Extracto: Ficciones es una coleccion de cuentos de Jorge Luis Borges en el que, asimismo, figuran dos prologos. La critica especializada lo ha aclamado como uno de los libros que ayudaron a definir el rumbo de la literatura del siglo XX. Asimismo, su publicacion en 1944 coloco a Borges en un primer plano de la literatura universal. Ficciones esta compuesto de dos partes: El jardin de senderos que se bifurcan y Artificios. A pesar de la separacion en partes, estas no difieren en estilo (la unica diferencia palpable son las fechas en que aparecieron los textos y que Artificios es ligeramente mas breve que El jardin). Por otra parte, no sin cierta ironia, Borges anota en el prologo de Artificios que los relatos que incluidos en esa parte son "de ejecucion menos torpe" (Borges,1995:119) que los de El Jardin. La division del libro en dos se debe a que la primera parte habia sido publicada...

"Pensé en un laberinto de laberintos, en un sinuoso laberinto creciente que abarcara el pasado y el porvenir y que implicara de algún modo los astros"--Jorge Luis Borges Ficciones es quizá el libro más reconocido de Jorge Luis Borges, compuesto por los libros El jardín de senderos que se bifurcan y Artificios, ambos considerados piezas fundamentales del universo borgiano. Entre los cuentos que aquí se reúnen hay algunos de corte policial como "La muerte y la brújula", la historia de un detective que investiga el asesinato de un rabino; otros sobre libros imaginarios como "Tlön, Uqbar, Orbis.

"Clear-eyed glimpses of human behavior in the extremities of poverty, stupidity, greed, vanity... Story-telling of an unconventional sort, with most of the substance beneath the shining, enameled surface." —The New York Times Book Review Widely acknowledged as "the father of the Japanese short story," Ryunosuke Akutagawa remains one of the most influential Japanese writers of all time. *Rashomon and Other Stories*, a collection of his most celebrated work, resonates as strongly today as when it first published a century ago. This volume includes: In a Grove: An iconic, contradictory tale of the murder of a samurai in a forest near Kyoto told through three varying accounts Rashomon: A masterless samurai contemplates following a life of crime as he encounters an old woman at the old Rashomon gate outside Kyoto Yam Gruel: A low-ranking court official laments his position all the while yearning for his favorite, yet humble, dish The Martyr: Set in Japan's Christian missionary era, a young boy is excommunicated for fathering an illegitimate child, but not all is as it seems Kesa and Morito: An adulterous couple plots to kill the woman's husband as the situation threatens to spin out of control The Dragon: A priest concocts a prank involving a dragon, but the tall tale begins to take on a life of its own With a new foreward by noted Akutagawa scholar Seiji Lippit, this updated version of a classic collection is a an excellent, readable introduction to Japanese literature.

"Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words. But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel. Printed together, with the etchings reproduced in fine-line duotone, text and art unite to present an artist's book that belongs in the circle of Borges's sacrosanct Crimson Hexagon - "books smaller than natural books, books omnipotent, illustrated, and magical."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The seventeen pieces in *Ficciones* demonstrate the gargantuan powers of imagination, intelligence, and style of one of the greatest writers of this or any other century. Borges sends us on a journey into a compelling, bizarre, and profoundly resonant realm; we enter the fearful sphere of Pascal's abyss, the surreal and literal labyrinth of books, and the iconography of eternal return. More playful and approachable than the fictions themselves are Borges's Prologues, brief elucidations that offer the uninitiated a passageway into the whirlwind of Borges's genius and mirror the precision and potency of his intellect and inventiveness, his piercing irony, his skepticism, and his obsession with fantasy. For to enter the worlds in *Ficciones* is to enter the mind of Jorge Luis Borges, wherein lie Heaven, Hell, and everything in between.

### FICCIONES, JORGE LUIS BORGES

"Borges's composed, carefully wrought, gnarled style is at once the means of his art and its object—his way of ordering and giving meaning to the bizarre and terrifying world he creates: it is a brilliant, burnished instrument, and it is quite adequate to the extreme demands his baroque imagination makes of it . . . Absolutely and most vividly original."—Saturday Review The seventeen pieces in *Ficciones* demonstrate the gargantuan powers of imagination, intelligence, and style of one of the greatest writers of this or any other century. Jorge Luis Borges's *Ficciones* introduced an entirely new voice into world literature. It is here that we find the astonishing accounts of 'Funes the Memorious', the man who can forget nothing; 'Pierre Menard, Author of the Quixote', who recreates Miguel de Cervantes's epic word-for-word; a society run on the basis of an all-encompassing game of chance in 'The Lottery in Babylon'; the mysterious world of 'Tlön, Uqbar, Orbis Tertius' which seems to be supplanting our own; and the 'Library of Babel', which contains every possible book in the whole universe. Here too are the philosophical detective stories and the haunting tales of Irish revolutionaries, gaucho knife fights and dreams within dreams which proved so influential (and yet impossible to imitate). This collection was eventually to bring Borges international fame; over fifty years later, it remains endlessly intriguing.

The incomparable Borges delivered these seven lectures in Buenos Aires in 1977; attendees were treated to Borges' erudition on the following topics: Dante's *The Divine Comedy*, Nightmares, Thousand and One Dreams, Buddhism, Poetry, The Kabbalah, and Blindness.

*Ficciones*

"Bad" art fascinates us. There is something at once compelling and troubling about the creative visions of artists who are unwilling or unable to conform to the conventions of their craft. But does our interest stem from a sense of *schadenfreude*--an enjoyment of their expressive misfires from a comfortably ironic distance? Or do we appreciate their unschooled authenticity? The author argues that the works of outsider artists such as The Shaggs, Royal Robertson, Daniel Johnston and Henry Darger cannot be understood through familiar debates about irony and sincerity. What is often thought to be "incompetence" may provide us with an essential clue to questions of philosophical and ethical order.

An NYRB Classics Original *Thus Were Their Faces* offers a comprehensive selection of the short fiction of Silvina Ocampo, undoubtedly one of the twentieth century's great masters of the story and the novella. Here are tales of doubles and impostors, angels and demons, a marble statue of a winged horse that speaks, a beautiful seer who writes the autobiography of her own death, a lapdog who records the dreams of an old woman, a suicidal romance, and much else that is incredible, mad, sublime, and delicious. Italo Calvino has written that no other writer "better captures the magic inside everyday rituals, the forbidden or hidden face that our mirrors don't show us." Jorge Luis Borges flatly declared, "Silvina Ocampo is one of our best writers. Her stories have no equal in our literature." Dark, gothic, fantastic, and grotesque, these haunting stories are among the world's most individual and finest.

### SOL LEWITT

University-Press.org

Here is a handsome edition of one of Borges' *ficciones*, in a translation first published in *Labyrinths* in 1962. It's an important story in the Borges' canon, incorporating most of the author's philosophical and esthetic preoccupations in a typically brief compass. With great solemnity and a convincing array of scholarly detail (including annotated references to imaginary books and articles), Borges concocts a fable of an alternate world and its infiltration of our own. The reality of Tlon is idealist: material objects have no existence; language has no nouns; its principal discipline is psychology, since its inhabitants see the universe as nothing but a series of mental processes. A series of 24 illustrations accompanies the text. Their disturbing resemblances to our reality make them appropriate reflections of Borges's imaginative constructs.' -- The Kingston Whig-Standard

**Notes on Prosody and Abram Gannibal** Bristol Classical Press

*FICCIONES* is perhaps the single most mysterious and extraordinary collection of short stories written this century. Influenced by writers as disparate as Lewis Carroll, Stevenson and Cervantes, Borges is nethertheless a complete original who can turn dry logical puzzles in to enchanting fables. The Pieces in this volume represent his most accomplished work.
