 In discourse analysis, discourse means naturally occurring instances of actual communications through language, produced orally, in writing, or through gestured signs. Or through other forms of meaningful symbols, like pictures, or movements, or dress or music. Though I'll focus today on spoken language to make things. 01:40

 Discourse analysis considers how language, both spoken and written, enacts social and cultural perspectives and identities. In this book, James Paul Gee introduces the field and presents his unique integrated approach to it.
 An Introduction to Discourse Analysis: Theory and Method ...
 Critical discourse analysis draws very heavily on semiotics, so it's interested in how words and images create or convey meaning in particular ways. And what critical discourse analysis tries to do is unpack those layers of meaning to understand how different individuals or groups are marginalized or dominated over by other groups in society. 14:06
