## **UPSC MAINS HISTORY SOLVED PAPERS (2002-2012)**

Testbook.com

A Military History of India since 1972 is a definitive work of military history that gives the Indian military its rightful place as a key contributor to Indian democracy. Arjun Subramaniam offers an engaging narrative that combines superb storytelling with the academic rigor of deep research and analysis. It is a comprehensive account of India's resolute, responsible, and restrained use of force as an instrument of statecraft and how the military has played an essential role in securing the country's democratic tradition along with its rise as an economic and demographic power. This book is also about how the Indian nation-state and its armed forces have coped with the changing contours of modern conflict in the decades since 1972. These include the 2016 "surgical" or cross-border strikes by the Indian Army's Special Forces across the line of control with Pakistan, the face-off with the Chinese at Doklam in 2017 and in Ladakh in 2020, the preemptive punitive strikes by the Indian Air Force against terrorist camps in Pakistan in 2019, and the large-scale aerial engagement between the Indian Air Force and the Pakistan Air Force the following day. These conflicts also include the long-running insurgencies in the northeast, terrorism and proxy war in Jammu and Kashmir, separatist violence in Punjab, and the Indian Peacekeeping Force's

intervention in Sri Lanka. The author also includes a chapter on the development of India's nuclear capabilities. Arjun Subramaniam enlivens the narrative with a practitioner's insights amplified by interviews and conversations with almost a hundred serving and retired officers, including former chiefs from all three armed forces, for an in-depth exploration of land, air, and naval operations. The structure of the book offers readers a choice of either embarking on a comprehensive and chronological examination of war and conflict in contemporary India or a selective reading based on specific time lines or campaigns.

A History of Modern India Testbook.com History of Modern India presents an authoritative overview of the history of what was known as British India. The text is largely based on the author's research on nationalism and colonialism in India and also draws from the works of eminent historians of the period. Challenging and revising colonial and nationalist interpretations of history, this book moves away from a largely political narrative to a social, economic and religious history of modern India. It explains how conditions in India during the eighteenth century helped the British East India Company establish its rule in India. It also gives us important insights into the primary aim of colonial rule which was the economic exploitation of India through trade and investment. The topics are arranged thematically in order to showcase the various forces that went into the making of independent India. However, in the entire arrangement of themes, the chronology of the period is enmeshed innovatively with the various forces that evolved both as a cause and

effect of British imperialist rule of the subcontinent. The book also provides a detailed account of the nationalist movement and introduces us to the contributions of different individuals who were behind the nationalist movement. A comprehensive textbook for students of history and interested readers, History of Modern India is essential reading for a broad based understanding of the making of modern India.

### MODERN INDIAN HISTORY

Red Turtle

With nearly 1 billion citizens, India is the second most populous nation in the world. Its conflict with Pakistan over Kashmir and tensions between the many ethnic groups that populate India today find frequent mention in Weste.

### HISTORY OF MODERN INDIA

Berghahn Books

The book 'History of Modern India TextGuide' is not just a narrative of Modern India; it focuses on all the important personalities along with the events that continue to be relevant in contemporary India and that shaped India's history. It covers all aspects and topics that have increasingly become important for the UPSC Civil Services Examination in the past years. Disha's TextGuide are prepared with a Paanch ka Punch - Tothepoint syllabus Coverage, Expert's Advice, Examoriented, Linkage to other subjects and student Friendly presentation. The book is powered with 'Expert's Advice'

where the author directly addresses, guides and instructs the student using his expert knowledge. This will help student understand which sections are most important, what can be asked in future, and what should not be skipped strictly from exam pointofview. Such inputs are available across the book in every Chapter. The Chapters are written chronologically, for each separate theme, making it easier to read and cover all topics mentioned in the UPSC CSE Syllabus. Holistic coverage of every topic mentioned in the UPSC CSE Syllabus from the point of view of Prelims as well as Mains Examination. Extensive use of Mindmaps, Timelines and Maps to explain interlinkages among the topics. Inclusion of Previous Year questions at the end of every chapter. Separate Chapters on important themes like Role of Indian Women in the Freedom Struggles, Tribal Movements and Peasant Movements etc. Emphasis has been given to the Indian Society in particular. All content is given in a lucid language and wellstructured format. This book is undoubtedly a onestop solution for Modern Indian History! The book is also beneficial for other UPSC Examinations such as CAPF, CDS and IES and other State PCS Examinations.

Oxford University Press, USA

This is the second, amended and enlarged edition of a familiar standard work, first published in 1958. Like its predecessor, it describes the open conflicts of the Reformation from Luther's first challenge to the uneasy peace of the 1560s. Reforming movements in all the principal countries are discussed against the background of constitutional development and the political struggles of the ruling dynasties.

Europe's relations with the outside world are given due prominence. The second edition incorporates the results of some thirty years of further research and fills some of the gaps, especially in the history of central Europe, which beset the first edition. All chapters that remain from 1958 have been revised, some very substantially, while other contributions are wholly new. The only other volume of The New Cambridge History planned to appear in a second edition is Volume I: The Renaissance scheduled for 1991.

*Logic and Computer Design*

*Fundamentals* Cambridge University Press

It is one of the bestselling books on Modern Indian History covering the time line from 1707 to the modern times. The book covers the entire gamut in a very unique style- it mentions not only factual data about various topics but also provides information about different interpretations put forth by Western and Indian historians, with an integrated analysis. This makes the book equally useful for undergraduate students of History and aspirants appearing for various competitive examinations

### **Philosophy in the Modern World**

University Press of Kansas

Rapid economic growth has put India at the centre of current debates about the future of the global economy. In this fully revised and updated text, B. R.

Tomlinson provides a comprehensive and wide-ranging account of the Indian economy over the last 150 years. He sets arguments about growth, development and underdevelopment, and the impact of imperialism, against a detailed history of agriculture, trade and manufacture, and the relations between business, the economy and the state. The new edition extends the coverage right up to the present day, and explains

how one of the largest countries in the world has sought to achieve economic progress and lasting development, despite institutional weaknesses, rigid structures of political and social hierarchy, and the legacy of colonialism. *The Economy of Modern India* IAS EXAM PORTAL

Featuring a strong emphasis on the fundamentals underlying contemporary logic design using hardware description languages, synthesis and verification, this text focuses on the ever-evolving applications of basic computer design concepts.

A History of India John Wiley & Sons  
*A Concise History of Modern India*  
Cambridge University Press

This volume addresses the power of ideas in the making of Indian political modernity. As an intermediate history of connections between South Asia and the global arena the volume raises new issues in intellectual history. It reviews the period from the emergence of constitutional liberalism in the 1830s, through the swadeshi era to the writings of Tilak, Azad and Gandhi in the twentieth century. While several contributions reflect on the ideologies of nationalism, the volume seeks to rescue intellectual history from being simply a narration of the nation-state. It does not seek to create a 'canon' of political thought so much as to show how Indian concepts of state and society were redrawn in the context of emergent globalized debates about freedom, the constitution of the self and the good society in the late colonial era. In so doing the contributions here resituate an Indian intellectual history that has long been eclipsed by social and political history. These essays were originally

published in a Special issue of the journal *Modern Intellectual History* (CUP, April 2007).

[A Children's History of India](#) Facts on File

This volume brings together new research on a variety of themes related to ancient and early medieval India like gender, archaeology, religion, landscapes, and literature.

[A Brief History of India](#) Disha Publications

### **A Brief History of Modern India**

Cambridge University Press

Tremendous Progress Has Been Made In India During The Modern Period. British Rule Unified India, Gave New Ideals Of Parliamentary Government And Established Factories, Railways, Telephone, Etc. Due To Development Of New Scientific Weapons And Impact Of Industrial Revolution, East India

Company Was Able To Defeat Indian Powers And Succeeded In Establishing British Rule In India, Burma And Ceylon. In 1857, Great Rebellion Took Place Which Ended Rule Of East India Company And British Parliament In The Name Of Queen And King Began To Rule All Over India Through The Secretary Of State For India And The Viceroy Of India. The Book Is Divided Into Two Parts. Part I Deals With Anglo-French Wars, Maratha And Sikh Wars And Wars With Other Small Powers And Role Of Different Governor Generals Such As Clive, Warren Hastings, Cornwallis, Wellesley, Hastings And Dalhousie Etc. Socio-Religious Movements Took Place During This Period And Brahmo Samaj Was Established By Raja Ram Mohan Roy, Arya Samaj By Swami Dayanand, Ram Krishna Mission By Swami Vivekanand. Reform Movements Of Muslims And Sikhs Also Took Place. Part II Of The Book Deals With The Constitutional Developments And Nationalist Movement And The Role Played By The Eminent Leaders During This Period. Ultimately, India Became Free On 15Th August, 1947, And Constitutional Parliamentary Government Was Established And India Became The Largest Democracy Of The World. India Was Divided, Pakistan Came Into Existence, Which Gave Rise To Conflicts Between These Two Powers. Though In 1971, Pakistan Was Divided And Bangladesh Came Into Existence But Conflict Is Still Continuing. After Independence, India Has Made Great Progress And She Is Now One Of The Mightiest Powers On Earth With Nuclear Weapons And Viable Economy. From 1947 To 2002 Tremendous Progress Has Been Made In Scientific Inventions, Art, Literature And In Other Social Aspects Which Have Been Described In

Brief. Unfortunately, Modern History Of India Has Been Written By British Writers With Imperialist Point Of View. In This Book An Attempt Has Been Made To Give Objective Outlook.

*History of Modern India* John Wiley & Sons

Here is the concluding volume of Sir Anthony Kenny's monumental four-volume history of philosophy, the first major single-author narrative history to appear for several decades. Here Kenny tells the fascinating story of the development of philosophy in the modern world, from the early nineteenth century to the end of the millennium. Alongside extraordinary scientific advances, cultural changes, and political upheavals, the last two centuries have seen some of the most intriguing and original developments in philosophical thinking, which have transformed our understanding of ourselves and our world. In the first part of the book, Kenny offers a lively narrative introducing the major thinkers in their historical context. Among those we meet are the great figures of continental European philosophy, from Schopenhauer, Kierkegaard, and Nietzsche to Heidegger, Sartre, and Derrida; the Pragmatists such as C.S. Pierce and William James; Marx, Darwin, and Freud, the non-philosophers; and Wittgenstein and Russell, friends and colleagues who set the agenda for analytic philosophy in the twentieth century. Kenny then proceeds to guide the reader lucidly through the nine main areas of

philosophical work in the period, offering a serious engagement with ideas and arguments about logic, language, epistemology, metaphysics, ethics, aesthetics, politics, and the existence of God.

*Ancient India* Cambridge University Press  
Written in an easy-to-understand language, this informative and well-written textbook provides an interpretive and comprehensive account of the history of modern India from 1707 to the present day. Organised into 44 chapters

in two parts, the textbook commences with a discussion on the decline and disintegration of the Mughal Empire and walks us through the advent of Europeans and the phases of British imperialism. It also provides a detailed discussion on the important aspects of Indian National Movement introducing contributions of prominent leaders of the Movement. It is fortified with questions at the end of each chapter to help students prepare for the examinations. Besides the students of History and Law, this textbook would also be of immense value to the aspirants of various competitive examinations, especially IAS, PCS and NET

*Landmarks in the History of Modern Indian Education* Springer

This new edition of Burton Stein's classic *A History of India* builds on the success of the original to provide an updated narrative of the development of Indian society, culture, and politics from 7000 BC to the present. New edition of Burton Stein's classic text provides a narrative from 7000 BC up to the twenty-first century. Includes updated and extended coverage of the modern period, with a new chapter covering the death of Nehru

in 1964 to the present. Expands coverage of India's internal political and economic development, and its wider diplomatic role in the region. Features a new introduction, updated glossary and further reading sections, and numerous figures, photographs and fully revised maps. Part of The Blackwell History of the World Series. The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past, for every curious person in every part of the world. It will comprise some two dozen volumes, of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history (in the broadest sense) as well as to institutional development and political change. Each provides a systematic account of a very large subject, but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership, and the accessibility of its volumes is matched by the style of presentation and production.
