*All Things Bright and Beautiful* Zonderkidz  
Sir Phillip knew that Eloise Bridgerton was a spinster, and so he'd proposed, figuring that she'd be homely and unassuming, and more than a little desperate for an offer of marriage. Except . . . she wasn't. The beautiful woman on his doorstep was anything but quiet, and when she stopped talking long enough to close her mouth, all he wanted to do was kiss her . . . and more. Did he think she was mad? Eloise Bridgerton couldn't marry a man she had never met! But then she started

thinking . . . and wondering . . . and before she knew it, she was in a hired carriage in the middle of the night, on her way to meet the man she hoped might be her perfect match. Except . . . he wasn't. Her perfect husband wouldn't be so moody and ill-mannered, and while Phillip was certainly handsome, he was a large brute of a man, rough and rugged, and totally unlike the London gentlemen vying for her hand. But when he smiled . . . and when he kissed her . . . the rest of the world simply fell away, and she couldn't help but wonder . . . could this imperfect man be perfect for her?

reflects on the rewards of training the next

generation of veterinarians. As an aging James Herriot begins to see more house pets than livestock, the challenge of treating animals—and reassuring their owners—provides plenty of excitement, mystery, and moments of sheer delight. After building up his own practice, the renowned country vet begins to teach a new generation about a business both old-fashioned and very modern. He watches with pride as his own children show a knack for medicine, and remarks on the talents and quirks of a string of assistants. There is no perfecting the craft, since people and their animals are all remarkably different, but Herriot proves that the best healers are

also the most compassionate.

Advent Island is a place beyond the reaches of Bea's most fitful imaginings. It's not just the rats and the hordes of mosquitos and the weevils in the powdered milk. Past the confines of their stuffy little house, amidst the damp and the dust and the

sweltering heat, rumours are spreading of devil chasers who roam the island on the hunt for evil spirits. And then there are the noises from the church at night. Yet, to the amusement of the locals and the bafflement of her husband, Bea gradually adapts to life on the island. But with the dreadful events heralded by the arrival of an unexpected, wildly irritating and always-humming house guest, Advent Island becomes a hostile place once again. And before long, trapped in the jungle and in the growing fever of her husband's insanity, Bea finds herself fighting for her freedom, and for her life.
