From the author of the international best seller *An Instance of the Fingerpost*, *Arcadia* is an astonishing work of imagination. In Cold War England, Professor Henry Lytten, having renounced a career in espionage, is writing a fantasy novel that dares to imagine a world less fraught than his own. He finds an unlikely confidante in Rosie, an inquisitive young neighbor who, while chasing after Lytten's cat one day, stumbles through a doorway in his cellar and into a stunning and unfamiliar bucolic landscape—remarkably like the fantasy world Lytten is writing about. There she meets a young boy named Jay who is about to embark on a journey that will change both their lives. Elsewhere, in a dystopian society where progress is controlled by a corrupt ruling elite, the brilliant scientist Angela Meerson has discovered the potential of a powerful new machine. When the authorities come knocking, she will make an important decision—one that will reverberate through all these different lives and worlds.

Oswaal Books and Learning Private Limited
SHORTLISTED for the 2011 Man Booker Prize for Fiction A thrilling and powerful novel about a young boy lured to sea by the promise of adventure and reward, with echoes of *Great Expectations*, *Moby-Dick*, and *The Voyage of the Narwhal*. *Jamrach's Menagerie* tells the story of a nineteenth-century street urchin named Jaffy Brown. Following an incident with an escaped tiger, Jaffy goes to work for Mr. Charles Jamrach, the famed importer of exotic animals, alongside Tim, a good but sometimes spitefully competitive boy. Thus begins a long, close friendship fraught with ambiguity and rivalry. Mr. Jamrach recruits the two boys to capture a fabled dragon during the course of a three-year whaling expedition. Onboard, Jaffy and Tim enjoy the rough brotherhood of sailors and the brutal art of whale hunting. They even succeed in catching the reptilian beast. But when the ship's whaling venture falls short of expectations, the crew begins to regard the dragon—seething with feral power in its cage—as bad luck, a feeling that is cruelly reinforced when a violent storm sinks the ship. Drifting across an increasingly hallucinatory ocean, the survivors, including Jaffy and Tim, are forced to confront their own place in the animal kingdom. Masterfully told, wildly atmospheric, and thundering with tension, *Jamrach's Menagerie* is a truly haunting novel about friendship, sacrifice, and survival.
