The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Studying doctrine for the Christian often feels like watching a construction crew build a foundation. There seems to be a great amount of activity, but the results don't appear visible. Just like the foundation is essential for the stability of a building, studying theology is crucial to the long-term stability of the believer. The goal of this study is to provide you with the basics of biblical doctrine to make sure your foundation is sound. At times this will feel like the difficult work of laying an unseen foundation for a building. At other

times, however, it will feel like we are soaring to great heights as we explore the breadth and length and height and depth of our faith. During the course of this study, we will consider the questions: Why study theology? Who is God? Who am I? What is the church? Where do I go when I die? Why do other people believe differently?

"It was the best of church, it was the worst of church..." [not Charles Dickens] In some ways, the church has a horrendous track record and is deserving of much of the hate, accusation and mistrust it has received. But, in many other ways, the church has also been monumental in affecting great systemic change, being first on the scene in crisis and on the forefront of reaching out to and loving well those considered the least of these. To those of you who believe church is the

worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to have a plan B. We are it! I call this book, 'i, church' because more than a building or a meeting or a list of do's and don'ts, the church is about the people. It is about me. And it is about you. If you love Jesus and have chosen to follow Him, then you are the church. Let's figure out together how to be the best church we can be. "Brett Anderson weaves a picture of the church that is stark and real. He sees through church politics and denominational blinkers and defines the core of what the church is and isn't and what God desires it to be." Is there someone God has laid on your heart that you've been unable to reach with traditional methods? When sharing the gospel with your children, grandchildren, coworkers, and neighbors, does it feel like you are walking in a

foreign land? If you said, yes, you have found your guide. Cheri Cowell reveals the cultural and relational differences making traditional faithsharing ineffective with this current generation, and then provides a solution as ancient as the Scriptures, yet as fresh (and refreshing) as today's news. What is this new/old way? Through a fictional story thread running through each chapter, you will be introduced to an ancient/future way of sharing The Story. Here, you will meet eight people just like those you long to reach with the lifegiving message of Christ, and six people who speak this new language of faith. Alongside these stories, you will also hear The Story retold as it relates directly to the needs of these eight and, likewise, to those in your own life.

In its two-thousand-year history, the Catholic Church remains an unchanging yet developing entity. Since the church's infancy, Catholic theologians have referenced the "deposit of faith," which in early years referred to the written or orally revealed doctrines that formed the backbone of church teaching. Through the centuries, the definition came to be

understood as the word of God, delivered through Jesus Christ and passed on to his apostles. Still, the deposit included both oral and written traditions and provided moral direction. The Second Vatican Council brought about many changes in the church, and once again, bishops and theologians addressed the deposit of faith. This invaluable concept came to be seen, not as mere dogma, but the expression of faith embodied in the words and deeds of Christ. The deposit is relevant to all elements of Catholic life: prayer, sacraments, and moral living. While the deposit has always addressed divine revelation, the post-Vatican II definition directs the faithful to think holistically. Hubert M. Sanders Jr.'s *Deposit of Faith* is intricate Catholic theology for the lay reader. It encourages Catholics to reach beyond dogma and written instructions to embrace the fullness of the Christian experience in all aspects of life.

Called to Believe is an abridgment and condensation of the more comprehensive text, *Called to Believe, Teach, and Confess*. It offers an accessible,

introductory overview of the major doctrines of Christianity. Written from a Lutheran Christian perspective, this book is a helpful resource for those within that tradition and to others who seek a deeper and broader understanding of Christian teaching. Firmly rooted in Scripture, this book directs the reader back to the Bible. It emphasizes the interrelatedness of all Christian teachings, with its central teaching being the doctrine of justification by grace through faith in Jesus Christ. It also includes the text of the three ecumenical creeds accompanied by a brief introduction to their historical background. This book is ideal as an introductory text for university or advanced high school students and for other Christian adults who seek to expand their knowledge of God's revelation and its application in human lives. It introduces and uses classic theological vocabulary and terminology, while offering clear definitions and application. Key terms, study questions, and a glossary help make this a valuable resource. Suggested readings from Scripture, and secondary sources guide the reader into deeper study.

The Doctrine of Sola-Scriptura (Bible Only) teaches that Scripture (the Bible) alone is the sole source of authority for the Christian and the Church. Coined and promulgated by Martin Luther and John Calvin (1500's), this doctrine has become the ground-floor upon which all of the doctrine of Protestant-Christianity has been built. If it can be proven that Sola-Scriptura is in error and that it is an innovation to orthodox Christianity, the entire body of purely Protestant doctrine will be, subsequently, rendered void. Using Scripture itself, reason, and a spoon full of humor, David L. Gray (also called Yoseph Daviyd) brilliantly reduces the doctrine of Sola-Scriptura to absolute absurdity; thus rendering all of Protestantism Dead on Arrival. This book is a must have for all Christians who love sacred Scripture and

desire to use it as God intended. This the Second Edition - The changes to the text from the previous version include additional material, modification to images, and correction of typos.

### **A BRIEF ACCOUNT OF THE RISE AND PROGRESS OF THE PEOPLE CALLED QUAKERS ...**

Westminster John Knox Press

A book of inspired words that have helped Betty through many trials and tribulations. Beautifully written in the first person narrative are many answers to questions we ask of God in our daily prayers. As we sit before the Lord asking direction, may we learn to listen, and gain better understanding inspired by the love God showers upon us.

**Gentle Words to Comfort** Harper Collins  
Initially it was not my intention to write a book, I was just looking for answers. Answers to questions I had after my involvement as an infantry paratrooper with the 101st Airborne during the Vietnam War. And my life after death experience after I was stung by Giant Black Wasps went into anaphylactic shock and flat lined. I suffered a cardiac arrest

and complete repertory failure. I was later able to relate procedures the medical staff used to resuscitate me while I was dead. I don't have to wonder about life after death, I know. Things To Come will give the reader a thorough understanding of what the Bible says and what Christianity means for a believer. The book is divided into six sections; The Covenants, covers God's Covenants, His chosen people and God's will for mankind. The Holy Spirit, whom the Father sent to us after Christ's ascension, details the twelve current ministries of the Holy Spirit in our lives. The Prince of Darkness explains Satan's role in everyday life. Satan is not omnipresent so he cannot possibly involve himself in the daily affairs of eight billion people. God's Providential involvement in everyday life is revealed in the 4th chapter. The Tribulation and the Rapture addresses the final eventual battle between good and evil; Christianity and Islam. The final chapter The Alpha and the Omega specifies the personal relationship a believer has with Christ. Things To Come is a very good book for anyone that desires a deep understanding of Scripture and either does not have the time for daily

reading of Scripture or finds the Bible hard to understand. A word about PTS (PTSD), there is no D, PTS is not a disorder. PTS is a natural reaction of stress experienced after a person is exposed to a traumatic event. Many people suffer from PTS, it can be the result of a rape, an assault, the loss of a spouse, a child, a sibling, witnessing a horrific event or an accident. What makes PTS different for soldiers is that they are subject to frequent traumatic events over a long period of time. People respond differently to traumatic events, some are more resilient than others. Frequency, duration, and the extreme nature of the event all play a role in recovery. A major component of PTS is the moral dissonance we experience. The event can completely destroy our belief system, the ideas we held that made sense of the world we live in. At any point in time we are a summation of what we know and the experiences we have gone through. Events and information change how we see the world and in effect change who we are. A traumatic event can be so life changing that we are in effect a different person and after a traumatic event, the new you. In order to recover from PTS, it is

imperative we reconstruct a new belief system that encompasses our new reality and the new you. In Just War, I (Tom Newman) recount the events that destroyed my worldview and fundamentally changed the person I was. The Company I was with in Vietnam experienced a 97 percent casualties and fatalities. Within my first 30 days in country we had a friendly fire incident that killed eleven and severely wounded nineteen of my fellow troopers. I also witnessed the aftermath of the regular assassination of four year old children. Additionally, when we retook the city of Hue we found the shallow graves of 2,800; judges, doctors, clergy, policeman, and politicians, anyone that could organize a resistance against the communists. It was a very long process for me to make sense of my new realities and the new me. My other book; A Brief History of the Bible' Things To Come, is the information I needed to reconstruct a new worldview based on my experiences and the new person I had become. If you want to get your life back after suffering from PTS, it is imperative you find a new worldview for the new you.

*Jesus Wars* Called to Believe: A Brief Introduction to Christian Doctrine  
 A Brief Introduction to Doctrinal Theology  
 Have you ever wondered if it is possible to be a conservative evangelical Christian and also believe in biological evolution—believe that the Earth is 4.5 billion years old and that human beings share a common ancestor with not only chimpanzees, but also with mice and even earthworms? In *Exploring Faith and Reason*, you will find that it is not only possible, it is an essential element of how many Christians come to more fully appreciate the complexity and the great glory of God's creation. Of course many people—Christians and non-Christians alike—think that Christianity and evolution are opposing concepts. They perceive several specific points of conflict between them. Bruce Glass addresses each of these concerns by citing Scripture and the world's most respected theologians and by the application of reason. Revealed is a deeper and richer understanding of Biblical Scripture and its history. But most importantly, readers will gain a greater appreciation of the power and the capabilities of a living God that transcends

space and time, as this insight is united with the findings of science. Kirkus Reviews described *Exploring Faith and Reason* this way: "Smart, well-informed... lucid, engaging... Glass delivers a superb exposition of Darwinian theory and a meticulous, sharply reasoned discussion of the evidence that supports it. His logic is impeccable when he insists that evolutionary theory does not rule out the existence of God." Tremper Longman III, Ph.D., Robert H. Gundry Professor of Biblical Studies at Westmont College said, "As a non-scientist, I found that *Exploring Faith and Reason* presents an accessible, fascinating, and compelling presentation of evolution. As a biblical scholar, I appreciate Glass' grasp of theological issues and the biblical text. His conclusion that evolution and Christianity are compatible is a crucial message for the church today." Peter Enns, Ph.D., Professor of Christian Studies at Eastern University said, "Glass has provided a thorough look at the evidence and the processes of evolution, along side a compelling case for its compatibility with Christianity. His theological analysis is very sound as he addresses several of the commonly

perceived points of tension between the Christian faith and evolution. For a thorough understanding of these issues, this book is among the very best resources available." Reverend Jordan Ogden, Lead Pastor at Antioch Community Church in Dallas, said: "Mr. Glass tackles a historically controversial topic with finesse. Wherever one may be on the issue of evolution, Glass' superb scholarship and unbiased commentary on issues of faith does not disappoint." Reverend Dr. Kristin Huffman, Associate Pastor at Memorial Drive Presbyterian Church in Houston, said: "Bruce Glass has provided a thought provoking look at the most significant theological issues arising from the advent of evolutionary science. Whatever their conclusions, readers will find Mr. Glass' treatment a welcome reminder of the richness and depth of God's Word, as well as a fresh perspective on God's glorious creation." ForeWord Clarion Reviews described it as, "Well written, thoroughly researched, and honestly fair... The book's thorough and eminently readable scientific explanations provide general science readers with a lucid understanding of this complex subject." Reverend Michael

Dowd, author of Thank God for Evolution, endorsed by six Nobel Prize-winning scientists and by religious leaders across the spectrum, said that, "In Exploring Faith and Reason. Bruce Glass has emerged as a fresh voice for the reconciliation of head and heart. Couched in the language and theology of conservative evangelical Christianity, Mr. Glass' book provides a welcomed bridge between an evidential worldview and traditional Christian conviction. Believers and non-believers alike will find much of value in these pages."

This book will allow you to experience, as you read, what it was like for this woman of God, as she graciously started ministry at just 18 1/2 years old. Elder, Evangelist, Della Clark, has been called, chosen, and appointed by God to go into all the world to preach the Gospel of Jesus Christ. She is equipped and anointed to finish the work that He has called her to do. This book is a great read, and as you peel back each page, you will begin to see, that, on her journey, she has made full proof of the ministry by the power of the Holy Spirit.

Elder, Evangelist, Della Clark, boldly confesses with conviction that "No devil in hell can stop it" because her work and call into the ministry is ordained by God. And I thank Christ Jesus our Lord, who hath enabled me, for that, he counted me faithful, putting me into the ministry; 1Timothy 1:12KJV Authors note... Keep pressing on as you are courageous and free and never held back by fear, intimidation, or defeat. This book is Sally Stanley's incredible journey and amazing testimony of God giving her "The Power To Go On." Stricken with a staph infection which produced large painful sores all over her body, she was rushed into surgery, where the surgeon accidentally severed the main artery to her heart, causing blood to flood her chest cavity, which resulted with her dying on the operating table. This resulted in her "after death or out-of-body experience" and miraculous encounter with The Lord, as He spoke these marvelous words, "You have been chosen by God and your work is not finished."

Upon her immediate restoration, she spent weeks on a ventilator and had several months of physical therapy. Over the next several years, Sally has experienced and recovered from a fractured vertebrae, several strokes, and heart attacks. During this time period she also cared for her husband John, after he experienced seizures and strokes, which finally lead to his death on December 12, 2013. Then in May of 2014, while walking in a pedestrian crosswalk, she was suddenly hit by an automobile, suffering multiple injuries, including a shattered right shoulder and broken neck. Sally tells everyone that over the past 20 years, many miracles have happened in my life, but faith in Christ has given me "The Power To Go On." "I hope that everyone who reads this book will understand that with God, all things are possible. It is so great to know that we have Jesus walking with us each and every day."

We are looking for the grace that God has so graciously given to us to be real in our life... Breaking Pride is an eBook based on one simple truth: In order to walk in God's grace we need to tear down the walls of pride. A lot of believers, even though saved by God's grace, are still
