world of their personal experience and the world of books that have enabled great writers to give shape and meaning to their lives. In his literary cartography, Damrosch includes compelling contemporary works as well as perennial classics, hard-bitten

crime fiction as well as haunting works of fantasy, and the formative tales that introduce us as children to the world we're entering. Taken together, these eighty titles offer us fresh perspective on enduring problems, from the social consequences of epidemics to the rising inequality that Thomas More designed Utopia to combat, as well as the patriarchal structures within and against which many of these books' heroines have to struggle—from the work of Murasaki Shikibu a millennium ago to Margaret Atwood today. *Around the World in 80 Books* is a global invitation to look beyond ourselves and our surroundings, and to see our world and its literature in new ways.

Asham award-winning stories D C Books
From the great cathedral-like railway stations of the steam age to obscure lines built through spectacular landscapes to open up countries before the advent of motorised road transport, this book is a celebration of our lost railway heritage and the lines that can no longer be travelled. Through stunning images, *Lost Railway Journeys* from *Around the World* evokes the romance and drama of these journeys,

taking the reader as close as they can possibly get to this lost world of dining cars, sleeping cars, station porters and international rail travel. Organised by continent, all of these routes have stories to tell and the lost journeys are captured in the old postcards and posters that accompany photographs drawn from collections and archives across the world.

With the vast majority of academic theory on tourism based on 'Western' tourists, *Asia on Tour* illustrates why the rapid growth of travel for leisure and recreation in Asia demands a reappraisal of how tourism is analyzed and understood. Examining domestic and intra-regional tourism, the book reveals how improvements in infrastructures, ever increasing disposable incomes, liberalized economies, the inter-connectivities of

globalization and the lowering of borders, both physical and political, are now enabling millions of Asians to travel as tourists. Drawing upon multidisciplinary theoretical perspectives and up-to-date empirical research, the twenty-three accessible essays in this volume indicate why a rigorous and critical study of Asian tourism must become integral to both our analysis of this rapidly transforming region and our interpretation of global tourism in the twenty first century. As a rich collection of essays on heritage and tourism oriented around Asian tourists, *Asia on Tour* will be of particular interest to students and scholars working in the fields of tourism, Asian studies, geography, heritage, anthropology, development, sociology, and cultural and postcolonial studies.

The Curse of the Goddess Gestalten

From London across Europe through India and Asia, this was a trip of discovery made in the mid-seventies, a time before the West had embraced the places, peoples, food, faiths and cultures of the East. To visit the lands of *The Great Railway Bazaar* is an encounter with all that is truly foreign and exotic.

In 1991, Monisha's family uprooted from Sheffield to Madras in the hope of making India their home. Two years later, fed up with soap-eating rats, stolen human hearts and the creepy colonel across the road, they returned to England with a bitter taste in their mouths. Twenty years later, Monisha came back. Taking a page out of Jules Verne's classic tale, *Around the World in 80 Days*, she embarked on a 40,000km adventure around India in 80 trains. Travelling a distance equivalent to the circumference of the Earth, she lifted the veil on a country that had become a stranger to her. As one of the largest civilian employers in the world, featuring luxury trains, toy trains, Mumbai's infamous commuter trains and even a hospital on wheels, Indian Railways had more than a few stories to tell. On the way, Monisha met a colourful cast of characters with epic stories of their own. But with a self-confessed militant atheist as her photographer, Monisha's personal journey around a country built on religion was not quite what she bargained for... *Around India in 80 Trains* is a story of adventure and drama infused with

sparkling wit and humour.

THE DEVELOPMENT OF ITS LAWS AND CONSTITUTION

Ryland Peters & Small

First published in Malayalam in 1973, *My Story*, Kamala Das' sensational autobiography, shocked readers with its total disregard for mindless conventions and its fearless articulation of a subject still considered taboo. Depicting the author's intensely personal experiences in her passage to womanhood and shedding light on the hypocrisies that informed traditional society, this memoir was far ahead of its time and is now acknowledged as a bona fide masterpiece.

To understand India you have to see it, hear it, breathe it and feel it. Living through the good, the bad and the ugly is the only way to know where you fit in and where India fits into you. In 1991 Monisha uprooted from England to Madras in the hope of making India her home. But fed up with soap-eating rats, severed human heads, paying bribes, and the creepy

Indian trains carry over twenty million passengers every day, plowing through cities, crawling past villages, climbing up mountains and skimming along coasts. Monisha hopes that 80 train journeys up, down and across India will lift the veil on a country that has become a stranger to her. As one of the largest civilian employers in the world, featuring luxury trains, toy trains, Mumbai's infamous commuter trains, and even a hospital on wheels, Indian Railways has more than a few stories to tell, not to mention a colorful cast of characters.
