The barista drew an imprint of a rose in the foam in the cup of espresso, but no one would notice it. The customer would drink it without ever taking a moment to admire his masterpiece. Nothing ever changed. Each cup he brewed wounded his spirit. But the course of the Lebanese youth's life changes forever when he meets a Spanish nomad named Raphael, who tells him about the Great Guru in Rishikesh, India. "I have to remind you, there is no guarantee that the Great Guru will see us," Raphael warned. "In my brief meditation, I heard the song, and now I seek the choir," Matias said. "I have to try." As we follow Matias' journey from an ambitious youth to a seeker of truth, we learn life lessons along with him and call out our innocence from its hiding place in our hearts.

### **UTILIZATION OF LOW QUALITY ROUGHAGES IN AFRICA**

BoD – Books on Demand  
 The life of the legendary drummer and singer is explored through extensive research and personal interviews with family, friends, and fellow musicians. In the Arkansas Delta, a young Levon Helm witnessed “blues, country, and gospel hit in a head-on collision,” as he put it. The result was rock 'n' roll. As a teenager, he joined the raucous Ronnie Hawkins and the Hawks, then helped merge a hard-driving electric sound with Bob Dylan's folk roots, and revolutionized American rock with the Band. Helm not only provided perfect “in the pocket” rhythm and unforgettable vocals, he was the soul of The Band. Levon traces a rebellious life on the road, from being booed with Bob Dylan to the creative cauldron of Big Pink, the Woodstock Festival, world tours, The Last Waltz, and

beyond with the man Dylan called “one of the last true great spirits of my or any other generation.” Author Sandra B. Toozee digs deep into what Helm saw as a devastating betrayal by his closest friend, Band guitarist Robbie Robertson—and Levon's career collapse, his near bankruptcy, and the loss of his voice due to throat cancer in 1997. Yet Helm found success in an acting career that included roles in *Coal Miner's Daughter* and *The Right Stuff*. Regaining his singing voice, he made his last decade a triumph, opening his barn to the *Midnight Rambles* and earning three Grammys.

 Passage to Faith is Book 1 in The Faith Today Trilogy series. Passage to Faith explores current scientific evidence supporting the case for the existence of a creator God. It draws on dozens of historical testimonies of individuals who had encounters with a Supreme Being which influenced them to change their lives, and sometimes the world, for the better. Taking the reader on an evidence-based tour through the cosmos, Lee, qualified in the fields of the philosophy of futures studies, theology, literature and education, reveals a stunning degree of indwelling intelligence and beauty on display throughout the universe and on Earth. He then traces the common ground between the creation account in Genesis in the Bible and scientific cosmology, the Big Bang theory and Albert Einstein's theory of relativity. Bell & MacKenzie Publishing

#1 International Best Seller Living a meaningful, satisfying life is an enigma for most people today. We feel stuck, small, without the self-confidence to move in the direction of what we really want. Or, if we do muscle through our fear in pursuit of our dreams, we exhaust ourselves working and striving and achieving and yet somehow, no matter our level of outer-world success, are left dazed and disheartened, asking ourselves, "Is this all there is?" After ten years on Broadway, Sandra Joseph—the longest-running leading lady in Broadway's longest-running show, The Phantom of the Opera—knows one thing for sure: the only way to have a truly fulfilling life and achieve success that satisfies is to recognize that the journey up is no substitute for the journey in. In *Unmasking What Matters*, Joseph uses lessons learned on the road to Broadway, during her decade as Christine, and through the challenges she faced after walking away from the business to show readers how to courageously bring their inner voice to the outer world, stop seeking success for achievement's sake and start creating the life they truly desire. With her hard-won wisdom, poignant personal stories,

and practical, experiential exercises to guide them, readers will learn to shed their limiting masks, mindfully work through their fears, stand in their authentic power, and build a life rich with satisfaction, meaning, and significance. Warm, humble, encouraging, and inspiring, *Unmasking What Matters* can help anyone move from stuck, fearful, and playing it safe to embracing their passions, gifts, and opportunities and living life “full-out” today.

The bestselling book, now with a new preface by the authors At once a bold defense and reimagining of capitalism and a blueprint for a new system for doing business, *Conscious Capitalism* is for anyone hoping to build a more cooperative, humane, and positive future. Whole Foods Market cofounder John Mackey and professor and *Conscious Capitalism, Inc.* cofounder Raj Sisodia argue that both business and capitalism are inherently good, and they use some of today's best-known and most successful companies to illustrate their point. From Southwest Airlines, UPS, and Tata to Costco, Panera, Google, the Container Store, and Amazon, today's organizations are creating value for all stakeholders—including customers, employees, suppliers, investors, society, and the environment.
