Bhāratatattva Calcutta : Punthi Pustak
The Shodasa Vargas or sixteen divisional charts are an essential technique that is studied in vedic astrology in order to understand the true nature of an individual. Each varga focuses on a different area of life, and together they represent the complete picture, reflecting

human consciousness from reality to the subconscious. Komilla Sutton unravels the sixteen vargas and their secrets through the in-depth study of case histories that include Sri Ramana Maharshi, Bill Clinton, Prince William, Bill Gates, Sri Aurobindo, Oprah Winfrey, Julia Roberts, George Clooney, Michael Jackson and many more. She explains the navamsha techniques of relationship compatibility, karakamsha, the atmakaraka in navamsha, how to analyse dasha and transits with vargas, plus vimshopaka, visheshika amsha and

finally, appropriate remedies. This book is perfect for all students of vedic astrology, from beginner level to advanced.

Objective General Knowledge Chapterwise Collection of 2750 + Question The Wessex Astrologer

The definitive new book from India's no. 1 business writer Chanakya was one of the best strategic thinkers of the world. In the fourth century BC, he wrote the Arthashastra, an unrivalled political treatise that has since been used by leaders across the globe. In Inside Chanakya's Mind, for the first time, Radhakrishnan Pillai, the bestselling author of Corporate Chanakya, will distill Chanakya's age-old wisdom on how to think to the masses through his practical and innovative approach.

Bank), General Awareness, English Language & Comprehension, Group Discussion & Personal Interview, Crack Sets (1-3), Answer to Section Tests and Crack Sets..

SSC Constable GD Exam Guide 2021

SAGE Publishing India

Chanakya, a master strategist, was the man who destroyed the Nanda dynasty and instilled Chandragupta Maurya as the king of Magadha. Chanakya – A Visionary Human Resource Leader talks about the principles of human resource management mentioned in Arthashastra. These principles of managing human resources are still relevant in the 21st century. For the first time, all the secrets of managing human resources are woven together in the context of modern human resource management. In this book, you'll learn Chanakya's perspective on business administration and people management. It contains the legendary management guru, Chanakya's, wisdom on recruiting, selecting, training, rewarding and motivating human resources. It is a resourceful guide for readers from all walks of life on contemporary human resource practices. Review: In the present

book, I am glad to note that various aspects of Arthashastra have been included as the roles and responsibilities of the HR department. The authors of this book Santosh Bagwe and Tushar Kokane have used the ideas from Kautilya's Arthashastra for modern-day HR practitioners. The book has taken a lot of ideas from the original work of Chanakya and interpreted in a modern format. Easy to understand and simple in language, not only HR professionals will benefit from the book, but also general readers. I am glad this book is an excellent contribution to the corporate world which will get a lot of tips from Arthashastra and the wisdom of Chanakya. - Radhakrishnan Pillai (Author of Corporate Chanakya and other Chanakya Books)

Descriptive Glossary of Indian Iconography
Arihant Publications India limited

In contrast to the existing literature on the subject, this book carries a context-driven conceptualization of the major strands of political thought that emerged in India in the past two centuries. It focuses on India's peculiar socio-political processes under colonialism that influenced the evolution of such thoughts. The

distinguishing feature of this book is its linking of the text of Indian political thought with the context. In doing so, it challenges the ethno-centric interpretation of nationalism that despite its roots in western Enlightenment, evolved differently because of the context in which it was articulated.

“Revisiting History of India & Beyond” have highlighted all the relevant issues of India's history and culture is dynamic, spanning back to the beginning of human civilization. It began with a mysterious culture along the Indus River and in farming communities in the southern lands of India. The history of India is punctuated by constant integration of migrating people with the diverse cultures that surround India. Available evidence suggests that the use of iron, copper and other metals was widely prevalent in the Indian sub-continent at a fairly early period, which is indicative of the progress that this part of the world had made by

the end of the fourth millennium BC, India had emerged as a region of highly developed civilization. We hope that this book will be able to satisfy the general reader of History.
