This is a general narration of the entire drama of the elections in the largest democracy of the world, India. Being a slugfest intended to decide who should sit in the seat of power, it attracts a lot of attention within and outside the country and ropes in a number of enthusiastic actors, big and small, and rakes up a lot of din and dust throwing up money and material in the process. The general elections are quinquennial affair in India and every time they are held they create a lot of commotion and hype throughout the country. This time around, i.e., in 2019, this battle of ballots provided a colourful, intensely absorbing and juicy drama which was not witnessed on previous occasions, with some exceptions. There were many players in the arena, with an ardent desire to seize power including the incumbent prime minister Mr. Narendra Modi and others, like Mamata Banerjee, Mayawati, K. Chandrashekhara Rao, Sharad Pawar, Arvind Kejriwal, Deve Gowda and of course the Gandhi scion Rahul. The array of the political stalwarts, everyone having with an axe to grind and everyone exuding fierce instinct and confidence to fight the sworn enemy, viz., the Bharatiya Janata Party and its top leader and Prime Minister, Narendra Modi, made it a saga of grand proportions. As every election brings some lessons, messages and some experiences to guide the political leaders, people and the scholars, this story of 2019 elections is a piece of brief political history that can guide to assess the past and prove to be an instrument of reality check to the political parties, its leaders and the people.

A riveting account of how a popularly elected leader has steered the world's largest democracy toward authoritarianism and intolerance Over the past two decades, thanks to Narendra Modi, Hindu nationalism has been coupled with a form of national-populism that has ensured its success at the polls, first in Gujarat and then in India at large. Modi managed to seduce a substantial number of citizens by promising them development and polarizing the electorate along ethno-religious lines. Both facets of this national-populism found expression in a highly personalized political style as Modi related directly to the voters through all kinds of channels of communication in order to saturate the public space. Drawing on original interviews conducted across India, Christophe Jaffrelot shows how Modi's government has moved India toward a new form of

democracy, an ethnic democracy that equates the majoritarian community with the nation and relegates Muslims and Christians to second-class citizens who are harassed by vigilante groups. He discusses how the promotion of Hindu nationalism has resulted in attacks against secularists, intellectuals, universities, and NGOs. Jaffrelot explains how the political system of India has acquired authoritarian features for other reasons, too. Eager to govern not only in New Delhi, but also in the states, the government has centralized power at the expense of federalism and undermined institutions that were part of the checks and balances, including India's Supreme Court. Modi's India is a sobering account of how a once-vibrant democracy can go wrong when a government backed by popular consent suppresses dissent while growing increasingly intolerant of ethnic and religious minorities.

Social media sites have gained popularity even to promote political aspects, and the political leaders have used this.
