#### CANNIBAL SERIAL KILLERS

Createspace Independent Publishing Platform

Delves into the minds and crimes of the most dangerous and disturbed people who ever lived.

*Serial Killers* Simon and Schuster

\*\*\*Please note: This ebook edition does not contain the photos found in the print edition.\*\*\* Joseph Duncan had been convicted of raping and torturing a 14-year-old boy in Tacoma, Washington. On the Internet he proudly boasted of his perversions. But the system turned Duncan loose, and no one would stop him from committing an even more horrifying act... This time, he prepared meticulously. He chose his getaway car. He chose his murder weapon and loaded a video camera. Then, when he saw young Shasta and Dylan Groene playing outside their Idaho home, he struck—killing their mother and her boyfriend, and their older brother...and vanishing into the night with Shasta and Dylan. Detectives pored over the bloody murder scene. The FBI scrambled to find the children and the abductor. And even when Duncan was finally located, the story was not yet over: Dylan was still missing...and the depth of one man's evil was still coming horribly to light.... [Cold Cases: A True Crime Collection](#) Quercus Publishing

Ah, Wisconsin. . . land of beer, cows, and the Green Bay Packers. And also the home of Ed Gein, Jeffery Dahmer, and a host of other bloodthirsty maniacs. This book goes behind the bucolic Dairy State image to reveal shocking acts of mayhem in the dark corners of Wisconsin history, and asks the troubling question: Is it something in the cheese?

#### THE MAKING OF A SERIAL KILLER

Bloomsbury Publishing USA

Pedro Lopez liked hosting tea parties, with corpses as his guests. Daniel Camargo sought out

virgins, and took both their virtues and their lives. Luis Garavito became sadistically violent after years of sexual abuse. In Colombia in the 1970s, '80s and '90s, these three monsters cut a swath of terror across a country already ravaged by poverty as well as the casualties of the region's powerful drug cartels. The three are among the most prolific serial killers in the world, and incredibly are believed to be responsible for nearly 1,000 murders of young boys and girls whose positions on the lower rungs of society's ladder made them especially vulnerable. These true accounts of Colombia's most sadistic of sex criminals reveal the awful price they forced the most innocent of victims to pay when their childhood betrayals turned to uncontrollable rage. These chilling true crime stories are the stuff of nightmares, and if you're not left shattered by the sheer number of victims - you'll reel when you learn how little time these madmen served for destroying the lives of so many families already struggling with hardship. It's a serial killer biography that will not only leave you stunned, but also wondering if the infamous Pedro Lopez - released after serving less than 30 years - is still alive somewhere, holding macabre tea parties with his young victims.

#### SONS OF CAIN

Penguin

Discover some of the most twisted, horrific true tales of murder that were inspired by movies and TV shows. In this book, you'll discover the crimes, killings and macabre acts carried out by individuals who were inspired by their favourite characters from the big screen. From the teen who slaughtered his mother and sister carrying out a Halloween inspired murder to the two young girls who attempted to stab their friend to death in the name of a fictional online character, you'll discover crimes you've never heard of, all carried out by people who took their love for fiction and turned it into a terrifying reality. There's the tale of the man who took his love for Taxi Driver to a whole new level by trying to slaughter the President. You'll also learn about the man who adored a fictional villain from a classic movie so much that he killed two wives 13 years apart, both in a brutal fashion. Then there's the heartbreaking tale of the gang of youths who adored a horror

franchise so much they tortured and mercilessly killed a young woman who thought they were her friends. Copycat Killers delves into the inspiration behind horrifying murders and tells the tales of inspiration gone awry; when life imitates art in the worst ways imaginable. Be warned - some stories include disturbing details.

*Serial Killers of The 80s* Amsterdam : Academic Press

From 1974 to 1991, someone in the midwestern city of Wichita was leaving behind slain tortured bodies and anonymously proclaiming himself to police and reporters as "BTK" for "Bind, Torture, Kill." Then, for the next 14 years, BTK was silent. But when he began sending letters again, investigators would not miss their chance... Stuningly, police arrested Dennis Rader, the president of his church board and the father of two. As a shocked community watched, evidence began to pile up. Then Rader coldly described how he went about "his projects" as the families of his victims relived the horrific scenes this supposed pillar of the community had unleashed on their loved ones. From the tricks he used to enter his victims' homes to the puzzles he sent the media and the key role his own daughter may have played in his arrest, The BTK Murders is the definitive story of the BTK killer. He was, as one victim's family member called him, "a black hole inside the shell of a human being"—and the worst American serial killer since Ted Bundy.

**Copycat Killers** SAGE

**\*\*WINNER OF THE EDGAR® AWARD FOR BEST FACT CRIME\*\*** A "terrific, harrowing, true-crime account of an elusive serial killer who preyed upon gay men in the 1990s." -The New York Times (Editor's Pick) "In this astonishing and powerful work of nonfiction, Green meticulously reports on a series of baffling and brutal crimes targeting gay men. It is an investigation filled with twists and turns, but this is much more than a compelling true crime story. Green has shed light on those whose lives for too long have been forgotten, and rescued an important part of American history." -David Grann, #1 New York Times bestselling author of Killers of the Flower Moon The gripping true story, told here for the first time, of the Last Call Killer and the gay community of New York City that he preyed upon. The Townhouse Bar, midtown, July 1992: The piano player seems to know every song ever written, the crowd belts out the lyrics to their favorites, and a man standing

nearby is drinking a Scotch and water. The man strikes the piano player as forgettable. He looks bland and inconspicuous. Not at all what you think a serial killer looks like. But that's what he is, and tonight, he has his sights set on a gray haired man. He will not be his first victim. Nor will he be his last. The Last Call Killer preyed upon gay men in New York in the '80s and '90s and had all the hallmarks of the most notorious serial killers. Yet because of the sexuality of his victims, the skyhigh murder rates, and the AIDS epidemic, his murders have been almost entirely forgotten. This gripping true-crime narrative tells the story of the Last Call Killer and the decades-long chase to find him. And at the same time, it paints a portrait of his victims and a vibrant community navigating threat and resilience.

This book delves into the twisted psychology of women attracted to some of the most notorious monsters on the planet, giving true crime readers real insight into this phenomena One of the most common reasons given by women who date serial killers is the fact that they 'see' the little boy that the horrible man once used to be, and they believe that they can nurture that kid, hence removing the cruel and harmful nature of the killers and making them amicable again. Known as 'serial killer groupies' or even 'prison groupies' by some, a great number of these women have shown a surprising desire to get connected to the serial killer of their choice. A large number of these women have become directly aligned with these killers, and some have even married these hardened criminals. Groupies will do almost anything to get close to the prisoner that they are attracted to. They give up jobs, family, spend money on him, and even move across country to be in the same town as him. Some SKG's are attracted to the celebrity status they acquire. They go on talk shows to announce their undying love for the serial killer and proclaim that he was not capable of these killings. This book depicts several such cases and you'll meet some of these SKG's. "If you seek to understand or study the unexplainable, this book may be your key to some grasp of what is beyond imagining....why some women love serial killers!" -- (Bernard Lee DeLeo), bestselling author of over twenty-five novels "The obsessed groupies of predators such as Richard Ramirez (The Night Stalker) are just as fascinating as the serial killers they love. Best-selling author RJ Parker offers powerful insights into the needs, motivations and dark desires of women who pursue and sometimes marry the most infamous killers in history. This powerful psychological examination of these women is not to be missed. Well researched, Parker sheds new light on the curious sub-culture of groupies in his new true crime book, SERIAL KILLER GROUPIES" -- (Scott Bonn, PhD) Professor, criminologist and author of Why We Love Serial Killers: The Curious Appeal of the World's Most Savage Murderers

[Serial Killers](#) Macmillan

This bestselling book has become a staple of every serious true crime book collector's library. One of the most reliable concise sources of information available about serial killers and their crimes, this book offers a psychological and sociological analysis of this most frightening yet fascinating criminal. Psychologist David Lester, recognized worldwide as a leading authority on death-both in the fields of suicide and homicide-offers a much-needed assessment of whether or not there is a dependable and useable psychological profile of the serial killer. Separating the facts from the myths by combining documented case histories of notable serial killers with behavioral research, Serial Killers: The Insatiable Passion has been welcomed and applauded as an important addition to the literature on serial killers by criminologists, psychologists, sociologists, law enforcement and true crime buffs alike.

Dive inside the twisted minds of some of the most heinous serial killers in history with this true-crime trove of stories about cannibalistic murderers. Delving deep into the twisted actions of Hannibal Lecter-type murderers, Cannibal Serial Killers profiles the depraved individuals who prolong their horrific crimes beyond the thrill of the chase to a perverse ritualized finale. More than just stomach-churning stories, this terrifying book provides precise accounts and fascinating insights into the crimes of fourteen cannibalistic killers from all over the world, including: ALBERT FISH, who spent nine days feasting on the remains of an innocent little girl JEFFREY DAHMER, whose refrigerator was packed with the body parts of his seventeen victims ANDREI CHIKATILO, who brutally slayed and dismembered fifty-three people in southeastern Russia FRITZ HAARMANN, who drank his victims' blood and sold their flesh on the black market STANLEY BAKER, who cut out

a young man's heart and devoured it while it was still beating JOACHIM KROLL, who cooked a stew of carrots, potatoes and a small child's hand

[Serial Killers](#) Hachette Books

In this fascinating book, Peter Vronsky exposes and investigates the phenomenon of women who kill—and the political, economic, social and sexual implications buried with each victim. How many of us are even remotely prepared to imagine our mothers, daughters, sisters or grandmothers as fiendish killers? For centuries we have been conditioned to think of serial murderers and psychopathic predators as men—with women registering low on our paranoia radar. Perhaps that's why so many trusting husbands, lovers, family friends, and children have fallen prey to “the female monster.” From history's earliest recorded cases of homicidal females to Irma Grese, the Nazi Beast of Belsen, from Britain's notorious child-slayer Myra Hindley to 'Honeymoon Killer' Martha Beck to the sensational cult of Aileen Wournos—the first female serial killer-as-celebrity—to cult killers, homicidal missionaries, and our pop-culture fascination with the sexy femme fatale, Vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity. INCLUDES PHOTOGRAPHS

[The Dating Game Killer](#) University Press of New England

This book explores the recent surge in true crime by critically exploring how murder and violence are represented in documentaries, films, podcasts, museums, novels and in the press, and the effects. From a range of contributors, it touches on a wide variety of topics overall and illustrates how examining true crime across the changing popular media landscape can contribute to important debates in contemporary culture and society. It encourages a critical eye towards understanding the harmful stereotypes, myths and misinformation that popular media can bring. Arranged into four sections, including: true crime trials, representations of victims, the consumption of serial killer narratives, and true crime spaces, each chapter explores different themes and topics across traditional and newer media. These topics include: emotion and appeals for justice in Making a Murderer, #MeToo and misogyny in crime narratives, true crime journalism being exploitative, the ethics of consuming dark tourism and the appetite for true crime, live streamed murder, and the ways in which true murder accounts might lend insight into other types of crime such as domestic violence and stalking. This book stimulates discussion on undergraduate courses in crime, media and culture as well as in film and media studies, and it also speaks to those with a general interest in true crime.

[Absolute Madness](#) Anchor

The FBI estimate that there are between 25 and 50 serial killers at large in the USA at any given time. But the truth is few people kill. We occasionally say we could kill someone, but that is usually hyperbole. Most of us can imagine what it might be like to be driven to a senseless act of violence in an unendurable situation. To kill once is one thing; to kill over and over again is quite another. What drives these people who kill and kill again? Are they evil or are they mad? Serial killing is a worldwide phenomenon and no two killers are alike. Each one comes with a grisly though compelling tale that takes the reader to the darkest reaches of the human psyche.

## KILLER BOOK OF SERIAL KILLERS

Simon and Schuster

Absolute Madness tells the disturbing true story of Joseph Christopher, a white serial killer who targeted black males and struck fear into the residents of New York in the 1980s. Dubbed both the 22-Caliber Killer and the Midtown Slasher, Christopher allegedly claimed eighteen victims during a savage four-month spree across the state. The investigation, aided by famed FBI profiler John Douglas, drew national attention and biting criticism from Jesse Jackson and other civil rights leaders. The killer, when at last he was unmasked, seemed an unlikely candidate to have held New York in a grip of terror. His capture was neither the end of the story nor the end of the racial strife, which flared anew during circuitous prosecutions and judicial rulings that prompted cries of a double standard in the justice system. Both a wrenching true crime story and an incisive portrait of dangerously discordant race relations in America, Absolute Madness also chronicles a lonely, vulnerable man's tragic descent into madness and the failure of the American mental health system that refused his pleas for help.

[Critiquing Violent Crime in the Media](#) Feral House

Serial Killers: Jack The Ripper to The Zodiac Killer is an exploration of the dark world of serial murder in the 20th and 21st century. Covering international cult figures from H.H. Holmes to Luis Garavito (La Bestia), examining psychological motivations of serial murderers, and presenting

some of the most terrifying unsolved cases to date, Serial Killers provides an eerie peer into the oft-uncovered world of murder and mystery.

[The Man from the Train](#) Canary Press

Few serial killers in history have garnered as much attention as Jeffrey Lionel Dahmer. Although Dahmer killed seventeen young men and boys, it was not so much the number of people he killed that makes him stand out among famous serial killers, but more so the acts of depravity that he committed on the corpses of his victims. In this true crime story you will read how Dahmer transitioned from a loner to serial killer, committing numerous unnatural acts along the way such as necrophilia and cannibalism. Following in the macabre tradition of another infamous Wisconsin serial killer-Ed Gein-Jeffrey Dahmer terrorized Milwaukee for most of the 1980s until he was finally captured in 1991. Perhaps one of the most frightening aspects of Jeffrey Dahmer's serial killer career was how easy he was able to lure his victims into his trap. Dahmer possessed above average intellect, was conventionally good looking, and usually had a calm demeanor that could disarm even the most paranoid of people. Because of these traits, Dahmer was able to evade justice numerous times, which allowed him to keep killing. Truly, Dahmer was able to fool his family, the police, his neighbors, and even the judicial system into believing that he was not a threat; but during the entire time his kill count increased and the body parts of his victims began to pile up around his apartment. Open the pages of this book to read a story that is among the most disturbing of all true crime serial killers. You will follow the course of Dahmer's life from an alcoholic outcast in high school to a vicious predator who stalked the streets of Milwaukee. Finally, you will read about Dahmer's trial, his jail house murder, and the impact that his many crimes had on Milwaukee.

B. Cooper's airplane heist - The Amber Alert case (the death of Amber Hagerman) - The Golden State Killer

[Last Call](#) Xlibris Corporation

In 1990, a young woman was strangled on a jogging path near the home of Pat Brown and her family. Brown suspected the young man who was renting a room in her house, and quickly uncovered strong evidence that pointed to him—but the police dismissed her as merely a housewife with an overactive imagination. It would be six years before her former boarder would be brought in for questioning, but the night Brown took action to solve the murder was the beginning of her life's work. Pat Brown is now one of the nation's few female criminal profilers--a sleuth who assists police departments and victims' families by analyzing both physical and behavioral evidence to make the most scientific determination possible about who committed a crime. Brown has analyzed many dozens of seemingly hopeless cases and brought new investigative avenues to light. In The Profiler, Brown opens her case files to take readers behind the scenes of bizarre sex crimes, domestic murders, and mysterious deaths, going face-to-face with killers, rapists, and brutalized victims. It's a rare, up-close, first-person look at the real world of police and profilers as they investigate crimes--the good and bad, the cover-ups and the successes.

## THE PROFILER

RJ PARKER PUBLISHING, INC.

In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for

thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for

the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in

meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.
