French Future Tense Paragraph ExampleThe following paragraph is a fanciful account of a student's visit to Buckingham Palace to visit the Queen of England. Rewrite the paragraph as if these imaginary incidents from the past will instead occur sometime in the future. In other words, change the form of each main verb from the past tense to the future (in most cases, will plus the present form of the verb). Exercise: Recasting a Paragraph in the Future TenseThe French future is used to talk about more general or distant future events. These events are slightly more uncertain because the amount of time needed to elapse is greater than the near future. This future tense is easy to form however you'll have to memorize certain irregular stems because they just happen to be important verbs. The French Future Tenses - FrenchCrazyThere are three uses of the French future perfect that don't correspond to the English future perfect: In subordinate clauses that begin with the conjunctions aussitôt que, dès que, lorsque, quand, une fois que, and après que, the future perfect is used to express a future action which will be completed before the action in the

main clause. In English, a present tense or past tense would be ... Understanding French Future Perfect - Futur antérieurWhat does the future hold for you in French?
