Organize your office, your home, your life! What’s the favorite four-letter word of people who are less than fully organized? “Help!” So many technological, social, and economic changes affect your life that you need organization just to keep up, let alone advance. Many people have two jobs – one at the office and one taking care of things at home. If you have a family, you may count that as a third job. Caring for elderly relatives or have community commitments? You can count off four, five, and keep right on going. No matter what life stage you’re in, getting organized can make every day better and help you achieve your long-term goals. Organizing For Dummies is for anyone who wants to Polish his or her professional reputation Experience less stress Increase productivity Build better relationships Maximize personal time Organization isn’t inherited. With the human genome decoded, the evidence is clear: DNA strings dedicated to putting things into place and managing your time like a pro are nonexistent. Instead, organization is a learned skill set. Organizing For Dummies helps you gain that skill with topics such as: Understanding how clutter costs you in time, money, and health Training your mind to be organized and developing a plan Cleaning house, room by room, from basement to attic (including the garage) Creating functional space for efficiency and storage Time-management strategies for home, office, and tavel

Scheduling, delegating, and multitasking Making time for your family Managing your health – physical and financial Finding time for love Organizing and cashing in on a great garage sale Getting organized is about unstuffing your life, clearing out the dead weight in places from your closet to your calendar to your computer, and then installing systems that keep the good stuff in its place. Organizing is a liberating and enlightening experience that can enhance your effectiveness and lessen your stress every day – and it’s all yours simply for saying “No” to clutter.

### **CUT THE CLUTTER AND STOW THE STUFF**

Hay House, Inc

\*The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions\* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called döstädning, dö meaning “death” and städning meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In The Gentle Art of Swedish Death Cleaning, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep

(photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

WALLSTREET JOURNAL BESTSELLER Live lighter. Live freer. Live a bigger life with less. In *Declutter Like a Mother*, Allie Casazza comes alongside you to explore: Why decluttering calms anxiety in your heart and lessens tension in your relationships. How to ensure your house is working for you, not against you. Why kids thrive when they're not overwhelmed with options. How to make time, when you feel you don't have time, to declutter. Allie Casazza was tired of feeling it was her against the laundry in her

home. She wondered if somewhere beneath her frantic days and the mountains of toys in the playroom she would ever find joy and peace in motherhood. Then she discovered the abundance . . . of less. As she purged her home of excess stuff, Allie discovered a lifestyle that strengthened her marriage, saved her motherhood, and helped her develop her gifts in a way that no amount of new kitchen appliances or new organizing system ever could. Research studies show a direct link between stress levels and the amount of physical possessions people have in their homes, and Allie has seen that truth play out in her own life and in the lives of hundreds of thousands of other moms she has mentored through her business and online courses. She proclaims: You don't need a home that's perfect. You need a home that's lighter. Discover less stress, more space. Less chaos, more peace. Less of what doesn't matter, so you have room for what matters most of all.

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation

when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.
