Andre Rival, at  
home in both  
Paris and  
Berlin, has  
created a  
fascinating  
project out of  
a relatively  
simple idea:  
100 women  
taking  
photographs  
of themselves.

The outcome is both startling and impressive. It is an expression of contemporary female identity - self-aware, distinctive and thoroughly positive, in a series of nude photographs that inexorably capture and hold our attention, revealing at the same time the artist's highly creative approach to the medium of photography and to the individual selves of the women portrayed. The

author describes his project in this way: "We are inundated with pictures of women in the media. Ordinarily, the pictures we see seek to achieve a kind of 'sameness' based on unwritten ideals of beauty; physical perfection, total fitness become the determining factors. These images of women, provoked as they are by the media industry, awakened in me the urge to confront

both that industry and myself with something else. I chose to set aside my own ways of thinking and do a series of 100 women in which it was not I who would put together the photographs, but the women themselves. For this purpose, I gave them each a shutter-switch and left the room. That represented the beginning of the attempt to enable the women to become

photographic subjects rather than objects; they were left to decide on their own which personal image of themselves they wanted to convey. The conditions were the same for all of the women: the same lighting, the same white background and the same unchanged camera position. It was essential to fix the location of the camera, so that the women did not perceive

themselves as being pursued by an 'observer'; instead, they were able to establish distance and camera angle themselves with the aid of a video screen that showed them each camera exposure as a still photo".

## **LEGAL RESEARCH, ANALYSIS, AND WRITING**

ACTEX Publications Created and edited by Justin Kestler and Ben Florman, SparkNotes Literature Guides provide analysis of (currently) 175 classic works of English and foreign language literature - novels, biographies, plays and poetry - that most commonly appear on

examination syllabuses. These books provide the insights that today's students need to know. *Tsotsi* Prentice Hall  
This reproduction of Ellsworth Kelly's 1954 Sketchbook 23 offers a rare glimpse into the celebrated artist's rigorous exploration of line, form and composition. Drawn into a blank book and forming a single continuous gesture over 25 pages as the artist saw and captured

the changing fall of shadows while riding on a bus in Paris, Kelly's line pursues a path of eccentric discovery and distillation through subtle variations and bold transformation s. *Walden* Berrett-Koehler Publishers

In the Johannesburg township of Soweto, a young black gangster in South Africa, who leads a group of violent criminals, slowly discovers the meaning of compassion, dignity, and

his own humanity.  
Self-images  
These are more than dreams and visions: they're a calling. Six people. Five mind-numbing visions. Four ancient and mysterious artifacts. Two exotic locations. And one greedy man who will stop at nothing, not even murder, to achieve his goal. Rev. Adam Bridger and his wife, Dr. Rachel Tremaine are once again in the center of an adventure not of their

making. And joining them are four total strangers who, along with Rachel, have seen visions that most mortals can't imagine. They have been called on a mission that will forever change the world--if they survive.

A Pulitzer Prize-winning reporter for the Los Angeles Times discusses the hundreds of murders that occur in the city each year, and focuses

on the story of the dedicated group of detectives who pursue justice at any cost in the killing of Bryant Tennale.

**Marriage, Divorce, and Remarriage**

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the

horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to

resonate more than a century after the end of the American Civil War.

## **THE COURAGEOUS FOLLOWER**

Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how

Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics,

design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-

looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant

examination of the way we live now.
