A freak storm has spawned three  
tornadoes that are bearing down on the  
town of Summerville. Yet under the

cover of the storm looms a much more ominous threat: A vindictive killer known as Red who's left a string of victims in his wake and is now bent on exacting his final revenge on the unsuspecting town. But there is an enigma surrounding Red that the FBI is unwilling to admit—closely guarded secrets of something gone terribly wrong beneath the skin of Summerville. Secrets that will destroy far more than one small town. Wendy Davidson is caught in the middle. She's a recovering cult survivor who takes refuge in Summerville on her way to visit her estranged mother. And with her, four strangers, any of whom could be the next victim . . . or the killer.

The use of computers for the purpose of storage, retrieval, transmission and

manipulation of data is known as information technology. It is a sub-discipline of information and communication technology which is concerned with the commercial use of computers. Some of the important innovations of information technology are television and radio equipment, performance management software, and video conferencing equipment. The software studied under this domain can be categorized into system software and application software. System software can be broadly classified into operating systems, basic input/output systems, boot programs, assemblers and device drivers. Information technology is an upcoming field of science that has undergone rapid development over the past few decades. The topics included in

this book on information technology are of utmost significance and bound to provide incredible insights to readers. It will serve as a valuable source of information for those interested in this field.

DC Special (1968-) #29 little bee books "...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and

who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

The Beta of the Keystone Predators, Diego Mendoza loves his new job and the responsibility that comes with it. Even the simple task of retrieving his Alpha's cousin from the airport. He thinks its going to be a quick grab and go until he gets her in his truck. Daphne Moore needs a break and a trip to

Arizona for her cousin's wedding seems like the perfect place. Part wolf shifter and part witch she's had a hell of a time fitting in. Her father's Pack wants her to renounce her mother's coven, while her mother's coven wants her to swear an oath of allegiance forsaking the Pack. All Daphne wants is a place where she's accepted as both wolf and witch. Diego wants his mate instantly and is ready to do whatever it takes to claim her. Daphne is a little more wary of the situation. Her wolf is telling her to go for it while her witchy side balks, knowing Diego will try to suppress her more enchanted side. Can Diego convince his witchy wolf he is completely under her spell, hexing side and all?

When you can't sleep, there's always NIGHTS. It all started with Lewis and Jamie. They were sneaking out late at night to be together. Then their friends started joining in. First at the old burned-down Fear Mansion. Later at the local bar Nights. They called themselves the Night People. And they carefully protected their secret world. No parents, no work, no stress. Just chilling with friends in their own private after-hours club. But then the nights turned dark. Unexplainable accidents, evil pranks...and then, later, the killings. The Night People know they have to stop the

horror all by themselves, or else they risk exposure -- not to mention their lives. Things go bump in the Night...
