Jodi Sampson was a typical girl growing up in a small community by the ocean. She dreamed of falling in love and a life full of good health, great times, and lots of love. Everything seemed to be on track when she married her high school sweetheart. She had some pregnancy troubles, but she hung onto her faith and had two beautiful daughters. But her sense of normalcy vanished when her brother died unexpectedly during her third pregnancy. Despite high levels of stress, she didn't miscarry. She knew from early on, then, that this child, a son she named Michael Francis, was going to be a fighter--a trait that became a double blessing when he was diagnosed with an aggressive brain tumor while still a toddler. Soon, Jodi's own health was threatened, too, but she relied

on exercise, nutrition, and family to help her cope. Join Jodi as she proves that never giving up and relying on faith can lead to *The Face of a Miracle*.

 Are you tapping into the miracles that God promised you? This book will change my perspective of God to see that no matter what the enemy or the world throws at me, He has given me thousands of promises to overcome these obstacles. For forty-five years, Larry and Tiz Huch have been teaching believers how to access the promises God has given in His Word. They have shared keys for activating, receiving, and releasing miracles, and taught principles of faith and prayer to help believers reach God's great destiny for their lives. But in the last three years, the Huchs have gained an even deeper revelation of how to overcome the enemy's attacks and access God's promises as they walked through two life-altering traumas—and two life-altering victories. Both Tiz Huch and the Huchs' seven-month-old grandson, Lion, were diagnosed with aggressive forms of cancer and faced grim prognoses. But God had the last word! In *Miracles by the Moment*,

pastors Larry and Tiz Huch share their journey through one of the most challenging seasons of their lives and how they walked out, moment by moment, the foundational principles of prayer and faith they've lived by and taught for years. Drawing lessons from the Huchs' journey as well as others who walked through different circumstances, this book offers hope and encouragement for those facing various types of challenges—in their families, marriages, finances, careers, or health. Sometimes breakthrough comes in the form of one giant miracle. More often, it comes in the form of thousands of small miracles that add up to huge breakthroughs! We don't have to beg God to help and bless us. He already has! This book will teach readers what God promises us and the steps they can take to enter into those promises.

The willingness of people to believe in magical icons, mystical relics, and miraculous pictures (like the Image of Guadalupe) is almost as curious as these phenomena themselves. Though they cry

out for scientific investigation, millions of people blindly accept them as fact. Historical and paranormal investigator Joe Nickell confronts such strange events, powers, and objects as the Shroud of Turin, bleeding or weeping statues, burning handprints, liquefying blood, ecstatic visions, miraculous cures, and people speaking in tongues in *Looking for a Miracle*. Departing from standard critiques of religion, Nickell carefully investigates the evidence relating to specific claims. Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous.

Andi Grant adores her six-year-old brother, Daniel, a "miracle child" who survived a fall down a mine shaft. People regularly come to him for blessings and healings -- which often seem to work -- but Andi worries about their effects on her brother, especially when she finds signs of a stalker around their home. With the help of her

once-and-maybe-future boyfriend Jeff, she comes up with an audacious, dramatic plan to stop the attention on Daniel: an "Anti-Miracle" that will unravel with the slightest examination of the facts, and cast doubt on his powers forever after. As her plan comes together, the stalker draws closer, and the clock ticks toward Daniel's star appearance at the local Paradise Days celebration, Andi finds herself wrestling with her own beliefs in God and her brother, and wondering if what she really needs is a miracle.

Miracle Creek Steeple Hill

October 17, 2012 started as any other day for Navy airman and fitness trainer Brett Parks until he heard screams for help.

Without hesitation, he ran towards the sound and apprehended the mugger, unaware that the criminal had a gun. Moments later, the attacker fired a devastating shot directly into Brett's body. The bullet shredded Brett's kidney, pierced his intestines, and destroyed several inches of the largest vein in his body. Three sets of surgeons' hands applied pressure inside Brett's open stomach to stop the bleeding while nurses delivered coolers full of blood to the operating room every 15 minutes. As the medical team worked fervently to save Brett's life, his wife received the bleak news that their unborn daughter and young son may grow up without a father. But the God whom Brett had given his life to years before had other plans. After a medical battle that included a 20-day coma, multiple surgeries, and an unexpected amputation, Brett emerged from his coma to begin a long and challenging recovery—medically and spiritually. Miracle Man details Brett Parks recovery as he experienced it and the miracles and greatness of our God in heaven; however, Miracle Man is less about Brett and more about what God has

done through his story. Miracle Man: A Bullet that Ignited a Purpose-Filled Life shows readers how to: • prepare (by doing what God puts in front of you), • set goals (by being who God wants you to be), and • never give up (because God has a purpose for your life that only you can fulfill).

When You Need a Miracle Loyola Press

"It was in the year of 1945 on a cold morning, the third day, in the month of March. A little boy was born as the wind blew against the hogan with bitter colds and the stars were disappearing into the heaven." So begins the story of Broneco, a Navajo boy who tells of his search for a miracle. Through that telling we learn a new perspective on language and life. In *Miracle Hill*, Blackhorse Mitchell presents the unforgettable account of a boy's struggle to learn which would be for him a miracle in the face of handicaps most people would call insurmountable. Under the guidance of a teacher determined to help him pursue that miracle, he records his life from birth to the dawn of manhood: herding family sheep, living at a boarding school, encountering whites for the first time, journeying home, and finally enrolling in the Institute of American Indian Arts in Santa Fe, where his talent was encouraged. *Miracle Hill* is written in a distinctively personal style, without strict adherence to orthodox grammar that would have robbed Mitchell of his true

voice. Filled with unforgettable characters and brimming with insights into Navajo ways and family relationships, it is a book that crosses cultural barriers and speaks to the miracle-seeker in us all.

In February of 2009, Shannon and Paul Morell were especially eager to bring a new life into the world. After years of infertility and miscarriages they had, in 2006, finally scrimped and saved enough to have in vitro fertilization. The result? Two dear daughters had been born, and six precious embryos had been frozen. They counted the days until they could transfer the six remaining embryos. Until the fateful day of February 17, 2009, when the clinic called. "The doctor would like to you to come in today..." Shannon writes, "Face to face with the doctor, I noticed that his face was gravely serious. 'There's been a terrible incident in our lab,' he said. 'Your embryos have been thawed.' A pause, as we both exchanged disbelieving looks, and he went on.... 'Your embryos have been transferred into another woman.'" The Morells have a story to tell. A cautionary tale of medical errors, unexpected miracles, sincere mourning, and grateful bonding with their son. Amazingly, theirs is also a story of joy-filled thanksgiving . . . a story of life—life that is precious, sacred, and treasured.

West German Industrialists and the Making of the Economic Miracle investigates the

mentality of post-war German (heavy) industrialists through an analysis of their attitudes, thinking and views on social, political and, of course, economic matters at the time, including the 'social market economy' and how they saw their own role in society, with this investigation taking place against the backdrop of the 'economic miracle' and the Cold War of

the 1950s and 60s. The book also includes an assessment of whether the self-declared, new 'aristocracy of merit' justified its place in society and carried out its actions in a new spirit of political responsibility. This is an important text for all students interested in the history of Germany and the modern economic history of Europe.
