INSIDE SOCIAL LIFE

Independently Published

A sexy best friend's brother standalone romance from bestselling authors Lauren Blakely and Lili Valente! I'm the wrong guy for her. She's sunshine and cherry pie. I'm whiskey and fast cars. I'm also keeping one hell of a secret from the woman I've wanted for years. But when I find a list my sister left behind for Ruby, I've got no choice but to offer the sexy, big-hearted girl next door both a road trip and a chance. A chance to discover how big she can dream. And if some of those dreams play out in the bedroom? Well, there's nothing wrong with a few -- okay, several - hot nights together as we hit the beach, visit old stomping grounds, and test all sorts of limits, in and out of the sheets.

Seven days, then I'm off, moving across the country, far away from her. No way can things get complicated in a week. Ruby and I aren't the kind of dream that has a shot of coming true. Especially once she learns what I've done. GOOD WITH HIS HANDS is a sexy standalone romance in the Good Love series!
Airbus A320: An Advanced Systems Guide
Perfection Learning
Hello and welcome to Effective PyCharm. In this book, we're going to look at all the different features of one of the very best environments for interacting and creating Python code, PyCharm. PyCharm is an IDE (integrated development environment) and this book will teach you how you can make the most of this super powerful editor. The first thing we are going to talk about is why do we want to use an IDE in the first place? What value does a relatively heavyweight application like PyCharm bring and why would we want to use it? There are many features that make

PyCharm valuable. However, let's begin by talking about the various types of editors we can use and what the trade-offs are there. We're going to start by focusing on creating new projects and working with all the files in them. You'll see there's a bunch of configuration switches we can set to be more effective. Then we're going to jump right into what I would say is the star of the show--the editor. If you're writing code, you need an editor. You will be writing a lot of code. This includes typing new text and manipulating existing text. The editor has to be awesome and aid you in these tasks. We're going to focus on all the cool features that the PyCharm editor offers. We'll see that source control in particular, Git and Subversion are deeply integrated into PyCharm. There are all sorts of powerful things we can do beyond git, including actual GitHub integration. We are going to focus on source control and the features right inside the IDE. PyCharm is great at *refactoring*.

Refactoring code is changing our code to restructure it in a different way, to use a slightly different algorithm, while not actually changing the behavior of the code. There are many powerful techniques in PyCharm that you can use to do this. Because it understands all of your files at once, it can safely refactor. It will even refactor doc strings and other items that could be overlooked without a deep understanding of code structures. There is powerful database tooling in PyCharm. You can interact with most databases including SQLite, MySQL, and Postgres. You can edit the data, edit the schemes, run queries and more. Because PyCharm has a deep understanding of your code, there is even integration between your database schema and the Python text editor. Note that PyCharm has a free version and a professional version. The database features are only available in the professional version. PyCharm is excellent at building web applications using libraries like Django, Pyramid, or Flask. It also has a full JavaScript editor and environment so you can use TypeScript or CoffeeScript. We'll look into both server-side and client-side features. PyCharm has a great visual debugger, and we are going to look at all the different features of it. You can use it to debug and understand your application. It has powerful breakpoint operations and data visualization that typically editors don't have. Profiling is a common task if you want to understand how your code is running. If your application is slow and you want it to go faster, you shouldn't guess where it is slow. PyCharm makes it easy to look at the code determine what it fast and slow, rather than relying on our intuition which may be flawed. PyCharm has some tremendous built-in visual types of tools for us to fundamentally understand the performance of our app. PyCharm has built-in test runners for pytest, unittest, and a number of Python testing frameworks. If you are doing any unit testing or integration testing, PyCharm will come to your aid. For example, one feature you can turn on is auto test execution. If you are changing certain parts of your code, PyCharm will automatically re-run the tests. There are a couple of additional tools that don't really land in any of the above categories. There is a chapter with the additional tools at the end.

SECRETS OF ECLAIRS

Infinity Publishing

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

In the Tycoon's Debt (Mills & Boon

Modern) Lauren Blakely and Lili Valente Books

Who knew reading sexy alien abduction stories could get a girl into trouble? Or that an e-reader could also be the gateway to another galaxy? I definitely didn't... but here I am anyway, mated to the Tsenturion High Commander just like the unwilling human heroines in my favorite sci-fi romances. The Commander demands obedience. He intends to claim me, train me, and turn me into his perfect little pleasure trophy. He doesn't believe in love. I don't believe in giving in without a fight. There's no amount of discipline or ecstasy that could break me to his will... I hope. *Alien Captive* is a hot alien abduction romance, starring one feisty human and the Tsenturion Warrior strong enough to master her. Disclaimer: the authors are not responsible for any actual alien abductions that may result should you purchase this book.

Et Yourself to Do What Needs to Be Done Even When You Don't Feel Like Doing It
Do what needs to be done... Even when you don't feel like doing it. From the author of the international best-seller *The Acorn Principle*, comes the newest book on motivating yourself to reach the highest levels of success. *Alamo Wars*

The voices of lesbian poets both well-known and previously unpublished are brought together in a collection of 120 love poems touching on such subjects as erotic exploration, the vicissitudes of monogamous relationships, and unrequited love. Reprint.

Alien Captive: A Sci Fi Warrior Romance
A&C Black

"When you think that life cannot get better, Blake Pierce comes up with another masterpiece of thriller and mystery! This book is full of twists, and the end brings a surprising revelation.

Strongly recommended for the permanent library of any reader who enjoys a very well-written thriller." --Books and Movie Reviews (re *Almost Gone*) *DEATH IN FLORENCE* is book #2 in a charming new cozy mystery series by USA Today bestselling author Blake Pierce, whose #1 bestseller *Once Gone* has received 1,500 five-star reviews. The series (*A YEAR IN EUROPE*) begins with book #1 (*A MURDER IN PARIS*). Diana Hope, 55, is still adjusting to her recent separation when she discovers her ex-husband has just proposed to a woman 30 years younger. Secretly hoping they would reunite, Diana is devastated. She realizes the time has come to reimagine life without him—in fact, to reimagine her life, period.

Devoting the last 30 years of her life to being a dutiful wife and mother and to climbing the corporate ladder, Diana has been relentlessly driven, and has not taken a moment to do anything for herself. Now, the time has come. Diana never forgot her first boyfriend, who begged her to join him for a year in Europe after college. She had wanted to go so badly, but it had seemed like a wild, romantic idea, and a gap year, she'd thought, would hinder her resume and career. But now, with her daughters grown, her husband gone, and her career no longer fulfilling, Diana realizes it's time for herself—and to take that romantic year in Europe she'd always dreamed of. Diana prepares to embark on the year of her life, finally turning to her bucket list, hoping to tour the most beautiful sights and sample the most scrumptious cuisines—and maybe, even, to fall in love again. But a year in Europe may have different plans in store for her. Can A-type Diana learn to go with the flow, to be spontaneous, to let down her guard and to learn to truly enjoy life again? In *DEATH IN FLORENCE (Book #2)*, Diana arrives in Florence, ready to shake off the events of Paris and fulfill her lifelong dream of being proposed to on the romantic Ponte Vecchio bridge. But Diana can never possibly anticipate what she is about to find on that bridge, and how it may just turn her romantic dream into a ridiculous nightmare! *A YEAR IN EUROPE* is a charming and laugh-out-loud cozy mystery series, packed with food and travel, with mysteries that will leave you on the edge of your seat, and with experiences that will leave you with a sense of wonder. As Diana embarks on her quixotic quest for love and meaning, you will find yourself falling in love and rooting for her. You will be in shock at the twists and turns her journey takes as she somehow finds herself at the center of a mystery, and must play amateur sleuth to solve it. Fans of books like *Eat, Pray, Love* and *Under the Tuscan Sun* have finally found the cozy mystery series they've been hoping for! Book #3 (*VENGEANCE IN VIENNA*) in the series is now also available!

Weird But True!, Level 1 Lauren Blakely and Lili Valente Books

Scorching heat, laugh-out-loud humor, and swoon-worthy moments abound in this sexy new standalone romance by New York Times and Wall Street Journal bestselling author Melissa Foster. Can you handle DWAYNE WICKED? He's the ultimate player. She wants him to teach her the game in hopes of scoring his cousin. Practices heat up as roommates become teammates and rules are broken. Let the wicked fun begin... No cheating. No cliffhangers. Guaranteed to melt panties and leave readers hopelessly in love with

the sinfully delicious Wicked. About The Wicked: Dark Knights at Bayside Set on the sandy shores of Cape Cod, the Wicked feature fiercely protective heroes, strong heroines, and unbreakable family bonds. If you think bikers are all the same, you haven't met the Dark Knights. The Dark Knights are a motorcycle club, not a gang. Their members stick together like family and will stop at nothing to keep their communities safe. These men are wickedly alpha and intensely loyal, but they are NOT alphaholes.

Lean TPM

Guilford Publications
Merging the benefits of two well-known methodologies, Lean Thinking and Total Productive Maintenance, Lean TPM shows how to secure increased manufacturing efficiency. Based on their experience of working with organisations that have successfully achieved outstanding performance, McCarthy and Rich provide the tools and techniques that convert strategic vision into practical reality. Lean TPM accelerates the benefits of continuous improvement activities within any manufacturing environment by challenging wasteful working practices, releasing the potential of the workforce, targeting effectiveness and making processes work as planned. * Unites world-class manufacturing, Lean Thinking and Total Productive Maintenance (TPM) * Shows how to achieve zero breakdowns * Optimises processes to deliver performance and new products efficiently * Delivers benefit from continuous improvement activities quickly Lean TPM provides a single change agenda for organisations. It will help to develop robust supply chain relationships and to optimise the value generating process. Supported by an integrated route map and comprehensive benchmark data, this book enables engineers, technicians and managers to explore this potent technique fully. * Unites the concepts of world-class manufacturing, Lean and TPM. * Shows how to accelerate the benefits gained from continuous improvement activities. * Includes an integrated route map for Lean TPM, including benchmark data.

Gun Trader's Guide, Forty-Second Edition

Entangled: Scandalous

A brilliant medieval action thriller perfect for fans of Bernard Cornwell, Matthew Harffy and Giles Kristian. It is 1347 and the French, after a crushing defeat at Crécy, are licking their wounds while their king raises a new army. Locked into a fruitless siege, the English are camped in the marshes around Calais. Among them is foot soldier and archer Martin Kemp, whose dreams of serving his king and reliving the chivalrous adventures of King Arthur's Knights of the Round Table are tempered by the gory and brutal reality of siege warfare. Having narrowly escaped death in a surprise attack from the French, Kemp sees a chance for a reprieve when a shaky truce is signed. But can there really be peace for a man like Kemp? Kemp: Passage at Arms is packed with authentic period detail and narrative verve, and cements Jonathan Lunn's reputation as one of the most entertaining historical thriller writers working today.

DEATH IN FLORENCE (A YEAR IN EUROPE—BOOK 2)

McGraw-Hill College

When a Texas school puts on an original play about the Alamo, the students and teachers confront modern conflicts about history, identity, and the meaning of courage.

EFFECTIVE BUSINESS COMMUNICATIONS

Canelo
