A New York Times Book Review Editors' Choice Multilayered, subtle, insightful short stories from the inimitable Booker Prize-winning author, with an introduction by Anita Desai Nobody has written so powerfully of the relationship between and within India and the Western middle classes than Ruth Praver Jhabvala. In this selection of stories, chosen by her surviving family, her ability to tenderly and humorously view the situations faced by three (sometimes interacting) cultures—European, post-Independence Indian, and American—is never more acute. In “A Course of English Studies,” a young woman arrives at Oxford from India and struggles to adapt, not only to the sad, stoic object of her infatuation, but also to a country that seems so resistant to passion and color. In the wrenching “Expiation,” the blind, unconditional love of a cloth shop owner for his wastrel younger brother exposes the tragic beauty and foolishness of human compassion and faith. The wry and triumphant “Pagans” brings us middle-aged sisters Brigitte and Frankie in Los Angeles, who discover a youthful sexuality in the company of the languid and handsome young Indian, Shoki. This

collection also includes Jhabvala's last story, “The Judge's Will,” which appeared in *The New Yorker* in 2013 after her death. The profound inner experience of both men and women is at the center of Jhabvala's writing: she rivals Jane Austen with her impeccable powers of observation. With an introduction by her friend, the writer Anita Desai, *At the End of the Century* celebrates a writer's astonishing lifetime gift for language, and leaves us with no doubt of Ruth Praver Jhabvala's unique place in modern literature. “The stories—all of them elegantly plotted and unsentimental, with an addictive, told-over-tea quality—are largely character studies of people isolated, often tragically, by custom or self-delusion . . . Vivid, unsparing portraits are leavened with the kind of humanizing moments that evoke a total world within their compression.”—Megan O'Grady, *The New York Times Book Review*

War and Peace in Contemporary India

examines the importance of institutions and the role played by international actors in crucial episodes of India's strategic history. The contributions trace India's tryst with war and peace from immediately before the foundation of the contemporary Indian state, to the last military conflict between India and Pakistan in 1999. The focus of the chapters included in this edited volume is as much on India as it is on Pakistan and China, its opponents in war. The chapters offer a fresh take on the creation of India as a regional military power, and her approach to War and Peace in the post-independence period. Importantly, it advances the broader work on Indian strategic history during the Cold War and after, an otherwise under-studied intellectual landscape. The book offers fresh insights based on archival work, as well as a closer conceptual reading of Indian, British and American decision making at times of war and peace in contemporary India. This book will be of great interest to scholars, researchers and students interested in strategic studies, diplomatic and military history, international diplomacy, as well as Indian history and politics. The chapters in this book were originally published as a special issue of the *Journal of Strategic Studies*.

In 1969, Henry Catto was selling insurance in San Antonio, Texas. Just twenty years later, he presented his credentials as ambassador to the Court of St. James's to Her Majesty, Queen Elizabeth II, at Buckingham Palace. In this engaging memoir, he retraces his journey from Texas outsider to Washington insider, providing a fascinating look at the glamour, day-to-

day work, and even occasional danger that come with being a high-level representative of the United States government. Catto's posts brought him into contact with the world's most powerful leaders and left him with a wealth of stories, which he recounts amusingly in these pages. He was the official host for Queen Elizabeth's visit to America during the Bicentennial year—and one of José Napoleon Duarte's protectors after his failed 1972 coup attempt in El Salvador. Catto accompanied Richard Nixon on his historic trip to Russia, sparred with Bill Moyers and the producers of "60 Minutes" as Caspar Weinberger's spokesman at the Pentagon, and hosted George Bush's planning meeting with Margaret Thatcher at the beginning of the Persian Gulf War. In telling these and other stories, he offers behind-the-scenes glimpses into how political power really works in Washington, London, and other world capitals.

This study examines the conflict between two visions for Pakistan: a modern constitutional framework and an Islamist state. The author argues that Western liberal ideas were at the root of Pakistan's creation, analyzes the society's drift away from its founding philosophy, and assesses optimistic indications of its revival.

 'Judges & Generals in Pakistan - Volume I' by Inam R Sehri is a collection of mostly his published articles; explaining diverse scenarios. This book evaluates certain conflicting news, editorials, opinions and criticisms on historical issues. No misleading intelligence story, no distracting investigative report, no concocted interview and no feed from the 'concerned ones' yet everything seems innovative; no fiction in this book but simple narration of facts. 'It is the collection of tragedies and misgivings which are deliberately buried in suspicions and darkness since decades. I've simply dig them out, collated and placed together for those who want to keep a track of their past;' Sehri holds.

 Nationalistic fervor. Genocidal violence.

The first time, the world went to war. This time, the world could end. When a priest is murdered and one of the holiest relics of Christendom stolen, the ultra-nationalist Eröszak group is ready. Fanning flames of hatred into a firestorm of anti-Semitic violence the likes of which haven't been seen since the darkest days of World War II, Eröszak's leader has the perfect plan to turn Hungary — and later, the world — into a nightmare of fascist rule. They've planned for every option, for every eventuality... except one: Dr. Morgan Sierra, agent of ARKANE. Morgan didn't intend to get involved — she was just in Budapest to deliver a pair of artifacts to the historic Dohany Street synagogue. But when Eröszak's thugs attack, Morgan finds herself the only thing standing between them and the overthrow of an entire government. Nazi fanaticism, religious relics, and the blood of innocents combine to create a mystery fit for an agent of ARKANE — the British agency tasked with the uncovering of and defense against the supernatural. And Morgan knows that she only has one chance to stop Eröszak and its leader. Because if she doesn't, history may well repeat itself — only this time, the forces of darkness will win. Based on true events, *One Day in Budapest* is the fourth standalone thriller in New York Times and USA Today bestselling author J.F. Penn's ARKANE series. Grab your copy to find out what the buzz is about, and get ready for the dark, the disturbing... the ARKANE.
