J. S. Dewes continues her fast paced,  
science fiction action adventure series,  
the Divide, with The Exiled Fleet, where  
The Expanse meets The Black  
Company—the survivors of The Last  
Watch refuse to die. The Sentinels

narrowly escaped the collapsing edge of  
the Divide. They have mustered a few  
other surviving Sentinels, but with no  
engines they have no way to leave the  
edge of the universe before they starve.  
Adequin Rake has gathered a team to  
find the materials they'll need to get  
everyone out. To do that they're going to  
need new allies and evade a ruthless  
enemy. Some of them will not survive.

### One Day All This Will Be Yours

Jabberwocky Literary Agency, Inc.

There's a dead body in Miki St. John's vintage Pontiac GTO, and he has no idea how it got there. After Miki survives the tragic accident that killed his best friend and the other members of their band, Sinner's Gin, all he wants is to hide from the world in the refurbished warehouse he bought before their last tour. But when the man who sexually abused him as a boy is killed and his remains are dumped in Miki's car, Miki fears Death isn't done with him yet. Kane Morgan, the SFPD inspector renting space in the art co-op next door, initially suspects Miki had a hand in the man's murder, but Kane soon realizes Miki is as much a

victim as the man splattered inside the GTO. As the murderer's body count rises, the attraction between Miki and Kane heats up. Neither man knows if they can make a relationship work, but despite Miki's emotional damage, Kane is determined to teach him how to love and be loved--provided, of course, Kane can catch the killer before Miki becomes the murderer's final victim.

Davinal'd walked into an alley where death awaited me. Terrified under the brittle moon, I'd been left behind as blood swept into the pristine snow. I'd closed my eyes and waited for the afterlife, welcoming it. Death had never come for me, but it ended the life I once

knew. Now, I lived in fear, running from a world ruled by vicious men. An organized world where power and violence had no limit. And I was in the middle of it all. It'd led me to him, Ilias. But in this world, my nightmare was etched in the face of every man I stumbled upon. I didn't trust anyone, but my heart trusted him. Even while my mind kept a bullet between us. Ilias I was given an assignment, an order. Failure wasn't an option. Not when it meant her, Davina. But how could I keep her alive? I was no hero. Just a man dressed as one, with a heart as corrupted as the same men I grew up with.

Let me list the reasons why we cannot be together... He is ten years older than me. He is practically family. And he is

also my father's business associate. Amelia Edwards, the daughter of mogul Lex Edwards, is beginning her adult life. Away from home, she's studying law at Yale and has the freedom of doing whatever she pleases without her controlling father watching her every move. Family always comes first in the Edwards' household. So, when her aunt insists Amelia visit her son, Will Romano, she does so out of obligation. The last time she saw him was years ago. But how terrible could it be? They had spent countless summers together, and her parents often referred to him as a son. What she didn't expect was a devastatingly sexy man-that is, if you can see past his cocky behavior. Will is an arrogant CEO with only one thing on his mind-becoming the next billionaire.

The rules are simple-they need to keep the affair hidden from their families. Everything goes smoothly until Will is offered something he can't refuse. Lex Edwards is going to make Will a billionaire, and all he needs to do is give up the one thing money can't buy... *Slipstream Time Hacking* Hemkunt Press

Welcome to Supremacy Games! The greatest entertainment platform in the universe that was created specifically to entertain and ease the boredom of the commoners all around the universe. The platform was made out of tens of formats, each containing hundreds of deadly games that allowed the use of elemental abilities. Sports format had games, like football, rugby, track running, and many more of such sports. Battles format had games, like battle

royals, bounty hunt, points collection...etc There was even a lifestyle competition format, that had games like potion concoctions, fishing...etc. As long as a game was well received by the spectators, it would be added to the Supremacy Games platform. The Universal Virtual Reality that had 100% realism, made it easy for those games to be hosted inside it, and watched on a daily basis by every spectator in the universe. Whether live by entering the UVR and attending the stadiums, or through a live stream. Felix Maxwell was just an average joe, who wasn't really a popular player nor had a fanbase to support him in the games. He was just like the majority of the players. Add on, whose role was to make famous players shine even brighter. However, his fate

was completely changed after joining a clan mission with 54 other clanmates. The mission was completed successfully. But, on their way back to the clan, their spaceship radar picked up a large amount of energy coming from a destroyed planet. His fate flipped upside down inside that said planet. What happened exactly on it? How did he end up after leaving it? Did he even leave it in the first place? ..... PS: This novel isn't a space exploration novel (Not in the first 8 volumes at least). It's mostly focused on the Universal Virtual Reality and the 'Supremacy Games' as the name implies, with some real-life situations as well of course!

From the celebrated poet, speaker, and educator comes a powerful blueprint for healing by building a home within yourself. In her debut book of inspiration, poet Najwa Zebian shares her revolutionary concept of home - the place of safety where you can embrace your vulnerability and discover your self-worth. It's the place where your soul feels like it belongs, where you are loved for who you are. Building your home inside yourself - and never experiencing inner homelessness again - begins here. In *Welcome Home*, Zebian shares her story for the first time, powerfully

weaving memoir, poetry and deeply resonant teachings into her storytelling, from leaving Lebanon at sixteen, to coming of age as a young Muslim woman in Canada, to building a new identity for herself as she learned to speak her truth. After the profound alienations she experienced, she learned to build a stable foundation inside herself, an identity independent of cultural expectations and the influence of others. With practical tools and prompts for self-understanding, she shows you how to build each room in your house, which form a firm basis for your self-worth, sense of belonging and happiness. Welcome Home provides the life-changing tools for building that inner space of healing and solace.

Pepper has been hopelessly in love with her best friend's brother, Hunter, for, like, ever. He's the key to everything she's always craved: security, stability, family. But she needs Hunter to notice her as more than just a friend. Even though she's kissed exactly one guy, she has the perfect plan to go from novice to rock star in the bedroom: take a few pointers from someone who knows what he's doing. Her college roommates have the perfect teacher in mind. But bartender Reece is nothing like the player Pepper expects. Yes, he's beyond gorgeous, but he's also dangerous and

deep—with a troubled past. Soon what started as a lesson in attraction is turning both their worlds upside down, and showing them just what can happen when you go past foreplay and get to what's real. . . .

When the witch built the forty-flight tower, she made very sure to do the whole thing properly. Each flight contains a dreadful monster, ranging from a diamond-scaled dragon to a pack of slavering goblins. Should a prince battle his way to the top, he will be rewarded with a golden sword--and the lovely Princess Floralinda. But no prince has managed to conquer the first flight yet, let alone get to the fortieth. In fact, the supply of fresh princes seems to have quite dried up. And winter is

closing in on Floralinda...

Necromancer Eric Carter has to face the nightmares of his past if he's ever going to have a future in Stephen Blackmoore's brutally dark urban fantasy series... Eric Carter has lived a life few could imagine. Or want. He's raised the dead, been dead, become, battled, and buried a few gods, been forced to slaughter countless thousands out of desperate necessity, and is currently inhabiting the exhumed corpse of his own dirty rotten bastard grandfather. So, when it comes to revisiting his past, he's not exactly eager. But he'd better get real eager, real fast. Eric has received a mysterious call from Las Vegas. A call from one of his own dreadful creations known as the Oracle. It wasn't easy to

make, what with having to saw a guy's head off and all. And it isn't easy to control, what with it being able to manipulate the future. And that's the problem. Because now, it's not only affecting the future. It's changing the past. For the worse. And if Eric can't reunite a team of his worst associates to get the Oracle back, the world is literally going to hell.

When Matthias Phillips imagined the new caretaker for his mother with ALS, the last thing he had in mind was a gorgeous twenty-something who didn't look like she had a day of experience in the field. However, his mother has always been stubborn, and despite his objections, she's insistent: it's Adelaide Samson she wants him to hire. After losing her job,

Adelaide needs a new gig to continue supporting her family, even if that means working for overprotective and rude Matthias. Once she earns his trust, though, she gets to see a whole other side of him--a funny, sweet, and sensitive side. A side she might start to like. Feelings take hold, but soon, Adelaide must choose between helping Helen with a secret task or being honest with Matthias. Caught between the woman who feels like a second mother and the man she's falling for, Adelaide must navigate the murky waters of a job that has started to feel like home.

Architecture and Modern Literature explores the representation and interpretation of architectural space in

modern literature from the early nineteenth century to the present, with the aim of showing how literary production and architectural construction are related as cultural forms in the historical context of modernity. In addressing this subject, it also examines the larger questions of the relation between literature and architecture and the extent to which these two arts define one another in the social and philosophical contexts of modernity. Architecture and Modern Literature will serve as a foundational introduction to the emerging interdisciplinary study of architecture and literature. David Spurr addresses a broad range of material, including literary, critical, and philosophical works in English, French, and German, and

proposes a new historical and theoretical overview of this area, in which modern forms of "meaning" in architecture and literature are related to the discourses of being, dwelling, and homelessness.

"Pure delicious pleasure! This witty romance is full of toe-curling chemistry, slow-burn fun, and gasp-worthy plot twists. The drop-everything read of the year!" New York Times bestselling author Annika Martin Sunshine PA, meet Grumpy Boss... When fanfic writer Aaron Page landed a temp job with the creator of hit TV show, *Leeches*, it was only

meant to last a week. Three years later, Aaron's still there... It could be because he loves the creative challenge. It could be because he's a huge *Leeches* fanboy. It's definitely not because of Lewis Hunter, his extremely demanding, staggeringly rude...and breathtakingly gorgeous boss. Is it? Lewis Hunter grew up the hard way and fought for everything he's got. His priority is the show, and personal relationships come a distant second. Besides, who needs romance when you have a steady stream of hot men hopping in and out of your bed? His only meaningful relationship is with Aaron, his chief confidante and indispensable assistant. And no matter how appealing he finds Aaron's cute boy-next-door charms, Lewis would never risk their professional

partnership just to scratch an itch. But when Lewis finds himself trapped at a hilariously awful corporate retreat, Aaron is his only friend and ally. As the professional lines between them begin to blur, their simmering attraction starts to sizzle ... And they're both about to get burned.

From Wall Street Journal bestselling author Giana Darling comes an enemies to lovers, forbidden romance between an ice cold lawyer and her infamous mafioso client who is on trial for murder... I am the villain of my own story... Jilted by my fiancé. A disappointment to my family. Haunted by my childhood traumas. I felt so much all my life that I resolved to feeling nothing at all. Until I met my match. As the most infamous mafioso of the 21st century, Dante Salvatore was madly passionate, unequivocally bad, and entirely too dangerous to know. He was everything I abhorred, yet I found myself

representing him in the biggest criminal trial of the decade. I was so focused on winning and achieving the success I deserved that I didn't notice the gorgeous black-eyed man's effect on me until it was too late. My icy heart had been held too close to his flame and now I wouldn't let Dante go down without fighting with everything I had in me. Even if the cost of a new life with him meant the loss of my old life and everything I thought I held dear. \*Book One in the Anti-Heroes in Love Duet.\*

The novel coronavirus SARS-CoV-2, which causes the disease known as COVID-19, has infected people in 212 countries so far and on every continent except Antarctica. Vast changes to our home lives, social interactions, government functioning and relations between countries have swept the world in a few months and are difficult to hold in one's mind at one time. That is why a collaborative effort such as this edited, multidisciplinary collection is needed. This book confronts the vulnerabilities and interconnectedness made visible by the pandemic and its consequences, along with the legal, ethical and policy responses. These include vulnerabilities for people who have been harmed or will be harmed by the virus directly and those harmed by measures taken to slow

its relentless march; vulnerabilities exposed in our institutions, governance and legal structures; and vulnerabilities in other countries and at the global level where persistent injustices harm us all. Hopefully, COVID-19 will force us to

deeply reflect on how we govern and our policy priorities; to focus preparedness, precaution, and recovery to include all, not just some. Published in English with some chapters in French.
