THE DESIGNFUL COMPANY

John Wiley & Sons

Here is the bestselling guide that created a new game plan for marketing in high-tech industries. *Crossing the Chasm* has become the bible for bringing cutting-edge products to progressively larger markets. This edition provides new insights into the realities of high-tech marketing, with special emphasis on the Internet. It's essential reading for anyone with a stake in the world's most exciting marketplace.

THE BRAND GAP

Pearson Education

Emotional Branding is the best selling revolutionary business book that has created a movement in branding circles by shifting the focus from products to people. The "10 Commandments of Emotional Branding" have become a new benchmark for marketing and creative professionals, emotional branding has become a coined term by many top industry experts to express the new dynamic that exists now between brands and people.

The emergence of social media, consumer empowerment and interaction were all clearly predicted in this book 10 years ago around the new concept of a consumer democracy. In this updated edition, Marc Gobé covers how social media helped elect Barack Obama to the White House, how the idea behind Twitter is transforming our civilization, and why new generations are re-inventing business, commerce, and management as we know it by leveraging the power of the web. In studying the role of women as "shoppers in chief," and defining the need to look at the marketplace by recognizing differences in origins, cultures, and choices, *Emotional Branding* foresaw the break up of mass media to more targeted and culturally sensitive modes of communications. As the first marketing book ever to study the role of the LGBTQ community as powerful influencers for many brands, *Emotional Branding* opened the door to a renewed sensitivity toward traditional research that privilege individuality and the power of the margins to be at the center of any marketing strategy. A whole segment in the book looks at the role of the senses in branding and design. The opportunity that exists in understanding how we feel about a brand determines how much we want to buy. By exploring the 5 senses, *Emotional Branding* shows how some brands have built up their businesses by engaging in a sensory interaction with their consumers. *Emotional Branding* explores how effective consumer interaction needs to be about senses and feelings, emotions and sentiments. Not unlike the Greek culture that used philosophy, poetry, music, and the art of discussion and debate to stimulate the imagination, the concept of emotional branding establishes the forum in which people can convene and push the limits of their creativity. Through poetry the Greeks invented mathematics, the basis of science, sculpture, and drama. Unless we focus on humanizing the branding process we will lose the powerful emotional connection people have with brands. Critics hailed *Emotional Branding* as a breakthrough and a fresh approach to building brands. Design in this book is considered a new media, the web a place where people will share information and communicate, architecture a part of the brand building process, and people as the most powerful element of any branding strategy. Most importantly, it emphasizes the need to transcend the traditional language of marketing--from one based on statistics and data to a visually compelling new form of communication that fosters creativity and innovation. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Creative Strategy and the Business of Design Routledge

Discover proven strategies for building powerful, world-class brands It's tempting to believe that brands like Apple, Nike, and Zappos achieved their iconic statuses because of serendipity, an unattainable magic formula, or even the genius of a single visionary leader. However, these companies all adopted specific approaches and principles that transformed their ordinary brands into industry leaders. In other words, great brands can be built—and Denise Lee Yohn knows exactly how to do it. Delivering a fresh perspective, Yohn's *What Great Brands Do* teaches an innovative brand-as-business strategy that enhances brand identity while boosting profit margins, improving company culture, and creating stronger stakeholder relationships. Drawing from twenty-five years of consulting work with such top brands as Frito-Lay, Sony, Nautica, and Burger King, Yohn explains key principles of her brand-as-business strategy. Reveals the seven key principles that the world's best brands consistently implement Presents case studies that explore the brand building successes and failures of companies of all sizes including IBM, Lululemon, Chipotle Mexican Grill, and other remarkable brands Provides tools and strategies that organizations can start using right away Filled with targeted guidance for CEOs, COOs, entrepreneurs, and other organization leaders, *What Great Brands Do* is an essential blueprint for launching any brand to meteoric heights.

Logo Design Love John Wiley & Sons

Brand Identity Essentials, Revised and Expanded outlines and demonstrates basic logo and branding design guidelines and rules through 100 principles. These include the elements of a successful graphic identity, identity programs and brand identity, and all the various strategies and elements involved. A company's identity encompasses far more than just its logo. Identity is crucial to establishing the public's perception of a company, its products, and its effectiveness—and it's the designer's job to envision the brand and create what the public sees. Brand Identity Essentials, a classic design reference now updated and expanded, lays a foundation for brand building, illustrating the construction of strong brands through examples of world-class design. Topics include: A Sense of Place, Cultural Symbols, Logos as Storytellers, What is "On Brand?", Brand Psychology, Building an Online Identity, Managing Multiple Brands, Owning an Aesthetic, Logo Lifecycles, Programs That Stand Out, Promising Something, and Honesty is Sustainable The new, revised edition expands each of the categories, descriptions, and selections of images, and incorporates emergent themes in digital design and delivery that have developed since the book first appeared. Brand Identity Essentials is a must-have reference for budding design professionals and established designers alike.

The 46 Rules of Genius Peachpit Press

Shares forty-six tips for achieving creative brilliance in any professional field, discussing how to innovate, work, learn, and matter.

The New Strategic Brand Management Brand Nu Limited

In an age of me-too products and instant communications, keeping up with the competition is not a winning strategy. Today you have to out-position, outmanoeuvre, and out-design the competition. The new rule? When everybody zigs, zag. In the recent bestseller, *The Brand Gap* (AIGA/New Riders), Neumeier showed companies how to bridge the distance between business strategy and design. In his latest book *Zag*, he illustrates the first big step in building a high-performance brand-radical differentiation.

Peachpit Press

This marketing classic has been expanded to include new commentary, new illustrations, and a bonus book: *The 11 Immutable Laws of Internet Branding*. Smart and accessible, *The 22 Immutable Laws of Branding* is the definitive text on branding, pairing anecdotes about some of the best brands in the world, like Rolex, Volvo, and Heineken, with the signature savvy of marketing gurus Al and Laura Ries. Combining *The 22 Immutable Laws of Branding* and *The 11 Immutable Laws of Internet Branding*, this book proclaims that the only way to stand out in today's marketplace is to build your product or service into a brand—and provides the step-by-step instructions you need to do so. *The 22 Immutable Laws of Branding* also tackles one of the most challenging marketing problems today: branding on the Web. The Rieses divulge the controversial and counterintuitive strategies and secrets that both small and large companies have used to establish internet brands. *The 22 Immutable Laws of Branding* is the essential primer on building a category-dominating, world-class brand.

No Logo Black Dog & Leventhal

If you're not using social media to reach out to your customers and the people who influence them, who is?

Brand Activism Rockport Publishers

Branding guru Aaker shows how to eliminate the competition and become the lead brand in your market This ground-breaking book defines the concept of brand relevance using dozens of case studies-Prius, Whole Foods, Westin, iPad and more-and explains how brand relevance drives market dynamics, which generates opportunities for your brand and threats for the competition. Aaker reveals how these companies have made other brands in their categories irrelevant. Key points: When managing a new category of product, treat it as if it were a brand; By failing to produce what customers want or losing momentum and visibility, your brand becomes irrelevant; and create barriers to competitors by supporting innovation at every level of the organization. Using dozens of case studies, shows how to create or dominate new categories or subcategories, making competitors

irrelevant Shows how to manage the new category or subcategory as if it were a brand and how to create barriers to competitors Describes the threat of becoming irrelevant by failing to make what customer are buying or losing energy David Aaker, the author of four brand books, has been called the father of branding This book offers insight for creating and/or owning a new business arena. Instead of being the best, the goal is to be the only brand around-making competitors irrelevant.

What Great Brands Do Harvard Business Press

Who do you want your customers to become? According to MIT innovation expert and thought leader Michael Schrage, if you aren't asking this question, your strategic marketing and innovation efforts will fail. In this latest HBR Single, Schrage provides a powerful new lens for getting more value out of innovation investment. He argues that asking customers to do something different doesn't go far enough—serious marketers and innovators must ask them to become something different instead. Even more, you must invest in their capabilities and competencies to help them become better customers. Schrage's primary insight is that innovation is an investment in your client, not just a transaction with them. To truly innovate today, designing new products or features or services won't get you there. Only by designing new customers—thinking of their future state, being the conduit to their evolution—will you transform your business. Schrage explains how the above question (what he calls "The Ask") will incite you and your team to imagine and design ideal customer outcomes as the way to drive your business's future. The Single is organized around six key insights and includes practical exercises to help you apply the question to your current situation. Schrage also includes examples from well-known companies—Google, Facebook, Disney, Starbucks, Apple, IKEA, Dyson, Ryanair, and others—to illustrate just what is possible when you apply "The Ask." Marketing executives, brand managers, strategic innovators, and entrepreneurs alike should understand how successful innovation rebrands the client and not the product. A requisite question for its time, *Who Do You Want Your Customers To Become* will liberate you and your team from 'innovation myopia'—and turn your innovation efforts on their head. HBR Singles provide brief yet potent business ideas, in digital form, for today's thinking professional.

The Brand Gap: O Abismo da Marca Bookman

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

Queer X Design Rocky Nook, Inc.

Lean In Peachpit Press

The world's leading practitioner of branding predicts the future of companies' identities in an ever -changing marketing landscape What is the future for brands and branding? Does globalization mean that variety and individuality will be crushed out of existence by massive multinationals? Will everywhere and everything become similar, like the world of airports today? Or will there still be room for brands that thrive on being different? What about the impact of digital technology and increasing customer feedback through the internet and social media? What, in fact, do customers want? Today's businesses, in addition to thinking about price and authenticity, have to deal with corporate social responsibility. How does this affect the products and services we consume? How does it influence the way we feel about organizations? Are corporations here to maximize profits and grow, or to help society, or both? With the rapid rise of new markets in India, China, Brazil, and elsewhere, will new global brands emerge based around local cultural strengths and heritage? If so, what will this mean for the traditional dominance of brands based on Western cultural norms? Wally Olins's fascinating book looks at every aspect of the world of branding. With his customary flair and no-nonsense prose, he analyzes the problems facing today's organizations, criticizes corporate missteps, praises those companies who seem to be building and sustaining brands efficiently in our brave new world, and predicts the future of branding. No one interested in marketing, business, or contemporary culture will want to be without this book.

Power Branding Penguin

The Business Skills Every Creative Needs! Remaining relevant as a creative professional takes more than creativity--you need to understand the language of business. The problem is that design school doesn't teach the strategic language that is now essential to getting your job done. *Creative Strategy and the Business of Design* fills that void and teaches left-brain business skills to right-brain creative thinkers. Inside, you'll learn about the business objectives and marketing decisions that drive your creative work. The curtain's been pulled away as marketing-speak and business jargon are translated into tools to help you: Understand client requests from a business perspective Build a strategic framework to inspire visual concepts Increase your relevance in an evolving industry Redesign your portfolio to showcase strategic thinking Win new accounts and grow existing relationships You already have the creativity; now it's time to gain the business insight. Once you understand what the people across the table are thinking, you'll be able to think how they think to do what we do.

Brand New Justice The Brand Gap

Adopted internationally by business schools and MBA programmes, this book is the ultimate resource for senior strategists, positioning professionals and postgraduate students to understand and overcome the challenges of brand management and strategy today, written by the leading international expert of branding, Jean-Noël Kapferer. *The New Strategic Brand Management* is simply the reference source for branding professionals and postgraduate students. Over the years it has not only established a reputation as one of the leading works on brand strategy, but also has become synonymous with the topic itself. Using an array of international case studies, this book covers all the leading issues faced by brand strategists today, with both gravitas and intelligent insight. It reveals new thinking on topics such as putting culture and content into brands, the impact of private labels and the comeback of local brands. This updated fifth edition builds on the book's already impressive reputation, including new content that will help students and practitioners stay up to date with targeting, with relevant research and market knowledge to support the discipline. With dedicated sections for specific types of brands (luxury, corporate and retail), international examples and case studies from companies such as Audi, Nivea, Toyota and Absolut Vodka; plus models and frameworks such as the Brand Identity Prism; *The New Strategic Brand Management*

remains at the forefront of strategic brand thinking.

WHO DO YOU WANT YOUR CUSTOMERS TO BECOME?

Macmillan

The Brand GapPeachpit Press

The Brand Gap, Revised Edition Rockport Publishers

Best-selling brand expert Marty Neumeier shows you how to make the leap from a company-driven past to the consumer-driven future. You'll learn how to flip your brand from offering products to offering meaning, from value protection to value creation, from cost-based pricing to relationship pricing, from market segments to brand tribes, and from customer satisfaction to customer empowerment. In the 13 years since Neumeier wrote The Brand Gap, the influence of social media has proven his core theory: "A brand isn't what you say it is - it's what they say it is." People are no longer consumers or market segments or tiny blips in big data. They don't buy brands. They join brands. They want a vote in what gets produced and how it

gets delivered. They're willing to roll up their sleeves and help out - not only by promoting the brand to their friends, but by contributing content, volunteering ideas, and even selling products or services. At the center of the book is the Brand Commitment Matrix, a simple tool for organizing the six primary components of a brand. Your brand community is your tribe. How will you lead it?

[Brand Thinking and Other Noble Pursuits](#) Harper Collins

In Logo Design Love, Irish graphic designer David Airey brings the best parts of his wildly popular blog of the same name to the printed page. Just as in the blog, David fills each page of this simple, modern-looking book with gorgeous logos and real world anecdotes that illustrate best practices for designing brand identity systems that last.

Designing Brand Identity Harper Collins

"This engaging and highly informative book presents twenty interviews with the world's leading designers, anthropologists and innovators in the field of branding. In a series of illuminating, spirited conversations with preeminent global brand designer Debbie Millman, these influential figures share their take on how and why humans have branded the world around us, and the ideas, inventions, and insight inherent in this process"--
