Mathpower 10 McGraw-Hill Education

A resource written specifically for the University/College Functions and Applications (MCF3M) course. Functions and Applications is designed for students who plan to pursue technology-related programs in college or prepare students for some university programs.

McGraw-Hill Ryerson Functions 11

[Whitby, Ont.] : McGraw-Hill Ryerson

A resource written specifically for the University/College Functions and Applications (MCF3M) course. Functions and Applications is designed for students who plan to pursue technology-related programs in college or prepare students for some university programs.

Exercise and Homeworkbook Whitby, Ont. : McGraw-Hill Ryerson The Seventh Edition of Canadian Organizational Behaviour is truly a "new and improved" McShane: new trim size, fresh new design,

new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. Canadian Organizational Behaviour continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholicism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

Computerized assessment bank CD-ROM. McGraw-Hill Ryerson Certo's Supervision: Concepts and Skill-Building 8e prepares students to be supervisors in a challenging modern workplace. It is based on the premise that organizational variables including diversity in the workforce, computer and communication technology, and the design of organization structures are constantly changing. Overall, this text focuses on discussing important supervision concepts and providing fundamental skills necessary for applying these concepts. Students will learn the critical role of a supervisor in an organization and the abilities needed to be successful.
