Getting Back into the Garden of Eden studies the story of the Garden of Eden in-depth from an historical-psychological

perspective for the first time. It explores how the historical experiences of the Hebrew people became transformed into the psychologically meaningful and therefore symbolic characters and situations in the first three chapters of the Genesis story. It examines the possibilities of the placement and inspiration for the Garden from the oases of the Arabian desert and the advanced irrigation culture of the areas of the Tigris and Euphrates rivers. Resurrection, Book 2, in The Guardians of Vesturon Series. Rayn Yarrister, the first-born son and Leader of The Guardians, has been imprisoned on Vesturon for breaking their most sacred of covenants. He is suddenly jolted by Maddie's telepathic pleas for help, as her life hangs in the balance. Can he alert The Guardians in time to save his soulmate? Or will he face his trial alone and broken without his one true love? In Resurrection, The Guardians of Vesturon face their biggest challenges as Earth is threatened by an invading species from a distant planet intent on destroying

it for its resources. As protectors of the universe, The Guardians have been assembled to defend not only Earth, but other vulnerable worlds as well. Not only that, an unknown entity is intent on discrediting the Yarrister family. Will they uncover this plot in time to save themselves from ruin? Will The Guardians succeed in stopping the Xanthians, or will Earth be invaded and ravaged by this marauding species? Resurrection, the continuation of Survival is a young adult/new adult clean romance, the second book in A.M. Hargrove's the Guardians of Vesturon Series. It's a blend of fantasy, sci-fi, and paranormal fiction, featuring suspense, surprising plot twists, and a mix of amazing characters that will keep you turning the pages. If you like raw emotion, unusual settings, and adventure, then start reading this series today.*Author's Note: This is the second edition of this novel. It was first published in 2012.

To Get Back Home is a medical thriller of the first order, a true story of triumph and survival over astronomical odds, as an otherwise healthy and active young woman fights for her life after being suddenly stricken by a rare neurological disorder, Acute Demyelinating Encephalomyelitis (ADEM). To Get Back Home takes you on a harrowing journey as Ms. Ford forges her way back from a coma and quadriplegia, desperate to return to her family and young children. Her life seemed perfect until Wendy Ford was stricken and rendered comatose within days, and then, after a tense weeks-long battle for survival, quadriplegic. At one of the most renowned hospitals in the world, Beth Israel Deaconess Medical Center in Boston, the Harvard teaching hospital known as "Harvard with a heart," her doctors - Harvard Medical School professors all - were helpless to diagnose and treat her, hard as they tried, as the rare malady confounded even them and she slipped further and further away. Initially, she was not expected to live, or, ultimately, to walk again or recover her prior intellectual abilities. Doctors have referred to hers as a miracle case, but the mysteries persist to this day. "An engaging, moving memoir that unravels at a quick pace. Straightforward and honest, emotional realism is achieved with quiet dignity, making it all the more poignant..." Kate Darnton, Contributing Editor, PublicAffairs "Impeccably done and so fascinating. Sometimes you read something that's really important and you have to at least try to get it out there..." Philip Spitzer, Literary Agent, NY, NY "A

poignant narrative...I was spellbound. You are a role model for your life-affirming persistence..." Weston Boer, Writer and Historian "Immensely valuable to anyone in the clergy as they help people through dire straits." The Rev. Susan Flanders, Chevy Chase, MD "Very moved by your manuscript, which I read from cover to cover, at once...Remarkable..." Diana Barrett, Harvard Business School "Your very desire to live and not die was itself a kind of prayer." Professor Kimberley Patton, Harvard Divinity School

Let's Get Back To The TARDIS is part biographical, part fiction. Factual fiction! Starting in 1987, this story is about the goings on of a character called Jamie. Jamie is a young Doctor Who fan, who is determined to make a fan film based on the 1965 Dr. Who and the Daleks movie (which starred Peter Cushing). He enlists his cousin Simon (a non-Doctor Who fan) to help him. This book details their various attempts and how the idea goes in directions that even they didn't expect it to go. Despite being set in the late 1980s, the book becomes just like a TARDIS as time switches back and forth through various points in Jamie's life. At its very heart, this book is the tale of young forgotten innocence viewed through the warm glow of nostalgia and the changes that occur as one gets older.

Rich COUPLE\$ Getting Back to Financial Basics covers a powerful combination of ACTION Steps that helps couples work on their finances as a team in order to create a strong foundation and financial freedom. For years, Jason Lewis has firmly believed that the best investment a couple can make is taking time to truly understand how their finances work. Those couples that choose to read this book and follow its six basic actions steps will no doubt increase their income but most importantly protect what they have and begin to build wealth. By reading this book couples we come to understand that in order to be successful with your finances you must be willing to take ACTION. Your success has less to do with how smart you are or how much information you have accumulated and more to do with the ACTIONS you take to implement the information you have gathered. In Rich COUPLE\$ Getting Back to Financial Basics, couples will learn to change the

way they thinking about money and expand their financial context. They will also learn the basics of financial literacy and how to use that knowledge to take action. Remember knowledge builds confidence, and confidence leads to action.

This book, Getting Back or Into Ink Pen Drawing Two is a continuation from my first Ink Pen Drawing book. Though it isn't exactly in certain terms, it is a little difficult so I'm not going to define. I did use a fair amount of abstract subject and related too realistic to show some drawing ideas and techniques to make or form a picture. For some the subject wasn't of importance, the technique and colors used were. The working order of the applying and presenting on paper visual ideas. Color relationships even though I kept them simple, a intent of mine, due in part to me just re-establishing with ink drawing. And I am putting a color relation repertoire together to have a foundation to work from for future Art pictures. You'll notice I went from one thing to another, so in more a other less for some degree. This book has different reasons and many aren't that explained in writing while some are. I made sure there is decent reason for the pictures I drew and for them to be at or near certain subject for technique and color, though some weren't from intention. I couldn't have put this book together without my first book, even if I didn't exactly peer it down for ideas, etc. In art I think things or items are led to another from subject parts of the past that are on paper, etc - by a same kind person. So I don't waste time with much of non useful interest. - They usually have some items for a new project

sometime in the future. Usually I try to keep them close unless I deviate too far into something, these I set aside for another time if it is still an interest.

Two friends take a wild month-long road trip to hit every Major League Baseball stadium in America: "A fun ride" (The Boston Globe). Ben, a sports analytics wizard, loves baseball. Eric, his best friend, hates it. But when Ben writes an algorithm for the optimal baseball road trip, an impossible dream of every pitch of thirty games in thirty stadiums in thirty days, who will he call on to take shifts behind the wheel, especially when those shifts will include nineteen hours straight from Phoenix to Kansas City? Eric, of course. On June 1, 2013, they set out to see America through the bleachers and concession stands of America's favorite pastime. Along the way, human error and Mother Nature throw their mathematically optimized schedule a few curveballs. A mix-up in Denver turns a planned day off in Las Vegas into a twenty-hour drive. And a summer storm of biblical proportions threatens to make the whole thing logistically impossible, and that's if they don't kill each other first. *I Don't Care If We Never Get Back* is a book about the love of the game, the limits of fandom, and the limitlessness of friendship. "Moneyball-worthy mathematical algorithms and the sharp, hilarious prose that has made Lampoon alums famous for generations . . . Nate Silver numbers and James Thurber wit turn what should be a harebrained adventure into a pretty damn endearing one." —Kirkus Reviews "Evokes the spirit of sports stunt journalist George Plimpton and the dazed road-trip fever of Hunter S. Thompson, minus the mind altering substances . . . It's great watching Blatt and Brewster race home." —The Boston Globe "A cross between *The Cannonball Run* and *The Great Race*, with portions of *It's a Mad, Mad, Mad, Mad World* thrown in for good measure . . . The dynamic and back-and-forth tension and sarcasm between Blatt and Brewster is funny . . . Worth reading." —Tampa Tribune

Lewis Grizzard got his first newspaper job when he was ten years old. Thirty-odd years later (thirty-very-odd years) he's still in the newspaper business—and he's still infuriated by it, still tickled by it, and still very much in love with it. *If I Ever Get Back to Georgia, I'm Gonna Nail My Feet to the Ground* is all about that anger, that great humor and that even greater passion for something that affects every single one of us: the daily newspaper. Grizzard begins with his first writing job (covering a Boy's Church League team in Newman, Georgia), and continues through his college years in Athens, Georgia where he learned how to do such things as prepare a front-page headline and layout in case Jesus Christ ever returned to earth. (Headline: HE'S BACK!) He examines the great Atlanta years and the cold Chicago winters—as sports editor of the Sun-Times, during which Grizzard lost his second wife, his cool, and very nearly his sanity, but also learned an awful lot about life, liberty, and the pursuit of happiness. This is Grizzard's funniest—and his best—book yet.

From distinguished educators, this book imagines what our schools could look like if an authentic vision of the Common Core State Standards (CCSS) were put in place, and thoughtfully critiques how and why implementation has faltered. The authors outline a curriculum framework that focuses on student-based inquiry and the use of formative assessment to monitor and guide student learning. They provide workable, innovative alternatives to the packaged instructional programs and summative tests that have come to be associated with the English language arts (ELA) standards. Vignettes of diverse schools and districts highlight a range of successful approaches to making the CCSS work.

REMEMBERING

Remembering A Phenomenological Study

Paul Heinbecker has a compelling vision for the future of Canadian foreign policy and argues that Canada still has a role to play in the rehabilitation of global governance. Has Canada lost its place in the world? Are we destined for a future as a middle

power, denied a seat at the "grown-ups table"? Some would argue yes, that decades of neglect and inattention have rendered Canadian foreign policy ineffective at best and non-existent at worst. Paul Heinbecker disagrees. The golden days of Lester B. Pearson may be long gone, he contends (and perhaps they weren't quite as "golden" as we'd all like to remember), but Canada still has a part to play. In *Getting Back in the Game*, Heinbecker presents his compelling vision for the future of Canadian foreign policy, a future in which Canada can work both with the United Nations and apart from it; in which our government can take a stand and effect change on issues of the day from climate change to the Middle East; in which this country has a key role to play in the rehabilitation of global governance.

A NOVEL

Christian Faith Publishing, Inc.

In a tone at once comic, gothic, and deceptively pastoral, the stories in this collection continue the tradition of Hawthorne, Poe, and James—Americans pursuing a dialectic with Europe—but in a late 20th century context. Constance Pierce's character's, with their fetishes for food and property, hide their eyes with daydreams, hallucinations, and enormous feats of rationale in their longing to return to the happy normal state they tell themselves they once enjoys but which likely never existed at all. Subtly questioning their characters' illusions and nostalgia, these stories, set in such territory as World War II Germany, the French countryside, and Long Island Sound, address the often nebulous relationships between private and public life, old and new ideas, fantasy and reality.

Four world-class athletes co-author the world-class book on getting fit:* Bill Pearl, 4-time Mr. Universe - weight training* Bob Anderson, author of STRETCHING - how to stretch* Ed Burke, Olympic cycling team - aerobic exercise* Jeff Galloway, Olympic runner - running off fatWith an epidemic of obesity and heart disease and diabetes on the rise, Americans need simple, compelling strategies for getting in shape more than ever. This practical guide answers that need with advice from four experts: Mr. Universe Bill Pearl (weight training); Stretching author Bob Anderson (stretching); Olympic cyclist Ed Burke (aerobic exercise); and Olympic runner Jeff Galoway (how to run off fat). Part One features 32 exercise programs of stretching, lifting, and moving, customizable for readers' health considerations,

schedule, and level of commitment. It also covers injuries and other health problems. Part Two discusses healthy eating, exercise during pregnancy, and ergonomics, and gives advice about choosing a gym. This edition includes new information on beginning running, and how to lose weight by running, by Jeff Galloway. In addition to the programs, 100 pages of the book are devoted to teaching basic information about the body, how it works, healthy eating, and how exercise benefits health.

The Christian life is a marathon. Through the gospel, God calls us to sustained, persevering effort. But realistically, Christians are not always pressing forward. Sometimes we wander off the narrow path, slip, and hurt ourselves. To the confused, injured runner, this book says, "God can help you. You can finish the race, and finish well."

Imagine a church where many of the needs of younger women are being met by trained older women. It would not be a problem-free church, but it would be a healthy church where pastors are free to focus on their biblical responsibilities. Although younger women need the guidance of godly older women more than ever, older women remain the most untapped resource in the church today. Some feel dispensable, undervalued, or overlooked. Many simply don't understand the role God calls them to have with younger women, or know how to fulfill it. Getting Back on Track is an invitation to discover from Scripture what the role of the biblical mentor is and how God wants to use older women to help move younger women toward maturity in Christ. It is solidly grounded in Scripture from beginning to end and is written for the older woman, church leader, or younger woman who aspires to be a godly older woman someday.
