Suggestions
about
seducing and
spicing sex
Develop your
feminine

power Use
affirmations to
increase your
self-esteem,
sexuality and
improve your
psychological
aspects.
Repeat
positive
messages, for
example, say
to yourself
things like "I
am a
wonderful
woman!", "I'm
becoming
more and
more sexy!",
"I'm an
attractive
lover!" and so
on. Be smart,
don't bother
with the
"flaws" that all
of us have
(fatty spots,

cellulites...).
Show your
best! Feel
powerful and
sexy despite
your physical
type or age.
Value your
strong side!
Take control
of your
personality,
charm and
beauty.
Seduce your
husband or
boyfriend In
the beginning
of the
relationship,
sex is usually
more exciting
because at
this phase
everything is
new. But the
point is how to
keep seducing
your partner

after a long time together. Surprise him by trying to have a more active attitude, as generally men do to seduce a woman. But try not to exaggerate, start gradually if he's not used to a more powerful and sexy attitude. Use your intuition in order to do everything right! Know that men love and feel excited to know that they are still important and attractive to their woman, especially if you're

together for a long time. For example: how about telling him about how turned on you feel when you're with him, look at him with desire just as you did in the beginning of the relationship, or touching his body (or yours) in a sexy way? Simple tips as these make a lot of difference. Which man doesn't want to be seduced by his wife or girlfriend? Innovating your techniques Extending

your creativity and using new ways to stimulate your man is important in order to avoid routine. Try different places to make love, go to a motel or travel to the fields or to an aphrodisiac beach. Many couples stop "dating" after having children. Don't let this happen to you - save some time only for you two. We know that many women, intuitively, use these simple secrets of seduction that are basic but

essential in order to keep erotic. Happily Ever After: Companion to the Selection Series Random House This is the second book in a brand new series from bestselling author, Maggie Stiefvater. Fans of SHIVER (9781407115009), LINGER (9781407121086) and FOREVER (978140712116) will love this new quartet! *Placar Magazine* St.

Martin's Essentials PLACAR: a maior revista brasileira de futebol. Notícias, perfis, entrevistas, fotos exclusivas. **LADY KILLERS** Ballantine Books From #1 New York Times bestselling author of It Starts with Us and It Ends with Us, Colleen Hoover's romantic, emotion-packed debut novel unforgettably captures all the magic and

confusion of first love, as two young people forge an unlikely bond before discovering that fate has other plans for them. Following the unexpected death of her father, eighteen-year-old Layken becomes the rock for both her mother and younger brother. She appears resilient and tenacious, but inside, she's losing hope. Then she meets her new neighbor Will, a handsome twenty-one-

year-old whose mere presence leaves her flustered and whose passion for poetry slams thrills her. Not long after a heart-stopping first date during which each recognizes something profound and familiar in the other, they are slammed to the core when a shocking discovery brings their new relationship to a sudden halt. Daily interactions become impossibly painful as they

struggle to find a balance between the feelings that pull them together and the forces that tear them apart. Only through the poetry they share are they able to speak the truth that is in their hearts and imagine a future where love is cause for celebration, not regret. Women Who Run with the Wolves Simon and Schuster Kevin Leman wants you to know that men are less complicated than you give

them credit for. At the core of men, you'll find a sensitive, emotional being that needs to feel loved, respected and needed. Men are very protective of their core. It's this protective behavior that keeps men from openly sharing their feelings with women. But, Kevin Leman knows that the more you understand and are sensitive to the fears, anxieties, and insecurities that make the men in your

life behave the way they do, the stronger your relationships will be.

7 Things He'll Never Tell You

Waterhouse Press

"If I'm going to be a prostitute, I refuse to be an ordinary one." Known to her clients as "Bruna the Surfer Girl," Surfistinha is the beautiful 17-year-old Brazilian runaway from a middle class family who detailed online her three years working as a prostitute in a posh

Brazilian suburb. Her candid and explicit entries on life as a high-class call girl caught the attention of millions and set off a vigorous national debate about sexual identity, values, and practices. As a result, Bruna became an immediate celebrity, the Paris Hilton of Brazil. Here, in *The Scorpion's Sweet Venom*, she draws back the sheets to reveal the whole story. Bruna writes passionately

about her estranged family, her out-of-control drug use, her unbridled sexuality, and her unusual adventures in the world's oldest profession. "I have seen and done everything," she confesses. "There is nothing left that scares me." Part memoir, part cautionary tale, part sex guide, Bruna brings to life the raw, desperate and dangerous underbelly of the Brazilian sex trade, and shares

outrageous advice for the bedroom, like what men really want but are too afraid to ask. Provocative, seductive and unforgettable, *The Scorpion's Sweet Venom* is the vivid account of a young girl's life on the street, and a fearless expression of human sexuality. Bruna Surfistinha is the pseudonym of a now twenty-something Brazilian prostitute who attracted the attention of the Brazilian

public after she published sexually charged diary entries on her blog, www.brunasurfistinha.com. She currently lives in Sao Paolo.

 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Wall Street Journal* • Financial

Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights

movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our

communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving

messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve,

examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

"Good Morning Malibu, it's

another beautiful day on the west coast! I'm Noely Clark, your host: and I'm in the market for love..." When the publicity team of the new local restaurant, *Going in Blind*, began their search for a hot, local celebrity to promote the wildly popular eatery, they couldn't have found a better person than me. Outgoing? Check. Single? Check. Open to finding love? Check. I signed up immediately. A hopeless

romantic with an exceedingly demanding schedule, I've found it impossible to find the man of my dreams—so Going in Blind seems too good to be true! That's until they start setting me up on dates—three very different, very attractive, very distinct blind dates—and only one thing is for certain . . . I'm in big trouble. Good Morning Malibu, I'm Noely Clark, and I have a choice to make. The question is

who will I choose; the suit, the rebel, or the jock.

A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg

From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet

today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have

played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural

selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of

Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

FLORENCE AND GILES

Dorling

Kindersley Ltd Inspired by author Tori Telfer's Jezebel column "Lady Killers," this thrilling and entertaining compendium investigates female serial killers and their crimes through the ages. When you think of serial killers throughout history, the names that come to mind are ones like Jack the Ripper, John Wayne Gacy, and Ted Bundy. But what about Tillie Klimek, Moulay Hassan, Kate

Bender? The narrative we're comfortable with is the one where women are the victims of violent crime, not the perpetrators. In fact, serial killers are thought to be so universally, overwhelmingly male that in 1998, FBI profiler Roy Hazelwood infamously declared in a homicide conference, "There are no female serial killers." Lady Killers, based on the popular online series that appeared on Jezebel and

The Hairpin, disputes that claim and offers fourteen gruesome examples as evidence. Though largely forgotten by history, female serial killers such as Erzsébet Báthory, Nannie Doss, Mary Ann Cotton, and Darya Nikolayevna Saltykova rival their male counterparts in cunning, cruelty, and appetite for destruction. Each chapter explores the history of a different

subject, and then proceeds to unpack her legacy and her portrayal in the media, as well as the stereotypes and sexist clichés that inevitably surround her. The first book to examine female serial killers through a feminist lens with a witty and dryly humorous tone, Lady Killers dismisses easy explanations (she was hormonal, she did it for love, a man made her do it) and tired tropes (she was a

femme fatale, a black widow, a witch), delving into the complex reality of female aggression and predation. Featuring 14 illustrations from Dame Darcy, Lady Killers is a bloodcurdling, insightful, and irresistible journey into the heart of darkness.

THE ART OF READING MINDS

Herbonatural do Brasil (Éden) Every story has a dark side, and this story belongs to Cam, the brooding, bad-boy dark angel FALLEN readers love. High school can be hell.

Cam knows what it's like to be haunted. He's spent more time in Hell than any angel ever should. And his freshest Hell is high school, where Lilith, the girl he can't stop loving, is serving out a punishment for his crimes. Cam made a bet with Lucifer: he has fifteen days to convince the only girl who really matters to him to love him again. If he succeeds, Lilith will be allowed back into the world, and they can live their lives

together. But if he fails . . . there's a special place in Hell just for him. Tick-tock. Spread your wings and cry as bad boy dark angel Cam finally reveals his anguished heart in the epic FALLEN novel, UNFORGIVEN. The Hero with a Thousand Faces Ember Paradoxically, as 1954 came to an end William Branham was not satisfied. He thought his supernatural gift should have revolutionized the Christian

world, broken down denominational barriers, and brought all Christians together in oneness of spirit, purpose and doctrine. It had not. He decided the reason for this failure was because many Christians did not understand the God they were trying to worship. To remedy this problem, Bill felt led to teach more doctrine in his evangelistic campaigns, explaining the fundamentals of the Christian faith.

This decision produced some unexpected results. During 1955, attendance at his faith-healing campaigns declined sharply. Evidently, people welcomed miracles as long as they didn't have to change their own ideas. Some people felt he should concentrate on divine healing and leave the teaching to the pastors, or teachers who had more education. Simon and
