Awakening HarperBusiness

A healthy and united America—perhaps a country more united than it has ever been—is truly possible, and it starts with us. John Kingston draws on wisdom from history, science, faith, and culture, along with his own experiences, to offer eight principles for discovering purpose, meaning, and true community. We live in the greatest peace and prosperity that the world has ever known, but Americans are feeling more division, isolation, depression, and despair than ever before. These are issues of the soul. We seem unable to find purpose and meaning. We can't find "the life that is truly life"—a vibrant and purpose-filled way of living best experienced together. From his youth, Kingston has always carried a vision for a free and united America. With an approachable and conversational style, as well as a dash of humor, Kingston draws on a diverse and compelling collection of wisdom—the parables of the Bible and the philosophy of Aristotle, the legacy of Nelson Mandela and the speeches of Abraham Lincoln, the songs of Bruce Springsteen and current studies from the best neuro and social scientists today—to remind us that there is no "them," there is only us, and we're in this together. In American Awakening, Kingston offers eight timeless principles for breaking through this darkness and despair and cultivating a radical togetherness, both here in this country and around the globe. You'll discover the profound impact of: In-person connection Making more from less Discovering purpose Redeeming adversity Responding instead of reacting Finding your unique sense of belonging Wherever you find yourself politically or spiritually, a

healthy and united America starts with you. Join the Awakening movement and let's rediscover who we are—together.

Have you heard about The American Dream that states "Life should be better and richer and fuller for everyone, with opportunity for each, according to their ability and achievement, regardless of their social class or circumstances of birth?" 244 years after independence, The American Dream still continues to inspire the nation, holds its people together, gets everyone pushing in the same direction and makes the country what it is today. Besides America, our neighbour, China has a "Chinese Dream," which promotes prosperity, collective effort and national glory. Even smaller countries like Qatar and New Zealand have also stated their national dreams. But what about India? Do we have a dream that can push us in the same direction and that can inspire you, me and a billion others? Yes, India had a dream in the past - a dream of an independent country, but that dream ended after we achieved it. What about now? Do we still have an Indian dream that can inspire us into action? Yes, there is a new kind of dream that has started emerging from every nook and corner across the nation. Inside The Self Made Indian Dream, you will discover what this new Indian dream is all about and how this new Indian dream is driving the new Indian middle class to achieve their own version of success in a society where upward mobility is increasingly possible for anyone regardless of their age, gender, caste, education or background.

"Running a successful architectural firm is a juggling act. You need expertise in your area of architecture to provide services to clients. You also need the know-how to run a small business. You've probably been well prepared by your education and experience for the technical ins and outs of an architecture firm. Yet what training has prepared you to run a business?" --Description from publisher.

The Awakened Company comes at a time of crisis in the business world, as evidenced by the most recent financial meltdown, which was a cry for help from a bipolar boom-bust business model that's failing. Those in the know in the business world are coming to the realization this is no longer sustainable. The Awakened Company is a landmark reflection on business that offers practical examples from companies, communities, and academic authorities who are taking commerce to an awakened level. The depth, scope, and practicality of The Awakened Company sets it apart from other books in the field. The book's premise is that work isn't separate from life, and the metrics for success in business need to change at a fundamental level if the world is to transcend its present crises. There is another way of doing business, and a shift in our behaviors could in very short order bring prosperity to the entire planet. The Awakened Company's three pivotal focuses address how businesses can become energizing, sustaining, and regenerating. The book shows how to shift not only some of a company's personnel but entire organizations into an exciting new mode that's creative, sustainable, and responsive.

Radical Awakening in Ordinary Life Red Wheel/Weiser

An instant classic, this revised and updated edition of the phenomenal bestseller dispels the myths about starting your own business. Small business consultant and author Michael E. Gerber, with sharp insight gained from years of experience, points out how common assumptions, expectations, and even technical expertise can get in the way of running a successful business. Gerber walks you through the steps in the life of a business—from entrepreneurial infancy through adolescent growing pains to the mature entrepreneurial perspective: the guiding light of all businesses that succeed—and shows how to apply the lessons of franchising to any business, whether or not it is a franchise. Most importantly, Gerber draws the vital, often overlooked distinction between working on your business and working in your business. The E-Myth Revisited will help you grow your business in a productive, assured way.

HOW ORDINARY PEOPLE CAN CREATE EXTRAORDINARY COMPANIES

Michael E. Gerber Companies

Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage. Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur. Rather, he is a hard-working, self-taught 26-year-old hustler, rainmaker, and bootstrapper who has survived and thrived despite never having held the proverbial "real" job. In *Never Get a "Real" Job: How to Dump Your Boss, Build a Business, and Not Go Broke*, Gerber challenges the social conventions behind the "real" job and empowers young people to take control of their lives and dump their nine-to-fives—or their quest to attain them. Drawing upon case studies, experiences, and observations, Scott dissects failures, shares hard-learned lessons, and presents practical, affordable, and systematic action steps to building, managing, and marketing a successful business on a shoestring budget. The proven, no-b.s. methodology presented in *Never Get a "Real" Job* teaches unemployed and underemployed Gen-Yers, aspiring small business owners, students, and recent college graduates how to quit 9-to-5s, become their own bosses, and achieve financial independence.

Ladies, Leadership, and the Lies We've Been Told Harper Collins

The bestselling author of phenomenally successful and continually vital *The E-Myth Revisited* presents the next big step in entrepreneurial management and leadership with *E-Myth Mastery*. A practical, real-world program that is implemented real-time into your business, Gerber begins by engaging the reader in understanding why the entrepreneur is so critical to the success of any enterprise, no matter how small or large it may be, and why the mindset of an entrepreneur is so integral to the operating reality of the organization, of the small business, and the enterprise. He then covers seven essential skills: Leadership Marketing Money Management Lead Conversion Lead Generation Client Fulfillment Each of these seven skills is presented through a specific training module with corresponding tests and exercises that explain the content and principles to be learned, provide case studies and examples, as well as worksheets for applying those ideas to the business. Gerber ties it all together by helping readers put the pieces together in an *E-Myth Business*, an *E-Myth Practice* and an *E-Myth Enterprise*. This is the book that will show you the difference between being an entrepreneur versus doing a job, how to get money when the bank won't give it to you, how to expand your customer base when big business moves in down the street, how to develop the best people when you can't afford to pay them competitive wages, how to increase the predictability of what your business is able to promise, and then how to keep that promise, every single time, no matter where you are or what you're doing. *Mastery* is a business development program that helps you turn your company into a world-class operation...into a turn-key money machine!
