JAYVON MCCARTY

Revelation Penguin UK

"The Solaris Empire found victory in the North and, at the cost of her heart and her innocence, Vhalla Yarl has earned her freedom. But the true fight is only beginning as the secret forces that have been lurking in the shadows, tugging at the strings of Vhalla's fate, finally come to light. Nowhere is safe, and Vhalla must tread carefully or else she'll fall into the waiting arms of her greatest foe. Or former lover."--Page 4 of cover.

Disappearing Earth Simon and Schuster
Essay from the year 2007 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2,0, King`s College London, 5 entries in the bibliography, language: English, abstract: "What is not good enough for you is not good enough for other men, and there's no more to be said", states the American writer Jack London in his book "The People Of The Abyss". His work is a documentary account of the living and working conditions in the East End of London in 1902. In a sweeping style, the author presents the misery of the slums in the then worst areas. Being accused by many of sensationality, the book refers to the author's own experiences as well as other accounts and statistics. "The People Of The Abyss" certainly is a piece of documentary literature in terms of a sociological study. Nevertheless, the

author uses several literary tricks to attract the reader's attention. By many critics, his picture of the East End of London has been called overdrawn. In this essay, this image of the East End in Jack London's account will be sketched out. Beforehand, a short summary of his biography will be given in order to find out what caused him to write such a book. In the end, the former situation will be briefly compared to the East End of today.

WE

Rosetta Books

Imagine a sisterhood - across all creeds and cultures. An unspoken agreement that we, as women, will support and encourage one another. That we will remember we don't know what struggles each of us may be facing elsewhere in our lives and so we will assume that each of us is doing our best...

FIRE FALLING

Penguin

When cow Elsie Bovary sneaks out of her pasture, she makes a discovery that shakes her very world to its core, forcing her, along with a motley crew of fellow animals, to escape to a better, safer world in search of mutual understanding and acceptance.

A JOURNEY TO THE END OF THE MILLENNIUM

HarperThorsons

Religious wars, global terrorism, pandemics, and genocide have all helped to usher in the Anxiety Age. Who

better to lead the way out than popular psychic Sylvia Browne? In *End of Days*, Browne tackles the most daunting of subjects with her trademark clarity, wisdom, and serenity, answering such difficult questions as: What's coming in the next fifty years? What do the great prophecies of Nostradamus and the Book of Revelation mean? If the world is really going to end, what will unfold in our final hours? For anyone who's ever wondered where we're headed, and what—if anything—we can do to prevent a catastrophe of biblical proportions, *End of Days* is a riveting and insightful must-read.

NOT JUST JANE

Macmillan

"Plenty of crowd-pleasing death and destruction...Schumacher wraps up her story with a literal bang." --Booklist
Seven signs warned them. Now it's time for Carbon County to fight back. In *End Times*, Daphne lost herself in love with Owen, only to discover the dark secret that puts Carbon County at ground zero for the end of days. . . . All thirteen of the Children of Earth have arrived and taken root in town. Together at last, they can perform the series of rituals necessary to awaken their father, a wrathful entity known as the God of the Earth. Daphne protects their identities from Pastor Ted and the God-fearing locals out of love and allegiance to Owen. But when people start disappearing from town and Daphne begins receiving visions from God, her allegiance—and even her love—is brought into question in this astonishing companion novel to *End Times*.

Focus On: 100 Most Popular American Stage Actresses Hesperus Press

At once funny, wistful and unsettling, *Sum* is a dazzling exploration of

unexpected afterlives—each presented as a vignette that offers a stunning lens through which to see ourselves in the here and now. In one afterlife, you may find that God is the size of a microbe and unaware of your existence. In another version, you work as a background character in other people's dreams. Or you may find that God is a married couple, or that the universe is running backward, or that you are forced to live out your afterlife with annoying versions of who you could have been. With a probing imagination and deep understanding of the human condition, acclaimed neuroscientist David Eagleman offers wonderfully imagined tales that shine a brilliant light on the here and now.

TOM CLANCY'S OP-CENTER: DARK ZONE

Canongate Books

In an era when many businesses have come under scrutiny for their environmental impact, the film industry has for the most part escaped criticism and regulation. Its practices are more diffuse; its final product, less tangible; and Hollywood has adopted public-relations strategies that portray it as environmentally conscious. In *Hollywood's Dirtiest Secret*, Hunter Vaughan offers a new history of the movies from an environmental perspective, arguing that how we make and consume films has serious ecological consequences. Bringing together environmental humanities, science communication, and social ethics, *Hollywood's Dirtiest Secret* is a pathbreaking consideration of the film industry's environmental impact that examines how our cultural prioritization of spectacle has distracted us from its material consequences and natural-

resource use. Vaughan examines the environmental effects of filmmaking from Hollywood classics to the digital era, considering how popular screen media shapes and reflects our understanding of the natural world. He recounts the production histories of major blockbusters—*Gone with the Wind*, *Singin' in the Rain*, *Twister*, and *Avatar*—situating them in the contexts of the development of the film industry, popular environmentalism, and the proliferation of digital technologies. Emphasizing the materiality of media, Vaughan interweaves details of the hidden environmental consequences of specific filmmaking practices, from water use to server farms, within a larger critical portrait of social perceptions and valuations of the natural world.

They Rot e-artnow sro

Published in 1904 *The Food of the Gods* is a forgotten H.G. Wells classic; it is sci-fi and dystopia at its best written by the creator and master of the genre. Following extensive research in the field of ?growthOCO, Mr Besington and Professor Redwood light upon a new mysterious element, a food that causes greatly accelerated development. Initially christening their discovery ?The Food of the GodsOCO, the two scientists are overwhelmed by the possible ramifications of their creation. With Aunt Jane refusing to give house room to their experiments, Mr Besington is forced to take his laboratory out into the wide world, and chooses a farm at Hicklebyrow in Kent that offers him the chance to test his new substance on chickens, which duly grow monstrous, six or seven times their usual size. With the farmer, Mr Skinner, failing to contain the spread of the Food, chaos soon reigns as reports come in of the local populationOCO's encounter with

monstrous wasps, earwigs and rats. When the chickens escape, they leave carnage in their wake. Keen not to be outdone, the Skinners and Redwoods have both been feeding their children the compound illicitly ? their eventual offspring will constitute a new age of giants. Public opinion rapidly turns against the scientists and society as a whole rebels against the worldOCO's new flora and fauna. Daily life has changed shockingly and now politicians are involved, trying to stamp out the Food of the Gods and the giant race. Comic and at times surprisingly touching and tragic, WellsOCO story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed and political infighting and shameless vote-seeking."

WILLIAM LANGLAND'S "PIERS PLOWMAN"

Red Dress Ink

Carbon County, Wyoming is like a current running through Daphne's heart. When life gets too tough to bear in Detroit, Daphne flees to her Uncle Floyd's home, where she believes she'll find solace in the silent hills of her childhood summers. But Daphne's Greyhound bus pulls over in downtown Carbon County and it's not silence that welcomes her. It's the sound of trumpets. Daphne's desire to start again in simple country comfort is instantly dashed as the townsfolk declare that the End Times are here. And incredible occurrences soon support their belief. Daphne does all she can to keep her head down and ignore the signs. She works a job at the local oil rig, helps around the house, hangs out with her pregnant cousin Janie and gets to know Owen, a mysterious motocross racer and fellow roustabout at the rig. But soon a

startling discovery shatters her resolve and calls into question all her doubts and fears. Daphne landed in Carbon County for a reason. She only has to read the signs—and believe.

The Uninhabitable Earth Simon and Schuster

The author of the National Jewish Book Award-winning novels, *Mr. Mani* and *Five Seasons*, follows a tenth-century Jewish merchant on a far-flung moral quest to legitimize his decision to become a bigamist. Reprint.

A Dream of Ice Simon and Schuster

A shocking & original thriller in the mold of Hitchcock & Stephen King.

[Rediscovering Seven Amazing Women Writers Who Transformed British Literature](#) Penguin

"The first novel from iconic X-Files star Gillian Anderson and New York Times bestselling author Jeff Rovin: a science fiction thriller of epic proportions. Renowned child psychologist Caitlin O'Hara is a single mom trying to juggle her job, her son, and a lackluster dating life. Her world is suddenly upturned when Maanik, the daughter of India's ambassador to the United Nations, starts speaking in tongues and having violent visions. Caitlin is sure that her fits have something to do with the recent assassination attempt on her father--a shooting that has escalated nuclear tensions between India and Pakistan to dangerous levels--but when teenagers around the world start having similar outbursts, Caitlin begins to think that there's a more sinister force at work. In Haiti, a student claws at her throat, drowning on dry land. In Iran, a boy suddenly and inexplicably sets himself on fire. Animals, too, are acting irrationally, from rats in New York City to birds in South America to ordinary house pets. With Asia on the cusp of nuclear

war, Caitlin must race across the globe to uncover the mystical links among these seemingly unrelated incidents in order to save her patient--and perhaps the world"--

Book 1 of The EarthEnd Saga Vintage

Former US Ambassador to the Ukraine Douglas Flannery meets with an old friend and former spy near New York's South Street Seaport. She is seeking his help to thwart a Russian plan to overrun her native Ukraine, but those for whom she is working propose an infinitely more dangerous scheme, one that could draw in NATO forces and possibly ignite World War III. Moments later, as she jogs along the East River, her throat is slashed. Within hours, Op-Center learns of the killing and alarm bells go off. Director Chase Williams and his team have been following events as both Ukraine, her NATO allies, and Russia rapidly deploy forces in a dangerous game of brinkmanship. But the secret that Flannery has learned threatens to take the looming battle to a whole new and very lethal level. Using cutting edge techniques of cyber warfare and spycraft, Op-Center must respond to the rapidly unfolding crisis before the U.S. is forced to take sides in a conflict that could change history.

A Vision of Fire Routledge

More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso

Ortiz Part of the Pantheon Fairy Tale and Folklore Library

WE: A MANIFESTO FOR WOMEN EVERYWHERE

Penguin

The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

A Vision of Fire St. Martin's Griffin

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism,

psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

The Man Who Fell to Earth Columbia University Press

Featuring contributions by Jennifer Weiner, Meg Cabot, Sophie Kinsella, Marian Keyes, and Sarah Mlynowski, this unrivaled collection of twenty-one short stories is filled with unforgettable characters that learn to grow up, move on, and choose new paths in life. Reprint.

[10 Unconventional Laws to Redefine Your Life and Succeed on Your Own Terms](#) Rodale Books

The clock is relentlessly ticking! Our world teeters on a knife-edge between a peaceful and prosperous future for all, and a dark winter of death and destruction that threatens to smother the light of civilization. Within 30 years, in the 2030 decade, six powerful 'drivers' will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age. Depleted fuel supplies, massive population growth, poverty, global climate change, famine, growing water shortages and international lawlessness are on a crash

course with potentially catastrophic consequences. In the face of both doomsaying and denial over the state of our world, Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is, and our possible futures. Ultimately his message is clear; we must act decisively, collectively and immediately to alter the trajectory of humanity away from catastrophe. Offering over 100 priorities for immediate action, *The 2030 Spike*

serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright, peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization. This book is powerful and essential reading for all people concerned with the future of humanity and planet earth.

The Wretched of the Earth University of Pennsylvania Press

Presents a translation of the poet's third version of the text
