Following an indiscretion with a maid, exuberant Julian Robinson is sent to his family's country estate to be educated by a beautiful and bewitching French governess, Mademoiselle de Chambonnard, who subjects him to a rigorous disciplinary regime of birching and cross-dressing. Complete in three volumes, *Gynecocracy* is an influential masterpiece of Victorian clandestine erotica, first published in 1893. It is significant for the novelty of its focus on the subjection of a young man to women through enforced cross-dressing. This Birchgrove Press edition includes the excerpt from *Don Juan*, which modern reprints often omit, and a number of chapter head decorations from a nineteenth-century edition. The authorship of *Gynecocracy* is usually attributed to an English lawyer, Stanislas Matthew de Rhodès (1857-1932), who is also credited with writing *The Yellow Room* (1891) and *The Petticoat Dominant* (1898), which are also available from Birchgrove Press.

In this best-selling novel, Patrick Smith tells the story of three generations of the MacIveys, a Florida family who battle the hardships of the frontier to rise from a dirt-poor Cracker life to the wealth and standing of real estate tycoons. The story opens in 1858, when Tobias MacIvey arrives in the Florida wilderness to start a new life with his wife and infant son, and ends two generations later in 1968 with Solomon MacIvey, who realizes that the land has been exploited far beyond human need. The sweeping story that emerges is a rich, rugged Florida history featuring a memorable cast of crusty, indomitable Crackers battling wild animals, rustlers, Confederate deserters, mosquitoes, starvation, hurricanes, and freezes to carve a kingdom out of the swamp. But their most formidable adversary turns out to be greed, including finally their own. Love and tenderness are here too: the hopes and passions of each new generation, friendships with the persecuted blacks and Indians, and respect for the land and its wildlife. Patrick Smith's novel is now available for young readers. A teacher's manual is available for using *A Land Remembered* to teach language arts, social studies, and science coordinated with the Sunshine State Standards of the Florida Department of Education.

Let's Get Cracking! (Second Edition) Penguin

A new perspective, going back to the essentials as developed in the island culture where karate began. Karate developed in the islands of Okinawa as a weaponless method of self-defense. In traditional Okinawan karate, kata (form) and kumite (fighting) were not divided, they were taught together as one art. Today, however, as a result of Western influences which treat it mainly as a sport, karate is taught quite differently. The author learned the secrets of karate from masters in Okinawa, fighting in full-contact karate matches, while also competing in Muay-Thai kickboxing in Thailand, and teaching hundreds of students at his dojo in the United States. Readers will find in this book the key to the fundamentals of an ancient martial art, before it was diluted by later interpretations, and will also discover a completely different perspective on karate than any they have ever seen or practiced before.

Whipmaking is the highest refinement of the art of leather braiding. This revised edition introduces another major category of whipsthose made in the Mongol tradition. Braiding details are shown in an extensive selection of photographs that also serve to document the geographic distribution of the whips; their historic use and characteristics are explained in detailed captions. A new chapter describes the evolution of a whip design that became world famous through its association with Hollywood. The whips used by Indiana Jones were all made by the author, David W. The second installment in Jasper Fforde's New York Times bestselling series follows literary detective Thursday Next on another adventure in her alternate reality of literature-obsessed England—from the author of *The Constant Rabbit* The inventive, exuberant, and totally original literary fun that

began with *The Eyre Affair* continues with New York Times bestselling author Jasper Fforde's magnificent second adventure starring the resourceful, fearless literary sleuth Thursday Next. When Landen, the love of her life, is eradicated by the corrupt multinational Goliath Corporation, Thursday must moonlight as a Prose Resource Operative of Jurisdiction—the police force inside the BookWorld. She is apprenticed to the man-hating Miss Havisham from Dickens's *Great Expectations*, who grudgingly shows Thursday the ropes. And she gains just enough skill to get herself in a real mess entering the pages of Poe's "The Raven." What she really wants is to get Landen back. But this latest mission is not without further complications. Along with jumping into the works of Kafka and Austen, and even Beatrix Potter's *The Tale of the Flopsy Bunnies*, Thursday finds herself the target of a series of potentially lethal coincidences, the authenticator of a newly discovered play by the Bard himself, and the only one who can prevent an unidentifiable pink sludge from engulfing all life on Earth. It's another genre-bending blend of crime fiction, fantasy, and top-drawer literary entertainment for fans of Douglas Adams and P. G. Wodehouse. Thursday's zany investigations continue with *The Well of Lost Plots*.

'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the Classics. Her characters live vividly both in their own time, and in ours' MADELINE MILLER Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' HILARY MANTEL In the story of the great lyric poet Simonides, Mary Renault brings alive a time in Greece when tyrants kept an unsteady rule and poetry, music, and royal patronage combined to produce a flowering of the arts. Born into a stern farming family on the island of Keos, Simonides escapes his harsh childhood through a lucky apprenticeship with a renowned Ionian singer. As they travel through 5th century B.C. Greece, Simonides learns not only how to play the kithara and compose poetry, but also how to navigate the shifting alliances surrounding his rich patrons. He is witness to the Persian invasion of Ionia, to the decadent reign of the Samian pirate king Polykrates, and to the fall of the Pisistratids in the Athenian court. Along the way, he encounters artists, statesmen, athletes, thinkers, and lovers, including the likes of Pythagoras and Aischylos. Using the singer's unique perspective, Renault combines her vibrant imagination and her formidable knowledge of history to establish a sweeping, resilient vision of a golden century. 'There's much to say about her interweaving of myth and history and, just as interestingly, there's much to wonder at in the way she fills in the large dark spaces where we know next to nothing about the times she describes . . . an important and wonderful writer . . . she set a course into serious-minded, psychologically intense

historical fiction that today seems more important than ever' - Sam Jordison, Guardian

This book is a Femdom Erotica book for adults only, if you are not interested in Femdom Erotica or not an adult, then please do not purchase this book. This is a story of humiliation, seduction, and torture, which reveals how I turned a man into my slave! I am a normal girl with a sadistic streak, and I love the feeling of breaking a man! This short story is a work of fiction that resembles a relationship I have with a man I know. There are some elements of truth in it, but I don't want people

getting in trouble copying what I have done, so let's just call the whole thing fiction. I've done some really cruel things to the man that this story is about to make him into my slave, and I hope you like it.
