## LACEY MILES

My African Journey Unbridled Books Winston Spencer Churchill: Alone, 1932-1940 is the second volume of the outstanding three volume The Last Lion, the ultimate Churchill biography from the award-winning historian, William Manchester. In this triumphant biography, William Manchester, contends that Churchill's lonely battle against appeasement, even more than his leadership in war, was the Last Lion's finest hour. Politically isolated in Parliament, sometimes jeered at and scorned when he warned of the growing Nazi threat, Churchill stood alone, a beacon of hope amid the gathering storm.

## MARLBOROUGH

Penguin The prime minister and Nobel Prize-winning historian begins his four-volume biography of the British statesman John Churchill, first Duke of Marlborough. In the first volume of this ambitious and stunningly written biography, Sir Winston S. Churchill discusses the early career and stratospheric rise of his illustrious, seventeenth century ancestor. John Churchill, the Duke of Marlborough, may have been eclipsed in history by his more well-known descendant, but in his time, Marlborough was considered one of England's foremost military and political leaders. This first installment pays particular attention to personal details of Marlborough's life, and the important role several women played in his success—including his sister, his wife, the

Duchess of Cleveland, and Queen Anne herself. Churchill breathes life into these personal connections in order to showcase Marlborough not only as a luminary figure in British history, but also to bring him to life once again in the mind of the reader. "A sustained meditation on statecraft and war by the greatest war leader of our time." —Foreign Affairs "The greatest historical work written in our century, an inexhaustible mine of political wisdom and understanding, which should be required reading for every student of political science." —Leo Strauss

## The World Crisis, 1916-1918

Createspace Independent Publishing Platform John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. His descendant, Sir Winston Churchill wrote this work as both an act of homage and an historical insight

into the man behind the statesman.

**The Churchill Factor** Casemate

The two centuries covered in Volume II, from 1485 to 1688, were the years which saw the Golden Age and the beginning of the world's greatest empire; then the seventeenth century, the century of internal strife in which the English Parliament developed from an advisory to a governing body, arbiter of the highest affairs of State. These were also the years when the New World of the American continent was discovered and settled by European adventure. Volume I: The Birth of Britain Volume II: The New World Volume III: The Age of Revolution Volume IV: The Great Democracies  
Marlborough Pan Macmillan  
"It is my hope to recall this great shade from the past, and not only invest him with his panoply, but make him living and intimate to modern eyes."—from the preface to Volume One John Churchill, the Duke of Marlborough (1644-1722), was one of the greatest military commanders and statesmen in the history of England. Victorious in the Battles of Blenheim (1704), Ramillies (1706), and countless other campaigns, Marlborough, whose political intrigues were almost as legendary as his military skill, never fought a battle he didn't win. Although he helped James II crush the rebellion of the Duke of Monmouth, Marlborough later supported William of Orange against James II in the Glorious Revolution of 1688 and brilliantly managed England's diplomatic triumphs during the War of the Spanish Succession. Marlborough also bequeathed the world another great British military strategist and diplomat—his descendant, Winston S. Churchill, who wrote this book to redeem Marlborough's reputation from Macaulay's smears. One million words long and ten years in the making, Churchill's Marlborough stands as both a literary and historical masterpiece, giving us unique insights into the Churchill of World War II, for just as Churchill's literary skill helps us understand the complexities of Marlborough's life, so too did his writing of Marlborough help Churchill master the arts of military strategy and diplomacy. This two-volume edition includes the entire text and almost all the original maps.

Churchill Warrior Penguin

Elvis Presley was a virtual unknown when, in 1956, he strutted his stuff in front of a national television audience for the very first time. By year's end, following a dozen TV appearances, he was an international superstar. Over the next two decades, Elvis turned to TV whenever his career required a boost or a complete makeover.

"Channeling Elvis: How Television Saved the King of Rock 'n' Roll" peers through TV's unique lens to take a close-up look at his 20-year career. Based on more than a decade of research, dozens of fresh interviews, and careful review of hours of television and other footage, "Channeling Elvis" focuses on the role television played in creating, sustaining, and reviving the King's unrivaled popularity. Only television captured the full arc of his career, from those initial steps on the national stage and highly anticipated return from the U.S. Army to his resurrection in the wake of some lame recordings and less-than-stellar movies, renewed acclaim as a concert artist, and premature, self-inflicted 1977 exit. Television captured it all, and Elvis Presley's TV appearances also provided us with the most extensive visual record of this incredible man doing what he loved best: performing live. Praise for "Channeling Elvis": "Allen Wiener puts a new charge into the story of Elvis and his rise, namely television. It's arguable that television had more to do with Elvis' meteoric streak to the top than radio. 'Channeling Elvis' is something new under the Elvis sun." -- Allen Barra, author of "Mickey and Willie: Mantle and Mays, the Parallel Lives of Baseball's Golden Age". "Unlike the Hollywood-contrived plastic persona that characterized the vast majority of his big-screen appearances, the Elvis who turned American television on its head during the mid-'50s and used it for his rebirth in the late-'60s was the real performer in all of his lip-curling, pelvic-thrusting glory. Equally captivating was the sadder figure who faced the final curtain on his 1977 TV special, and it is thanks to Allen Wiener's great insight and invaluable research that, at long last, 'Channeling Elvis' explores, explains, and relives these pivotal moments of a legendary career." - Richard Buskin, author of "Classic Tracks: The Real Stories Behind 68 Seminal Recordings". "Television made Elvis Presley in 1956. Twelve years later -- all too briefly -- it resurrected him. In 'Channeling Elvis', Allen Wiener illuminates a bittersweet American romance." -- Bob Thompson, author of "Born on a Mountaintop: On the Road with Davy Crockett and the Ghosts of the Wild Frontier." "Allen J. Wiener knows his way around icons, and 'Channeling Elvis' ably makes the case that TV transformed the greatest recording artist of the early rock 'n' roll era into a unique cultural phenomenon. The Elvises that emerge in Wiener's account always command the spotlight." -- Paul Cool, former program director and disc jockey, KUSF Radio, San Francisco, and author of

"Salt Warriors: Insurgency on the Rio Grande".

*Marlborough* RosettaBooks

"Marlborough: His Life and Times is an exhaustive, four-volume panegyric biography, in which Churchill defends his ancestor against claims of war-mongering and charlatanism made by Thomas Macaulay, a 19th-century historian and Whig politician. The Duke of Marlborough was a military commander and statesman, who rose from a page at the Stuart court to one of the richest and most successful royal subjects. Churchill deftly explains the political, military, and social issues wrestled with by Marlborough in the course his career, including the Glorious Revolution and War of Spanish Succession, but also takes pains to explore the private and personal aspects of Marlborough's life. The result is a literary and historical triumph."--Bloomsbury Publishing.

**THE LAST LION**

Meticulously researched by a senior private banker now turned historian, No More Champagne reveals for the first time the full extent of the iconic British war leader's private struggle to maintain a way of life instilled by his upbringing and expected of his public position. Lough uses Churchill's own most private records, many never researched before, to chronicle his family's chronic shortage of money, his own extravagance and his recurring losses from gambling or trading in shares and currencies. Churchill tried to keep himself afloat by borrowing to the hilt, putting off bills and writing 'all over the place'; when all else failed, he had to ask family or friends to come to the rescue. Yet within five years he had taken advantage of his worldwide celebrity to transform his private fortunes with the same ruthlessness as he waged war, reaching 1945 with today's equivalent of £3 million in the bank. His lucrative war memoirs were still to come. Throughout the story, Lough highlights the threads of risk, energy, persuasion, and sheer willpower to survive that link Churchill's private and public lives. He shows how constant money pressures often tempted him to short-circuit the ethical standards expected of public figures in his day before usually pulling back to put duty first—except where the taxman was involved.

Rosetta Books

This fifth volume of wartime speeches and broadcasts from the Nobel Prize-winning prime minister brings the close of WWII to electrifying life. Legendary politician and military strategist Winston S. Churchill was a master not only of the battlefield, but of the page and the podium. Over the course of forty books and countless speeches, broadcasts, news items, and more, he addressed a country at war and at peace, thrilling with victory but uneasy with its shifting role on the world stage. In 1953, he was awarded the Nobel Prize for Literature for "his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values." During his lifetime, he enthralled readers and brought crowds roaring to their feet; in the years since his death, his skilled writing has inspired generations of eager history buffs. This fifth and final volume in the series of the great orator's wartime speeches, broadcasts, public messages, and other communications take readers through the momentous final events of World War II, culminating in Allied victory. Passionate, inspiring, informative, and amusing, no fan of WWII military history should be without this comprehensive, fascinating series.

Lord Randolph Churchill Texas A&M University Press

A "truly exceptional" account of how Churchill's experiences in the armed forces helped him lead Britain to victory in World War II (Booklist). No defense minister in modern times has faced the challenges that Winston Churchill did during the Second World War. Fortunately, he had a unique and intimate inside knowledge of all three services, which allowed him to assess their real needs—a crucial task when money, material resources, and, especially, manpower were reaching their limits. Churchill Warrior looks at how Churchill gained his unique insight into war strategy and administration through his experiences after joining the army in 1896, and the effect this had on his thinking and leadership. Each period—before, during, and after the First World War, and in the Second World War—is divided into four parts: land, sea, and air warfare and combined operations. The conclusion deals with the effect of these experiences on his

wartime leadership. From a Sunday Times–bestselling author, this is a grand narrative that begins with the Marlborough toy soldiers and the army class at Eton, then leads us through those early military and journalistic experiences, the fascinating trials and lessons of the First World War, and the criticism and tenacity culminating in the ultimate triumph of the Second. It explores how some of Churchill's earliest innovations were to bear fruit decades later and how his uncompromising, uniquely informed hands-on approach, and his absolute belief in combined forces in Normandy, led to a systemic victory against the odds.

Marlborough University of Chicago Press  
The long-awaited final volume of William Manchester's legendary biography of Winston Churchill. Spanning the years of 1940-1965, *The Last Lion* picks up shortly after Winston Churchill became Prime Minister—when his tiny island nation stood alone against the overwhelming might of Nazi Germany. The Churchill conjured up by William Manchester and Paul Reid is a man of indomitable courage, lightning-fast intellect, and an irresistible will to action. *The Last Lion* brilliantly recounts how Churchill organized his nation's military response and defense, compelled FDR into supporting America's beleaguered cousins, and personified the "never surrender" ethos that helped the Allies win the war, while at the same time adapting himself and his country to the inevitable shift of world power from the British Empire to the United States. More than twenty years in the making, *The Last Lion* presents a revelatory and unparalleled portrait of this brilliant, flawed, and dynamic leader. This is popular history at its most stirring.

### MARLBOROUGH

This stunning second volume of wartime speeches and broadcasts from the Nobel Prize-winning prime minister captures the troubled early days of WWII. Legendary politician and military strategist Winston S. Churchill was a master not only of the battlefield, but of the page and the podium. Over the course of forty books and countless speeches, broadcasts, news items, and more, he addressed a country at war and at peace, thrilling with victory but uneasy with its shifting role on the world stage. In 1953, he was awarded the Nobel Prize for Literature for "his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values." During his lifetime, he enthralled readers and brought crowds roaring to their feet; in the years since his death, his skilled writing

has inspired generations of eager history buffs. This second volume in the series of the great orator's wartime speeches, broadcasts, public messages, and other communications take readers through the difficult years of 1940 to 1941. Faced with a challenging moment for the military as well as a groundswell of criticism from his government and his people, Churchill used his extraordinary command of language to inspire Britain to stand strong against Hitler and the growing Nazi threat. No fan of WWII military history should be without this extraordinary collection of seventy-two broadcasts, speeches, and messages to Parliament.

**Marlborough** Marlborough  
In 1953, Winston Churchill received the Nobel Prize for Literature. In fact, Churchill was a professional writer before he was a politician, and published a stream of books and articles over the course of two intertwined careers. Now historian Peter Clarke traces the writing of the magisterial work that occupied Churchill for a quarter century, his four-volume History of the

English-Speaking Peoples. As an author, Churchill faced woes familiar to many others; chronically short of funds, late on deadlines, scrambling to sell new projects or cajoling his publishers for more advance money. He signed a contract for the English-Speaking project in 1932, a time when his political career seemed over. The magnum opus was to be delivered in 1939, but in that year, history overtook history-writing. When the Nazis swept across Europe, Churchill was summoned from political exile to become Prime Minister. The English-Speaking Peoples would have to wait. The book would indeed be written and become a bestseller, after Churchill left public life. But even before he took office, the massive project was shaping his worldview, his speeches and his leadership. In these pages, Peter Clarke follows Churchill's monumental quest to chronicle the English-Speaking Peoples - a quest that helped to define the enduring 'special relationship' between Britain and America. In the process, Clarke gives us not just an untold chapter in literary history, but a fresh perspective on this iconic figure: a life of Churchill the author.

**The Dawn of Liberation** Little, Brown  
 NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 "Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior." —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of Napoleon and The Last King of America. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In Churchill, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and

unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

**Mr Churchill's Profession** Rosetta Books  
 "A richly textured and deeply moving portrait of greatness" (Los Angeles Times). In this masterful book, prize-winning historian and authorized Churchill biographer Martin Gilbert weaves together the research from his eight-volume biography of the elder statesman into one single volume, and includes new information unavailable at the time of the original work's publication. Spanning Churchill's youth, education, and early military career, his journalistic work, and the arc of his political leadership, Churchill: A Life details the great man's indelible contribution to Britain's foreign policy and internal social reform. With eyewitness accounts and interviews with Churchill's contemporaries, including friends, family members, and career adversaries, it provides a revealing picture of the personal life, character, ambition, and drive of one of the world's most remarkable leaders. "A full and rounded examination of Churchill's life, both in its personal and political aspects . . . Gilbert describes the painful decade of Churchill's political exile (1929-1939) and shows how it strengthened him and prepared him for his role in the 'hour of supreme crisis' as Britain's wartime leader. A lucid, comprehensive and authoritative life of the man considered by many to have been the outstanding public figure of the 20th century." —Publishers Weekly "Mr. Gilbert's job was to bring alive before his readers a man of extraordinary genius and scarcely less extraordinary destiny. He has done so triumphantly." —The New York Times Book Review

**The History of English Law Before the Time of Edward I** W. W. Norton & Company  
 A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest

leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, Churchill's Shadow colorfully renders the nuance and complexity of this giant of modern politics.

**Secret Session Speeches** DigiCat  
 The Last Prince of the Mexican Empire is a sweeping historical novel of Mexico during the short, tragic, at times surreal, reign of Emperor Maximilian and his court. Even as the American Civil War raged north of the border, a clique of Mexican conservative exiles and clergy convinced Louis Napoleon to invade Mexico and install the Archduke of Austria, Maximilian von Habsburg, as Emperor. A year later, the childless Maximilian took custody of the two year old, half-American, Prince Agustín de Iturbide y Green, making the toddler the Heir Presumptive. Maximilian's reluctance to return the child to his

distraught parents, even as his empire began to fall, and the Empress Carlota descended into madness, ignited an international scandal. This lush, grand

read is based on the true story and illuminates both the cultural roots of Mexico and the political development of the Americas. But it is made all the more

captivating by the depth of Mayo's writing and her understanding of the pressures and influences on these all too human players.
