'The most magical book about the African bush since Born Free' - Daily Mail 'A beautiful love story between humans and the majestic elephants' - Jo Malone, Daily Express Françoise Malby-Anthony never expected to find herself responsible for a herd of elephants with a troubled past. A chic Parisienne, her life changed forever when she fell in love with South African conservationist Lawrence Anthony. Together they founded a game reserve but after Lawrence's death, Françoise faced the daunting responsibility of running Thula Thula without him. Poachers attacked their rhinos, their security team wouldn't take orders from a woman and the authorities were threatening to cull their beloved elephant family. On top of that, the herd's feisty new matriarch Frankie didn't like her. In this heart-warming and moving book, Françoise describes how she fought to protect the herd and to make her dream of building a wildlife rescue centre a reality. She found herself caring for a lost baby elephant who turned up at her house, and offering refuge to traumatized orphaned rhinos, and a hippo called Charlie who was scared of

water. As she learned to trust herself, she discovered she'd had Frankie wrong all along . . . Filled with extraordinary animals and the humans who dedicate their lives to saving them, *An Elephant in My Kitchen* by Françoise Malby-Anthony is a captivating and gripping read.

*A Novel* Crown

In the late 1980s, a female baby elephant was born into a herd that lived on the plains of southern Africa. Her mother has carried her for two years, and normally she would have nursed her for five more. But the close-knit family of wild elephants was to face a predator for which it was no match--humans. In a "cull," her family was slaughtered in a few moments. Only the newborn female's life was spared. Terrified and bewildered the young elephant was transported to America to be sold. There she met the person who was to change her life forever. Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions. He was raised with a pet bear and as a boy decided to become a real cowboy. He saw his dream come true in Colorado on one of the larger horse-and-cattle ranches in America. Handsome as a movie star, he became the Marlboro Man and appeared on TV and on billboards around the world. But with the passing of years, and with his own family grown up, he felt the need for something that he could not name. When she came into his life by happenstance, the hurt, vulnerable little elephant tapped the fullness of Bob's empathy, and an incredible bond between the most unlikely of friends was forged. Bob adopted the baby orphan elephant--named Amy--and patiently set about helping her recover from the trauma of her ordeal. He had never seen a real African elephant up close, except in zoos. He was a horseman and breeder of champion quarter horses. But through close observation, gentle training, humor, and endless perseverance, Bob gradually coaxed Amy into overcoming her mistrust of humans, and indeed, her fear of the world. The little elephant became a "hand" on Bob's ranch, tending to simple chores, riding the fences, and shadowing Bob on his horse. She developed a winning personality, and a strong character, and became a beloved member of the Norris family and partner to the ranch hands. But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence - even, if it were possible, to go back to the savannahs of Africa. This is the true story of how Amy and Bob came together. No one

who reads *The Cowboy and His Elephant* can fail to be moved by such a simple tale of unlikely love.

One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha

severely burned, and Richard charged with two hate crimes and facing life imprisonment. The 57 Bus is Dashka Slater's true account of the case that garnered international attention and thrust both teenagers into the spotlight.

When South African conservationist Lawrence Anthony was asked to accept a herd of "rogue" wild elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival: they would be killed if he wouldn't take them. In order to save their lives, Anthony took them in. In the years that followed he became a part of their family. And as he battled to create a bond with the elephants, he came to realize that they had a great deal to teach him about life, loyalty, and freedom. *The Elephant Whisperer* is a heartwarming, exciting, funny, and sometimes sad account of Anthony's experiences with these huge yet sympathetic creatures. Set against the background of life on an African game reserve, with unforgettable characters and exotic wildlife, it is a delightful book that will appeal to animal lovers and adventurous souls everywhere.

**The Last Rhinos** Open Road Media

In her inspiring New York Times bestseller *Unlikely Friendships*, Jennifer Holland introduced us to the heartwarming relationships that exist between animals of different species. Her stories struck

a chord with thousands of readers, including Temple Grandin, who described the book as "amazing." Now Holland explores animal attachments that, in human terms, can only be called love. Packed with beautiful, breathtaking full-color photographs, *Unlikely Loves* is a celebration of love between species. Here are stories of parental love, like the Dalmatian who mothers a newborn lamb—a lamb that just happens to be white with black spots! Stories of playful love, including the fox and the hound who become inseparable. And stories of orphaned animals who have found family-like ties in unexpected combinations, like the elephant who's bonded with sea lions, goats, and other animals in her walks around the Oregon Zoo. Ms. Holland has interviewed scientists, zoologists, and animal caretakers from around the world, tracking down firsthand sources and eyewitnesses. The stories are written with journalistic integrity and detail—and always filled with the author's deep affection for her subjects. *Contemporary Indian Foreign Policy* Farrar, Straus and Giroux (BYR)

Abandoned in the jungle of the Nepalese Borderlands, two-year-old Nandu is found living under the protective watch of a pack of wild dogs. From his mysterious beginnings, fate delivers him to the King's elephant stable, where he is raised by unlikely parents—the wise head of the stable, Subba-sahib, and Devi Kali, a fierce and affectionate female elephant. When the king's government threatens to close the stable, Nandu, now twelve, searches for a way to save his family and community. A risky plan could be the answer. But to succeed, they'll need a great tusker. The future is in Nandu's hands as he sets out to find a bull elephant and bring him back to the Borderlands. In simple poetic prose, author Eric Dinerstein brings to life Nepal's breathtaking jungle wildlife and rural culture, as seen through the eyes of a young outcast, struggling to find his place in the world.

**True Story of the Greatest Elephant That Ever Lived** Little, Brown Books for Young Readers

When Lawrence Anthony learned that the northern white rhino, living in the war-ravaged Congo, was on the very brink of extinction, he knew he had to act. If the world lost the sub-species, it would be the largest land mammal since the woolly mammoth to go extinct. In *The Last Rhinos*, Anthony recounts his attempts to save these remarkable animals. The demand for rhino horns in the Far East has turned poaching into a dangerous black

market that threatens the lives of not just these rare beasts, but also the rangers who protect them. The northern white rhino's last refuge was in an area controlled by the infamous Lord's Resistance Army, one of the most vicious rebel groups in the world. In the face of unmoving government bureaucracy, Anthony made a perilous journey deep into the jungle to try to find and convince them to help save the rhino. An inspiring story of conservation in the face of brutal war and bureaucratic quagmires, *The Last Rhinos* will move animal lovers everywhere.

### THE THOUGHTS AND EMOTIONS OF OUR FELLOW CREATURES

Grove Press

From the award-winning explorer, "an entertaining summary of what we know about the elephant, and a call to change our behavior to ensure its survival" (Daily Mail). *The Last Giants* satisfies British explorer Levison Wood's lifelong desire to learn more about the majestic African elephant. These giants trek through some of Africa's most magnificent landscapes as they go in search of life-giving waters and pastures. El Nino's droughts and an insatiable ivory trade have cut African elephant numbers by a third in the last decade alone, and if elephants disappear entirely, Africa's entire ecosystem could collapse. But Botswana has become a safe haven, where one-sixth of the world's elephants now reside. Each year their numbers grow and an incredible migration takes place, which Wood witnesses and records. He teams up with local trackers to gain insight into how this iconic species survives, camps out in the wild, meets the people and tribes living on the migration's path, and joins the park rangers whose job it is to protect these land goliaths, equipped with his "good eye for detail and better ear for dialogue" (The Wall Street Journal). "Adventurer Wood followed elephants on a 650-mile migration across Botswana for a British television program. This fascinating companion volume to that series examines the past, present, and future of the African elephant." —Library Journal (starred review) "A smart, inviting portrait of elephants from a keen-eyed observer." —Kirkus Reviews "A rewarding look at the habits and habitats of the African elephant . . . Comprehensively yet accessibly conveying Wood's lifelong fascination with African elephants, his discussion will appeal to anyone keen on learning more about them."

**Who Helped Him Save Lives in World War II** Penguin UK

NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE

BOOK The remarkable story of James Howard “Billy” Williams, whose uncanny rapport with the world’s largest land animals transformed him from a carefree young man into the charismatic war hero known as Elephant Bill. In 1920, Billy Williams came to colonial Burma as a “forest man” for a British teak company. Mesmerized by the intelligence and character of the great animals who hauled logs through the jungle, he became a gifted “elephant wallah.” In *Elephant Company*, Vicki Constantine Croke chronicles Williams’s growing love for elephants as the animals provide him lessons in courage, trust, and gratitude. *Elephant Company* is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. *Elephant Company*, cornered by

the enemy, attempted a desperate escape: a risky trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, *Elephant Company* is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for *Elephant Company* “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . *Elephant Company* is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times Book Review* “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—*The Boston Globe* “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—*New York Post* “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer-cum-war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*

Daphne Sheldrick's best-selling love story of romance, life and

elephants, *An African Love Story: Love, Life and Elephants* is an incredible story from Africa's greatest living conservationist. A typical day for Daphne involves rescuing baby elephants from poachers; finding homes for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. *An African Love Story* is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', *Mail on Sunday* 'An enchanting memoir', *Telegraph* Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species.
